GIVING LIFE COLOUR

We design and produce high-quality auto refinishing products since 1982.

HB BODY has been at the forefront of designing and producing top-tier auto refinishing products. Our commitment to excellence and innovation has established us as a trusted name in the industry. With a focus on quality and performance, we develop products that meet the highest standards, ensuring superior results for automotive professionals and enthusiasts alike.

TIMELINE

1982	ILIAS VASSILIADIS S.A. is founded
1986	First exports to France and the Middle East
1988	First participation in Automechanika Expo, Frankfurt
1991	Logistics Center in Athens
1993	First exports to Russia
1996	First semi-automatic production line
1999	First exports to USA & Subsidiary in Bulgaria
2000	First fully automatic production line
2001	Subsidiary in the UK
2002	Renamed as HB BODY S.A.
2005	Can manufacturing factory & Logistic warehouse
2009	First Exports to Africa
2010	Can metal-printing factory
2012	Subsidiary in Spain
2018	Presence in 75 countries
2022	40 years of HB BODY Automotive Refinish

OUR VISION

Our vision is to keep serving the global market's ever-increasing needs, providing our customers with technologically advanced products at reasonable prices. Driven by a true passion for effectiveness and innovation, we are committed to offering car professionals and end users alike, all the necessary tools, allowing them to take the lead in their daily business and providing them with the highest-quality results.

OUR FACILITIES

We boast a vast expanse of facilities, spanning an impressive 130,000 square meters. Through state-of-the-art manufacturing plants, equipped with cutting-edge machinery and technology, and Research & Development labs, that serve as hubs of innovation, we develop advanced formulations and explore new technologies.

Moreover, our well-organized storage warehouses ensure prompt deliveries and meet the diverse needs of our clientele. Overall, our infrastructure underscores our dedication to delivering superior products and services, maintaining the lead in the coatings industry and beyond.

OUR PEOPLE

We make it happen together.

At HB BODY, people are always behind the wheel, driving our success and innovation. We are passionate team players who strongly believe that our achievements are a direct result of our dedicated and talented crew.

Our philosophy revolves around fostering an environment where professionals can grow and thrive. We are committed to providing continuous training and development opportunities, ensuring our team members are equipped with the latest skills and knowledge.

We understand that our success is a shared journey. Every milestone we reach and every innovation we introduce is a testament to the collective efforts of our exceptional team. As we continue to move forward, we remain dedicated to supporting our people, empowering them to grow together, and celebrating their contributions to our ongoing success.

RESEARCH & DEVELOPMENT (R&D)

We believe in the power of innovation.

Our restless R&D department is the driving force behind HB BODY Group's innovation and technological advancements.

Playing a crucial role in the development of new products, technologies, and formulations, the department holds a pivotal role in meeting the ever-evolving needs of the industry.

After all, extensive research, experimentation, and testing, is the only road to progress. We explore novel materials, refine existing ones, and develop cutting-edge techniques, to enhance product performance, durability, and environmental sustainability.

By staying at the forefront of technological advancements, the R&D department enables the group to maintain a competitive edge within the market.

ENVIRONMENTAL
RESPONSIBILITY

Embracing
sustainability
in our operations.

Recognizing the importance of minimizing our ecological footprint, we have implemented sustainable practices across all aspects of our operations.

We recycle solvents, containers and other packaging materials and carry out regular emission measurements. Energy-efficient technologies are employed in manufacturing facilities, we use natural light daily and have already proceeded with dense tree planting in all areas of the company. Furthermore, we use FCS and PEFC-certified paper (sourced from sustainable forests) for printing and labelling as part of our “Think before you print” policy. We reduce waste, contribute positively to the environment and inspire others in the industry to embrace sustainable approaches.

CERTIFICATES
& AWARDS

1	ISO 9001 QUALITY MANAGEMENT SYSTEM CERTIFICATION	SINCE 1998
2	ISO 14001 ENVIRONMENTAL MANAGEMENT SYSTEM CERTIFICATION	SINCE 2023
3	ISO 45001 OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM CERTIFICATION	SINCE 2023
4	TRUE LEADER ICAP AWARD	2012 / 2013 / 2017 / 2019 / 2022

10 REASONS TO PARTNER WITH US

- 1 Family-owned and administered with high professional standards.

We maintain the same values, qualities, and foundations, that made us stand out right from the start.
- 2 In-depth know-how

We “know the business” inside out. After decades of successful presence in the industry, this is not a claim, it’s a fact.
- 3 Top-notch products & services

All our products are produced in the EU, with top-notch raw materials, after applying the strictest quality tests. You will be as happy and proud using them, as we are producing them.
- 4 Full product list

We offer the widest range of products in Europe, with an impressive production capacity of about 270 tons daily. Numbers speak for themselves.
- 5 Innovation

We are at the forefront of technological advancements, constantly pushing the boundaries of coatings innovation, and introducing cutting-edge solutions that meet evolving industry needs.
- 6 Customization

We fully customize our products and their properties to your needs, depending on your geographical location and the local market’s demands.
- 7 After Sales Support

We are always by your side, supporting you in every possible way, everywhere, anytime.
- 8 Fast & effective service

No matter how complex or demanding an order is, we deliver excellent results, fast.
- 9 Training

We believe that knowledge is for sharing. We regularly host training seminars, in our headquarters in Greece, Bulgaria and the UK, while we also offer online and on-site training options for those living elsewhere.
- 10 Long-term commitments

We think of you as cherished members of our extended family, an integral part of this ongoing journey! Together we move on, set new goals, and set off to form an even greater future.

