A black and blue Sparco racing seat is installed in the driver's seat of a car. The seat features a black base with blue side bolsters and a blue racing harness. The Sparco logo is visible on the headrest and side of the seat. A red jacket is hanging on the left side of the seat. The car's interior is light-colored with perforated leather seats. The text "Who Matters Most Safety Seats" is overlaid in large blue letters at the bottom.

Who Matters Most Safety Seats

CHILD SEAT I-SIZE (40-150CM)

CHILD SEAT

I-SIZE (40-135CM)

SK6000I

Sparco's latest collection of i-size child car seats is designed with an emphasis on safety, comfort, and functionality. These seats comply with the EU's rigorous safety regulations, which include requirements for side impact protection and rearward-facing restraints. Unlike traditional models that only consider a child's weight, i-size seats also take into account the child's height, enabling parents to select the

most accurate and suitable option. Each seat is equipped with adjustable headrests, 360-degree rotation, foldable support legs, and an expanded backrest, ensuring enhanced safety and comfort for longer periods. Sparco's i-size car seats are compatible with all i-size-approved vehicles.