COLOR SOLUTIONS MIX SYSTEM

Mixing systems with thousands of shades and formulas, for accurate colour matching and precision. The perfect solution for every paint store and body shop.

Basecoat Mix System

1K solvent-based acrylic mix system made of high-quality components (resins, pigments and flakes).

FEATURES

Basic solid, metallic tinters, toners, pearls and Xirallic® pearls.

TOOLS

Colour matching software, spectrophotometer, hand-sprayed colour index, 96 positions mixing machine, weight balance.

COLOUR RANGE

Thousands of constantly updated shades and formulas.

See more in the detailed table
(REF, COLOUR, SIZE, UNITS)

Colour Index

Colour cabinet with hand-sprayed colour decks and more than 15,000 shades, constantly updated throughout the year, hence speeding up the procedure and accuracy. Including both Basecoat and 2K Acrylic Systems shades.

Thinners & Additives

Specially designed thinners / reducers, normal and slow, and additive for optimized colour application and seamless blending.

96 Positions Mixing Machine

Modern design, robust and low noise mixing machine. Easy assembly, stable and reliable performance. Comes with a user-friendly workbench for improved practicality. Suitable to accommodate Basecoat and 2K Acrylic Mix Systems.

Dimensions: H. 201 cm / W. 233 cm / D. 50 cm
18 cans of 1L / 4 shelves,
12 cans of 4L / 2 shelves

Basecoat Exclusives

Basecoat Exclusives Series
is where innovation meets
automotive artistry.

Our series of special effect colours is designed to transform any vehicle into a stunning masterpiece, showcasing cutting-edge technology and unmatched craftsmanship.

If you're looking for a sleek metallic gleam, a vibrant pearlescent glow, or an intriguing colour-changing effect, our meticulously formulated basecoats delivers exceptional depth and brilliance.

Explore the limitless possibilities with HB BODY's Basecoat Exclusives Series and redefine what it means to drive in style.

See more at detailed table
(REF, COLOUR, SIZE, UNITS)

PURPLE HAZE COLOR SOLUTIONS BASECOAT

A unique 3-stage effect colour developed specifically for the Basecoat Exclusives series to celebrate HB BODY 40th anniversary.

Applied on HB BODY's Porsche 911 Turbo S, Purple Haze stole the show in Automechanika 2022, in Frankfurt, as stunning purple blends with deep black shadow effects, creating a breath-taking result.

2K Acrylic Mix System

2K fast-drying acrylic mix system with scratch-resistant properties, high, durable gloss, chemical, severe weather and mechanical resistance.

FEATURES

Basic solid tinters and toners.

TOOLS

Colour matching software, spectrophotometer, hand-sprayed colour index, 30 positions mixing machine, weight balance.

COLOUR RANGE

Thousands of shades and formulas constantly updated.

See more in the detailed table
(REF, COLOUR, SIZE, UNITS)

Colour Box

Hand-sprayed colour cards for 2K Acrylic Mix System. High-precision colour matching. Available in a compact plastic box for easy use and storage.

Hardeners

H752 Slow, H753 Normal & H754 Fast, isocyanate hardeners for 2K acrylic paints and clear coats.

30 Positions Mixing Machine

Modern design, robust and low noise mixing machine. Easy assembly, stable and reliable performance.

Dimensions: H. 179 cm / W. 125 cm / D. 50 cm
9 cans of 1L / 2 shelves,
6 cans of 4L / 2 Shelves

1K Synthetic Mix System

1K fast-drying alkyd-based mix system with high endurance and gloss.

FEATURES

Compact mixing system with solid colour basic tinters.

TOOLS

Colour matching software, hand-sprayed colour index, 16 positions mixing machine, weight balance.

COLOUR RANGE

Big variety of popular agricultural and industrial shades, including RAL colours.

See more in the detailed table
(REF, COLOUR, SIZE, UNITS)

750 Synt Thinner

Special thinner (reducer) used for the dilution of synthetic, alkyd-based products. Does not contain recycled solvents.

16 Positions Mixing Machine

Modern design, robust and low noise mixing machine. Easy assembly, stable and reliable performance.

Dimensions: H. 179 cm / W. 125 cm / D. 50 cm
9 cans of 1L / 2 shelves,
6 cans of 4L / 2 Shelves

Agricultural Colour Index

Hand-sprayed colour cards. Contains the most popular agricultural machinery colours.

Aqua Basecoat Mix System

1K waterborne mix system with great coverage and fast drying.

FEATURES

Basic solid, metallic tinters, toners, pearls and Xirallic® pearls.

TOOLS

Colour matching software, spectrophotometer, hand-sprayed colour index, heating cabinet, weight balance.

COLOUR RANGE

Thousands of shades and formulas constantly updated.

See more in the detailed table
(REF, COLOUR, SIZE, UNITS)

Colour Index

Colour cabinet with hand-sprayed colour decks and more than 15,000 shades, constantly updated throughout the year, hence speeding up the procedure and accuracy.

Complementary Products

Complete range of ancillary products making up a full pack for perfect finishes

Heating Cabinet

Spacious heating cabinet for Aqua Basecoat Mix System. Optimal storage at a uniform temperature.

Dimensions: H. 229 cm / W. 138 cm / D. 40 cm

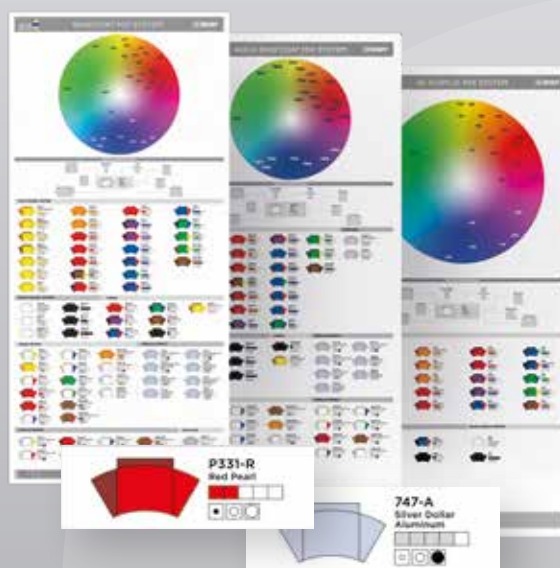

Mix System Tools

A complete set of tools, specially designed to make colour-matching a fast and accurate procedure, for increased productivity and efficiency.

Colour Wheels & Magnetic Stickers

Visual representation of the Color Solutions mix systems tinters' properties and their distribution over the colour spectrum.

A useful and practical aid to every colourist.

Weighing Scale TYPE PMA EVO1S1-C

Precision scale for weighing the colour formulas available in Color Solutions MixMaster colour matching software.

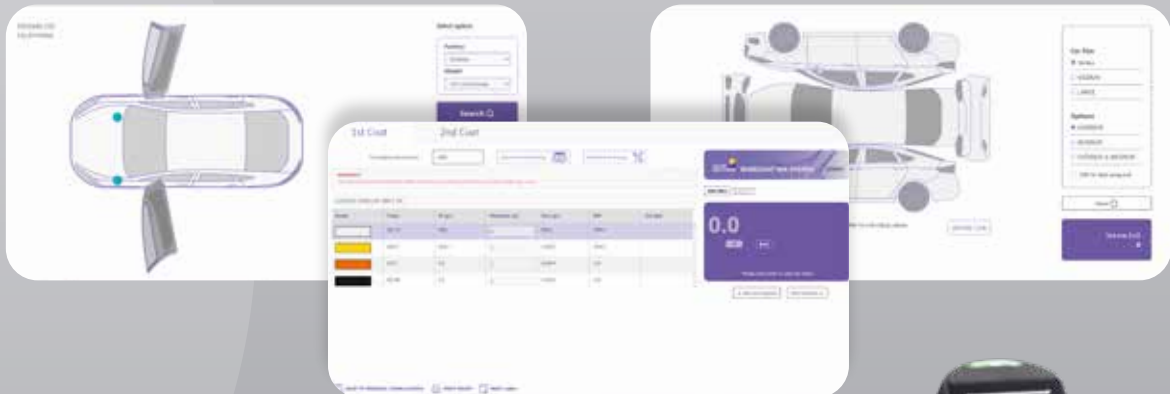

Color Solutions MixMaster

HB BODY provides a comprehensive set of in-house developed software tools aimed at facilitating the paint and body shops in their day-to-day work with increased productivity and efficiency.

Find quickly and easily the right colour shade or variant among thousands of available formulas based on the manufacturer's colour codes or HB BODY Colour Index. The program database, containing more than 150,000 formulas, is constantly updated with the latest automotive colour codes. It includes all Color Solutions Mix Systems available (Basecoat, 2K Acrylic, Aqua and 1K Synthetic). Key features include real-time formula modifications, keeping track of usage history, cost parameters feed and end-product calculations, among other useful capabilities.

Achieve high-precision colour-matching with the use of Spectro Solutions "Search & Correct" software combined with a modern spectrophotometer for fast and accurate results. 2-stage processing (identification of the colour and formula modification). Storage of past jobs is available, ensuring nothing is forgotten!

Speed up the whole refinishing procedure through the mix by weight for ancillary products via a user-friendly interface containing all HB BODY primers and clear coats with their respective hardeners and thinners.

All modules provide connectivity with a weighing scale for enhanced practicality and ease.

Discover the benefits of a fully-featured, colour management software, trusted by thousands of professional users all over the world!

01

Acryl-based products with excellent gloss and leveling that highlight the colour. Protection against weather and environmental conditions.

2110300002	Beige	2kg	6
2110300005	Beige	5kg	3

225 UNIFINE

2K fine polyester filler/stopper, suitable for application over all metal surfaces. Also for plastic bumpers (excluding PE), polyester substrates, and existing painted surfaces. Clog-free and extremely easy to sand with P150 - P400 grit paper.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
2251700000	White	200ml	24
2251700002	White	750ml	6

241 NITROSOFT W

1K nitrocellulose putty, ideal for finishing small uneven surfaces. Suitable for application over polyester fillers and nitrocellulose - high build primers. Apply in multiple thin layers. Sanded dry or wet, giving a pinhole-free finish. It can be painted over with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
2419600000	Green	750g	12

243 NITROGLAZE

1K nitrocellulose self-levelling filler (glaze), spreads smoothly, ideal for finishing small uneven surfaces. Suitable for application over polyester fillers, nitrocellulose-high-build primers. Apply 3-4 light layers and sand dry or wet for a pinhole-free finish. It can be painted over with all paint systems. Available upon request and minimum order quantity.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
2430700001	Grey	1kg	12

260 BODYFILLER

2K polyester spray filler. Very high filling properties. Applied with a 2,50 - 3,00 mm spray gun nozzle. It can be diluted with polyester thinner/reducer 780 POLY THINNER. Easy sanding, giving a smooth pinhole-free finish.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
2600300001	Beige	1L	6

280 LIGHTWEIGHT FILLER

2K lightweight polyester filler for metal surfaces. A fine particle filler, with excellent filling properties and fast drying. Sanded with P120 - P240 grit paper without clogging effect.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
2800300003	Beige	3L	3

290 ULTRA LIGHT MULTIFILLER

2K ultra-light polyester filler with excellent adhesion over all metallic and polyester surfaces. Spreads smoothly giving a pinhole free finish. Superb filling properties and quick drying. Extremely easy to sand with P120 - P320.

2900700003	Grey	3L	3

05

High-quality products that protect and insulate the underbody and the closed parts of a vehicle from moisture, rust, stone chips, and abrasions.

CATEGORY

Underbody

U100 HYD STONE CHIP

Waterborne resin stone chip coating with sound-deadening properties. Excellent adhesion and flexibility. Suitable for the external and internal parts of the car body. It can be overpainted with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
1000200001	Black	1L	6

U951 AUTO FLEX

Rubber-based sound deadening/sealing coating. Suitable for application to internal or external parts of the underbody with high ageing stability. Provides scratch and stone chip protection, remains elastic and can be overpainted “wet-on-wet” with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9510200001	Black	1L	6
9510700001	Grey	1L	6
9510100001	White	1L	6

U900 CAVITY WAX

High-quality anticorrosive cavity wax oil with sound-deadening properties. It can be applied to all closed parts (doors, bonnet, running boards) and the external underbody of the vehicle. It penetrates easily and is resistant to high temperatures. Suitable for application after the paint procedure.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9000000001	Transparent	1L	6
9000900001	Brown	1L	6

U933 UNDERBODY

Underbody coating made of wax and bitumen, specially formulated against salinity (moisture). It is applied only to the underbody parts. Produces a perfect pinhole-free finish, dries fast and remains elastic in temperatures of -20°C (-4°F) to +60°C (140°F). It has very good adhesion both on clean surfaces as well as on top of old coats. It cannot be painted over.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9330200001	Black	1L	6

BODY 650 STONE CHIP

Underbody material with sound deadening/sealing properties, optimum covering ability and excellent adhesion. Suitable for both the external underbody and internal parts of the car body. It can be overpainted.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6500200001	Black	1kg	6
6500700001	Grey	1kg	6
6500010001	White	1kg	6

BODY 640 CAVITY WAX

Special anticorrosive cavity wax oil with sound-deadening properties. It can be applied to all closed parts (doors, bonnet, running boards) and the external underbody of the vehicle. Easy penetration, resistant to high temperatures.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6400900001	Dark Brown	1L	6

950 STONE CHIP

Synthetic rubber-based, specially formulated material with soundproof and protective properties. Provides scratch and stone chip protection to the internal and external lower parts of the car body. It can be overpainted with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9500200001	Black	1L	6
9500200002	Black	2kg	6
9500700001	Grey	1L	6
9500700002	Grey	2kg	6
9500100001	White	1L	6
9500100002	White	2kg	6

910 UNDERBODY

Rubber-based thixotropic material with excellent stone chip protection and sound-deadening properties. Suitable for application onto running boards, wheel arches and the vehicle underbody. Perfect adhesion dries quickly and can be painted over with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9100700001	Grey	1kg	6
9100700005	Grey	5kg	3

930 UNDERBODY

A bituminous thixotropic coating that provides excellent anti-corrosive and stone chip protection. Perfect adhesion with permanent elasticity. Applied on the underneath parts of the car body only. It cannot be overcoated.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9300200010	Black	1L	6
9300200001	Black	1kg	6
9300200003	Black	2.5kg	3
9300200005	Black	5kg	3
9300200007	Black	20kg	1

932 UNDERBODY

Special coating made of wax and bitumen. Perfect protection from moisture and rust with permanent elasticity in temperatures from -20°C (-4°F) to +60°C (140°F). Very good adhesion to clean surfaces as well as on top of earlier bituminous coatings. For the underbody of the car only. Not overcoatable.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9320200004	Black	4L	3

06

2K polyurethane coatings,
specially formulated for
mechanical resistance, scratch,
solvent and UV protection.
Designed to endure through
tough conditions.

CATEGORY

955 Tough Liner

955 Tough Liner

FEATURES

Available in black and tintable versions. You can create any shade you want by adding a 10% HB BODY 2K acrylic topcoat or basecoat in the tintable version.

High mechanical endurance, scratch and solvent-resistant, sound-proof and anti-slip properties on applied surfaces.

Various texture effects according to different ways of application as referred to TDS.

955 TOUGH LINER 4-KIT BOX

Box contains: 4x600ml 955 Black or Tintable and 4x200ml 955 HARDENER.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9554200001	Black	3.2L	1
9554100001	Tintable	3.2L	1

955
TOUGH LINER

A protective 2K polyurethane coating, that offers high mechanical endurance, scratch, solvent and UV protection. It has sound-proof and anti-slip properties. Multi-purpose applications, such as pick-up truck beds, 4x4, SUVs, off-road vehicles, trailers, motorboats, agricultural machines, floors, tools and many more. Mixing ratio 3:1 with 955 Tough Liner hardener. For maximum anti-slip effect use Anti-Slip Additive. The tintable version can be tinted to any colour by adding a 10% HB BODY 2K acrylic top coat or basecoat.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9550200001	Black	600ml	6
9550100001	Tintable	600ml	6

955
TOUGH LINER HARDENER

Isocyanate hardener for 955 Tough Liner protective coating.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9550000030	Transparent	200ml	6

955
ANTI SLIP ADDITIVE

Granular additive to 955 Tough Liner that provides reinforced anti-slip properties to the final coating.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9550000010	Transparent	120g	6

07

Ready-to-use products in aerosol that save time from preparation and increase workflow, in a wide variety of product types.

CATEGORY

Sprays

C495

2K CLEAR SEMI GLOSS SPRAY

High-quality, semi-gloss clear with excellent levelling. Fast hardening, suitable for all top-quality refinishes. Ensures excellent resistance to extreme weather conditions.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
5200000004	Transparent	400ml	6

C496

2K HS CLEAR SPRAY

Crystal clear, high gloss coat with excellent levelling. Fast hardening, suitable for all top-quality refinishes. Ensures durable gloss and offers excellent resistance to extreme weather conditions.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
5200000000	Transparent	400ml	6

P303

SPOT REPAIR PRIMER SPRAY

Fast-drying primer, suitable for repairing small imperfections. Its excellent levelling and easy sanding make it the perfect product for spot repairs.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
5100700002	Grey	400ml	6

H733 HARDENER ULTRA HS SLOW

Slow isocyanate hardener for 2K ultra-high solid clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7330000000	Transparent	500ml	6
7330000003	Transparent	2.5L	4

H734 HARDENER ULTRA HS NORMAL

Normal isocyanate hardener for 2K ultra-high solid clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7340000000	Transparent	500ml	6
7340000003	Transparent	2.5L	4

H735 HARDENER ULTRA HS FAST

Fast isocyanate hardener for 2K ultra high-solid clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7350000000	Transparent	500ml	6
7350000003	Transparent	2.5L	4

H737 HARDENER ULTRA HS SLOW

Slow isocyanate hardener for 2K ultra-high solid clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7370000000	Transparent	500ml	6
7370000003	Transparent	2.5L	4

H738 HARDENER ULTRA HS NORMAL

Normal isocyanate hardener for 2K ultra-high solid clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7380000000	Transparent	500ml	6
7380000003	Transparent	2.5L	4

BODY 625 HARDENER FOR PRIMERS

Isocyanate hardener for BODY 634 4:1 HS and BODY 607 4:1 UHS Filling Primers.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6250000030	Transparent Yellow	200ml	6
6250000001	Transparent Yellow	625ml	6

BODY 635 HARDENER FOR PRIMERS

Isocyanate hardener for BODY 635 5:1 HS Filling Primer.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6350000040	Transparent Yellow	160ml	6
6350000000	Transparent Yellow	500ml	6

BODY 620 HARDENER

Isocyanate hardener for clear coats BODY 697 HS SR 2:1 and BODY 698 HS SR 2:1.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6200000000	Transparent	500ml	6
6200000003	Transparent	2.5L	4

BODY 626 HARDENER NORMAL

Normal isocyanate hardener, exclusively for BODY 696 AIR DRY CLEAR HS SR 2:1.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6260000000	Transparent	500ml	6
6260000003	Transparent	2.5L	4

BODY 627 HARDENER FAST

Fast isocyanate hardener, exclusively for BODY 696 AIR DRY CLEAR HS SR 2:1.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6270000000	Transparent	500ml	6
6270000003	Transparent	2.5L	4

H752 HARDENER FOR TOPCOATS SLOW

Slow isocyanate hardener for 2K acrylic paints and 2K clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7520000000	Transparent	500ml	6
7520000001	Transparent	1L	6
7520000003	Transparent	2.5L	4
7520000005	Transparent	5L	4

H753 HARDENER FOR TOPCOATS NORMAL

Normal isocyanate hardener for 2K acrylic paints and 2K clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7530000020	Transparent	250ml	6
7530000000	Transparent	500ml	6
7530000001	Transparent	1L	6
7530000003	Transparent	2.5L	4
7530000005	Transparent	5L	4

H754 HARDENER FOR TOPCOATS FAST

Fast isocyanate hardener for 2K acrylic paints and 2K clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7540000000	Transparent	500ml	6
7540000001	Transparent	1L	6
7540000003	Transparent	2.5L	4
7540000005	Transparent	5L	4

710 HARDENER

Special hardener for curing synthetic paints (RALLY, CHASSIS COAT) at a 4:1 mixing ratio.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7100000000	Transparent	500ml	6

727 POLAR HARDENER

Extra fast isocyanate hardener for clear coat C495 Clear Express SR 4:1.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7270000020	Transparent	250ml	6
7270000001	Transparent	1L	6

716 HARDENER FOR TOPCOATS SLOW

Slow isocyanate hardener for clear coat C492 AUTO CLEAR HS SR 3:1 and 2K Acrylic paints at a 3:1 mixing ratio.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7160000001	Transparent	1L	6

717 HARDENER FOR TOPCOATS NORMAL

Normal isocyanate hardener for clear coat C492 AUTO CLEAR HS SR 3:1 and 2K Acrylic paints at a 3:1 mixing ratio.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7170000001	Transparent	1L	6

718 HARDENER FOR TOPCOATS FAST

Fast isocyanate hardener for clear coat C492 AUTO CLEAR HS SR 3:1 and 2K Acrylic paints at a 3:1 mixing ratio.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7180000001	Transparent	1L	6

801 SPRAY FILL CONVERTER

Special hardener for 2K primers, topcoats and clear coats to be used with Spray Fill cans. The bottled mixture has an indefinite pot life.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8010000001	Transparent	1L	6

774 AQUA BASECOAT HARDENER

Isocyanate hardener specially designed for Aqua Basecoat paint, providing excellent weathering and chemical resistance. For use on inner parts of the car where no clear coat can be applied.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7740000000	Transparent	500ml	6

HARDENER FOR POLYESTER SPRAY FILLERS AND PRIMERS

Hardener for polyester spray fillers and primers.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7050000003	Transparent	50ml	6
7050000007	Transparent	750ml	1

BPO PASTE HARDENER

BPO Paste Hardener for polyester fillers.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0100300009	Red	20g	1
0100300033	Red	30g	1
0100300010	Red	40g	1

09

A diverse range of options for diluting, degreasing and equipment cleaning.

CATEGORY

Thinner

T769 GUN WASH CLEANER

Special gun wash cleaner used after the application of the P962 Isolator, to avoid any product remaining in the spray gun.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7690000001	Transparent	1L	6

740 ACRYL NORMAL THINNER

High-quality thinner (reducer) Normal with no recycled solvents, to be used for the dilution of 2K acrylic primers, 2K topcoats and basecoats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7400000000	Transparent	500ml	6
7400000001	Transparent	1L	6
7400000005	Transparent	5L	4
7400000007	Transparent	20L	1

741 ACRYL SLOW THINNER

High-quality thinner (reducer) Slow with no recycled solvents, to be used for the dilution of 2K acrylic primers, 2K topcoats and basecoats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7410000000	Transparent	500ml	6
7410000001	Transparent	1L	6
7410000005	Transparent	5L	4

742 ACRYL EXTRA SLOW THINNER

High-quality thinner (reducer) Extra Slow with no recycled solvents, to be used for the dilution of 2K acrylic primers, 2K topcoats and basecoats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7420000001	Transparent	1L	6

743 ACRYL FAST THINNER

High-quality thinner (reducer) FAST with no recycled solvents, to be used for the dilution of 2K acrylic primers, 2K topcoats and basecoats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7430000001	Transparent	1L	6

750 SYNT THINNER

Special thinner (reducer) used for the dilution of synthetic, alkyd-based products. Does not contain recycled solvents.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7500000001	Transparent	1L	6

760 BASECOAT THINNER NORMAL

Special normal thinner/reducer for use with basecoat paints. Improves the flow and positioning of the effect particles and gives a smooth and soft surface.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7601000001	Transparent	1L	6
7601000005	Transparent	5L	4

761 BASECOAT THINNER SLOW

Special slow thinner/reducer for use with basecoat paints. Improves the flow and positioning of the effect particles and gives a smooth and soft surface.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7611000001	Transparent	1L	6

767 NITRO THINNER

Thinner (reducer) suitable for nitrocellulose paints and surfacers, clear coats, and 1K filling primers. Recommended for cleaning spray guns and paint tools. Does not contain recycled solvents.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7670000001	Transparent	1L	6
7670000005	Transparent	5L	4
7670000006	Transparent	17L	1
7670000007	Transparent	20L	1

770 ANTISIL NORMAL DEGREASER

Special normal degreaser for the removal of any contamination from surfaces before painting.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7700000001	Transparent	1L	6
7700000005	Transparent	5L	4

771 ANTISIL FAST DEGREASER

Special fast degreaser for the removal of any contamination from surfaces before painting.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7710000001	Transparent	1L	6
7710000005	Transparent	5L	4

775 EPOXY THINNER

Special epoxy thinner (reducer) to be used with P981 1K Epoxy Primer, P989 4:1 Epoxy Primer and P988 2K Epoxy Chassis Coat.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7750000001	Transparent	1L	6

777 BLEND IN THINNER

Special thinner (reducer) for blending of top coats (also known as fade-out thinner).

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7770000001	Transparent	1L	6

780 POLY THINNER

Special thinner (reducer) suitable for the dilution of polyester spray fillers and primers (260 Bodyfiller, P261 Polyester Filling Primer). Also for cleaning any equipment used in the application of polyester materials.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7800000001	Transparent	1L	6

772 AQUA BASECOAT DEGREASER

Special waterborne degreaser for the removal of any contamination from surfaces before painting. Also for cleaning any spraying equipment of water-based paint. Contains high-purity demineralised water and additives for proper cleaning.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7720100001	Transparent	1L	6

773 AQUA BASECOAT REDUCER

Special reducer for Aqua Basecoat paint. Contains high-purity demineralized water and special additives for proper surface wetting and levelling.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7730000001	Transparent	1L	6

10

Complementary products designed to enhance the workflow of any application.

CATEGORY

Additives

A715 ACCELERATOR

Special accelerator to be used with C495 CLEAR EXPRESS SR 4:1. Reduces drying times drastically in combination with hardener 727 POLAR.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7150000000	Transparent	500ml	6

440 TEXTURE ADDITIVE

Special additive for 2K HS Clear Coats, designed to create a texture effect. Suitable for reproducing the structured matt finish found in certain PSA Group cars.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
4401000000	Transparent	500ml	3

466 BASECOAT BLENDING ADDITIVE

Special blending additive, exclusively for solvent-borne basecoat paints fading-out process. Makes blending easy, especially with solid pale colours and hard-to-blend metals and pearls. Excellent overspray absorption and easy melting.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
4660000001	Transparent	1L	6

800 MATTING ADDITIVE

Special additive developed for reducing the gloss of 1K or 2K paints and clear coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8000000001	Transparent	1L	6

803 FLEX ADDITIVE

Special additive for flexing of 2K systems (primers, paints or clear coats). A necessary element for painting elastic car parts (bumpers, spoilers etc).

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8030000001	Transparent	1L	6

804 ANTI SILICONE ADDITIVE

Additive for the prevention and treatment of silicon craters in 2K topcoats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8040000020	Transparent	250ml	6

776 AQUA BASECOAT BLENDING ADDITIVE

Special blending additive for Aqua Basecoat paint. Suitable for either metallic or solid shades, whenever blending (fade-out) is necessary.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7760000001	Transparent	1L	6

11

A complete series of compounds, designed to restore and revive the paint finish.

CATEGORY

Polishing Compounds

805 SUPER CUT

A high-quality, coarse polishing compound for the removal of sanding scratches from P1500 and finer. Also for eliminating car wash scratches and the reduction of the orange peel effect, giving a deep and lasting shine. Suitable for all paint finishes including new and aged cured. Application with POLISHING PAD WHITE. Silicone free.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8050100010	White	200ml	8
8050100001	White	1kg	6

806 POWER POLISH

A high-quality, medium-fine polishing compound. 806 is the second step required in the process of polishing and compliments the 805 compound. Restores any imperfections, removes fine sanding lines and eliminates any swirls. Resulting in a permanent glossy finish. Suitable for all paint finishes including new and aged cured. Application with POLISHING PAD YELLOW. Silicone free.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8060300010	White	200ml	8
8060300001	White	1L	6

807 SEAL POLISH

A high-performance final step sealing and polishing compound used for the removal of small surface imperfections, fine streaks and holograms. Forms a protective film with water-repellent properties. Application with POLISHING PAD WAFFLE. Silicone free.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8070300010	Beige	200ml	8
8070300001	Beige	1L	6

808 CUT & POLISH

A high-performance one-step polishing compound for cutting and polishing at the same time. It eliminates deep sanding marks and scratches from P1500 without burning in during high intensity, while it completes the polishing with a permanent hologram-free mirror finish. Special formula with new technology abrasives that can cut and polish all modern types of topcoats. Application with POLISHING PAD WHITE and YELLOW. Silicon-free.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8080100010	White	200ml	8
8080100001	White	1kg	6

802 BLEND + PREP PASTE

A waterborne paste, used for lightly sanding old paintwork before painting, providing adhesion for the new coat of paint. Silicone and ammonia-free. It can be used in place of the usual wet or dry sanding paper. It is applied with a wet sponge or non-woven pad.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
8020300010	Beige	300g	8

CATEGORY

12 Paint Removers

High quality coating removal products,
also suitable for equipment cleaning.

600 PAINT REMOVER

Transparent coating suitable for the removal of paints, clear coats, primers, stone chip protection and latex materials from all metal and plastic surfaces. Also good for cleaning paint tools (e.g. spray guns, spatulas etc). Compliant with EU legislation.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
6000000000	Transparent	500ml	6
6000000001	Transparent	1L	6

700 PAINT REMOVER

Transparent coating suitable for the removal of any coating (stone chip protection, primers, paints, clear coats) and latex materials from all metal and plastic surfaces. Also suitable for cleaning paint tools (e.g. spray guns, spatulas, etc).

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
7000000000	Transparent	500ml	6
7000000001	Transparent	1L	6

13

Bonding purpose products, available in diverse packaging for ease of use. Applicable to a wide variety of substrates.

CATEGORY

Seam Sealers

S115 AUTO SEAL

Rubber-based sealer for bonding metal surfaces and joint fillings. Dries fast and remains permanently elastic. It can be overcoated wet-on-wet by any type of paint system.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
1150700000	Grey	300ml CARTR.	12
1150700001	Grey	1kg	6

110 BODY SEAL

Waterborne seam sealer for high-quality bonding and sealing of the internal and external parts of the car body (UV resistant). Also suitable for wood and marine. Dries quickly and remains permanently elastic. Retains its shape, and is overcoatable with all paint systems.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
1100100000	White	300ml CARTR.	12
1100700000	Grey	300ml CARTR.	12
1100700001	Grey	1kg	6

940 SEALANT

Windscreen protective sealant with exceptional resistance against weather extremes. Also provides efficient sealing between welds in a panel assembly. Not for bonding. It never dries and cannot be painted over.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9400200000	Black	300ml CARTR.	12

944 PU SEALANT

Hybrid PU sealant with excellent mechanical endurance and UV resistance. Universal adhesion to all substrates (metal, plastic, glass, concrete, etc). Fast curing and overpaintable with all paint systems. It doesn't polymerize in the cartridge after first use.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9440100000	White	300ml CARTR.	12
9440200000	Black	300ml CARTR.	12
9440300000	Beige	300ml CARTR.	12

999 SEAM SEALER

Rubber-based seam sealer, ideal for bonding metallic surfaces and for joint filling of the car body. Suitable for the inner automobile parts that are not directly exposed to UV rays. After drying it can be overcoated by any type of paint.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
9990300000	Light Beige	300ml CARTR.	12
9990300001	Light Beige	1kg	6

14

A wide variety of ancillary products and tools for the painter and the paint shop.

CATEGORY

Ancillaries

SEAM SEALER BRUSH

Hard nylon brush for application of water or solvent-based seam sealers.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200400015	-	-	12

SPRAY GUN

Conventional gravity spray guns. Reliable, versatile and adaptable to the needs of all professional painters, and also can be used with different needles and nozzles for spray fillers, primers, base coats and top coats.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200000016	-	1.4mm	1
0200000014	-	1.8mm	1
0200000015	-	2.5mm	1

PA SPRAY GUN

Fully aluminum short blow gun with flow delivery valve.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200000037	-	-	1

PA/CV SPRAY GUN

Fully aluminum blow gun with flow delivery valve to increase the volume of air.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200000021	-	-	1

TS SPRAY GUN

Special gun for stone chip coatings. Fits directly to the can and it can be easily cleaned. Comes with a dispersion tube extension, for wax application.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200000022	-	-	1

UBS SPRAY GUN

Special gun with adjustable nozzle (for fine or rough texture) for stone chip coatings. Fits directly into the can and it can be easily cleaned.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200000040	-	-	1

SPRAY GUN NOZZLES

Spray gun nozzles for conventional gravity spray guns.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200000026	-	1.4mm	1
0200000025	-	1.8mm	1
0200000031	-	2.5mm	1

TANK SPARE PART

Detachable plastic tank, designed for SPRAY GUN 1,4mm/1,8mm /2,5mm.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200000020	-	-	1

AEROSOL NOZZLE

Different types of buttons for aerosols, depending on the type of product and needs of end users.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0100500009	Black/White	-	1.000
0100500014	Red/Black	-	1.000
0100500018	White/Grey	-	1.000
0100500020	White/Black	-	1.000

DISPERSION TUBE (60cm)

Special tube extension (60 cm) for use with SPRAY U900 Cavity Wax. Emits a 360-degree fan for total coverage of internal car parts.

REF. NUMBER	COLOUR	SIZE	UNITS
0200400052	-	-	1

SPRAY OUT TEST CARDS

Black and white test cards for opacity checking of all paints, primers, aerosols etc.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0900000021	-	-	30

METAL TEST PLATES

Excellent quality metal test plates with black lines for coverage check.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200400076	White	-	100
0200400077	Grey	-	100

FILLER DISPENSER

Dispenser for filler (putty) and hardener. Ensures accurate proportion of product and hardener. The quantity of hardener dispensed can be adjusted to different percentages to allow for different climates. Suitable for 1,5Kg to 3Kg cartridges of filler (putty) only.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200400024	-	-	1

MIXING BOARD

Waterproof disposable paper used for mixing of polyester fillers (putties). Available in a multi-layer board of 100 sheets.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200400029	-	-	10

SPREADERS

Set of three elastic, solvent-resistant plastic spreaders suitable for polyester filler (putty) spreading. Sizes: small, medium and large (one of each in every set).

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200400041	-	-	24

UNDERBODY CAPS

Compatible with all underbody ready-for-use cans.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0100200022	Black	-	2.500
0100200023	White	-	2.500
0100200024	Grey	-	2.500

EMPTY METAL CANS

Excellent quality metal cans for re-packing primers and top coats.

REF. NUMBER	COLOUR	SIZE	UNITS
0100101026	-	250ml	1
0100101015	-	500ml	1
0100101025	-	1L	1
0100101016	-	3L	1
0100101017	-	4L	1

PLASTIC BAGS

A specially designed plastic bag, produced by high-density polyethylene (HDPE) with high durability. Dimensions: 58cm width x 34cm tuck from each side x 60cm height (including handles). Available per Kg.

REF. NUMBER	COLOUR	SIZE	KG/PACK
0900000000	-	-	20

PAINTER'S OVERALL

Grey silky antistatic overall ideal for use in the spray booth during the paint procedures.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200400018	-	L	1
0200400019	-	XL	1
0200400020	-	XXL	1

PAINTER'S JACKET

Grey silky antistatic jacket ideal for use in the spraybooth during paint procedures.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200400085	-	M	1
0200400066	-	L	1
0200400067	-	XL	1
0200400068	-	XXL	1

POLISHING PADS

High-performance single-sided foam polishing pads, compatible with most machine polishers. White pad for use with 805 Super Cut, Yellow pad for 806 Power Polish compounds.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200607001	White	-	12
0200607002	Yellow	-	12

POLISHING PAD WAFFLE

Waffle type pad with uneven surface that gives excellent results in polishing especially with the use of 806 Power Polish or 807 Seal Polish compound.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200607003	-	-	12

SANDING PADS (15 HOLES)

15 holes universal sanding pad for 6, 9 and 15 holes velcro abrasives. Suitable for all types of dust extraction sanding machines. Available in two types: Super (normal pad) and Superior (excellent dust extraction).

REF. NUMBER	COLOUR	TYPE	UNITS/CARTON
0200400058	-	Super	1
0200400059	-	Superior	1

SANDING PAD INTERFACE

15 holes soft back pad interface for 6, 9 and 15 holes velcro abrasives and pads. Eliminates the grinding action over body contours.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0200400060	-	-	2

STIRRING LIDS

Compatible with all HB BODY COLOR SOLUTIONS solvent-based mix systems and primers 1L and 4L cans.

REF. NUMBER	COLOUR	SIZE	UNITS/PACKAGE
0200100038	-	1L	1
0200100039	-	4L	1

HANDLE FOR STIRRING LIDS

Handle for stirring primers - paints outside the mixing machine. Compatible with 1L and 4L stirring lids.

REF. NUMBER	COLOUR	SIZE	UNITS
0200100009	-	-	1

OPEN MIX

Opener and stirrer all-in-one, for easy, all-around use. Increased length (34,5cm) for stirring bigger cans. Reinforced metal bar for higher resistance. Plastic grip for comfort in handling.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0210400001	-	-	40

MEASURING STICKS

Mixing ratio measuring sticks for all products. It can be used for (2:1/4:1) and (3:1/5:1) mixing ratio.

REF. NUMBER	COLOUR	SIZE	UNITS
0900000001	-	2:1 / 4:1	1
0900000005	-	3:1 / 5:1	1

MIXING CUPS

Highly resistant cups for mixing and storage of all coatings. Marked with several mixing ratio scales for complete and accurate results.

REF. NUMBER	COLOUR	SIZE	UNITS/CARTON
0210400005	-	385ml (Cup)	200
