HOBBY LINE

A full line of products to take care of cars.
Do-it-yourself products: easy to use at any
time, for any need.

EXTERIORS

BODYWORK CLEANING & PROTECTION

SPUMONE SELF

Professional universal degreaser.

TRIFOAM

Coloured and scented shampoo with active foam available in 4 versions: pink/yellow/green/blue.

NEVE

Foam shampoo for deep cleansing.

BERSOLUX

Self-polishing concentrated shampoo.

NANOPOLISH FOAMING B6

Extra polishing liquid foam polish.

BERSOLWAX

Shampoo and wax with SiO_2 : it cleans, polishes and protects.

NANOTECH

Protective and self-drying concentrated liquid wax.

LUSTRAWAX

Nanotechnology based sealing and polishing liquid wax.

LUSTRADRY

Quick cleaning, protective and polishing treatment.

LUSTRATOUCH

Ultra quick protective liquid wax.

NO INSECT

Detergent to remove all kind of insects from any car surface.

KO IRON

Decontaminant for ferrous residues and limescale. Perfect for wheels, great on bodywork too.

LEGA

Degreaser for rims and tyres.

GOMMALUX

Polishing/renovating and protecting agent for tyres and plastic bumpers. Available in both no-gas and aerosol version.

BRAKE & METAL

Quick cleaner for brakes and metal parts.

WHEELS CLEANING & RECONDITIONING

INTERIORS

INTERIOR CLEANING, PROTECTION & HYGIENIZATION

DET LEATHER

Scented moisturising detergent for real leather.

CREAM LEATHER

Nourishing, hydrating and protective treatment for real leather interiors.

MULTIPURPOSE CLEANERS

GLASS & WINDOWS

SPUMONE SELF

Professional universal degreaser.

Super strong degreaser for cars, trucks, camper vans, engines, industrial floors and lathes. Eliminates smog, grease, insects and stains.

Directions for use:

- Use as a prewash before shampooing.
- Dilute 20-40 ml of solution in 1 L of water, for stubborn and stratified dirt use 100 ml of product.
- On vertical surfaces, apply the product from the bottom upwards to avoid possible drips when rinsing.
- Apply evenly on the parts to be treated.
- Rinse with plenty of water and dry.

WARNINGS:

Do not apply under the sun or on delicate surfaces.
Do not let the product dry.

Packaging	Item Code	Box
1000 ml	700587	6 pcs.

NEVE

Foam shampoo for deep cleansing.

Neve is a foaming detergent shampoo that creates a thick and full-bodied foam that adheres for a long time to the bodywork in order to decrease the friction of car wash brushes, thus reducing the formation of micro-scratches on the bodywork of all kinds of vehicles (cars, trucks, vans etc...).

The Neve formula has been specially designed in order to CONTAIN NO SODIUM HYDROXIDE, PHOSPHATES and NTA* while still ensuring deep cleaning by removing road dirt and contamination of all kinds.

The product is suitable for use in all types of car washes (freestanding, self-service systems, tunnels, self-service boxes, etc...), especially for car washes fitted with snow-effect arches, it maintains high performance even in the presence of hard water, reducing the risk of leaving residues during the drying stage.

In addition to its professional use in car washes, the product can also be used with a foam lance or hand wash for accurate foaming pre-washes.

Directions for use:

- Dilute 20-40 ml of product in 1 L of water (1:50-1:25, the dilution can reach 1:500 for frequent washes).
- With foaming gun: dilute from 1:2 to 1:12, used as a prewash for weekly filth, dilute from pure to 1:19 (50 ml in 1 L of water).
- Wash with a high quality glove.
- Rinse thoroughly.

* May contain traces.

Packaging	Item Code	Box
4,54 L	700212	4 pcs.

TRIFOAM

Coloured and scented shampoo with active foam.

The formula of this shampoo creates a highly scented and active foam which sticks longer to the bodywork allowing it to easily act and eliminate dirt and road contamination. Used with a foam lance, foam sprayer or in specific automatic systems, it creates an amusing coloured visual effect to surprise customers.

Available in 4 versions:

- TRIFOAM **BLUE**: blue foam and "Fresh" perfume
- TRIFOAM **FUCHSIA**: fuchsia foam and "Cherry" perfume
- TRIFOAM **GREEN**: green foam and "Flowery" perfume
- TRIFOAM **YELLOW**: yellow foam and "Citrus" perfume.

Directions for use:

- Sprayer/dosatron: dilute 1-2% in water.
- Foam lance: dilute from 1:9 to 1:12 in water.
- Pump: 30 gr/ car.
- Pressure washer: dilute 10-20% in water and proceed with suction of the solution.
- Rinse thoroughly.

WARNINGS:

Not recommended to apply on spyder/cabriolet soft tops.

Version	Packaging	Item Code	Box
BLUE	4,54 L	700529	4 pcs.
FUCHSIA	4,54 L	700528	4 pcs.

YELLOW	4,54 L	700526	4 pcs.

BERSOLUX

Self-polishing concentrate shampoo.

Chemically neutral detergent to clean vehicles and hard surfaces in general. Highly concentrated of active substances, the product is suitable on every kind of paint and creates a polishing and self drying effect.

Directions for use:

- Rinse the vehicle and remove mud traces that could damage bodywork.
- Dilute 20-40 ml of product in 1 L of water.
- Wash the car with a sponge.
- Rinse thoroughly with water and dry.

WARNINGS:

Do not apply under the sun or on delicate surfaces.

Do not let the product dry.

Packaging	Item Code	Box
1000 ml	700620	6 pcs.

NANOPOLISH FOAMING B6

Extra-polishing liquid foam polish.

3-in-1 shampoo-polish: cleanser, polish and protectant with a sophisticated foaming formula to clean and give shine. It is similar to waxes in jar, but it can be applied effortlessly in just ten minutes! Regular use of Nanopolish foaming B6 as a shampoo or as a waxing and final protection treatment provides your car fantastic nanotech effects: POLISH for an incredible shine, HYDROREPELLENCE to help the car dry and increase visibility in rainy weather and SILK for a smooth surface by touch.

Directions for use:

- **1000 ml**
 - Rinse the vehicle to remove impurities.
 - With foaming gun: spray pure or diluted up to 1:10.
 - With bucket and sponge/glove: dilute 20-50 ml in 1 L of water and apply it like a shampoo over the entire vehicle.
 - Rinse with plenty of water.
 - Remove any small residual water droplets with a soft cloth.
- **4,54 L**
 - Rinse the vehicle to remove impurities.
 - With foaming gun: spray pure or diluted up to 1:10.
 - With bucket and sponge/glove: dilute 20-50 ml in 1 L of water and apply it like a shampoo over the entire vehicle.
 - Rinse with plenty of water.
 - Remove any small residual water droplets with a soft cloth.

It can also be used in automatic systems 25gr/cycle.

Packaging	Item Code	Box
1000 ml	701284	6 pcs.
4,54 L	700470	4 pcs.

BERSOLWAX

Shampoo and wax with SiO₂: it cleans, polishes and protects.

New generation "wash&wax" shampoo with SiO₂ that washes, polishes, protects and preserves the life cycle of the paint. It conveys gloss and protection even on untreated cars. An excellent detergent with good lubrication, it adheres and protects, guaranteeing sheeting levels during rinsing.

Directions for use:

- Rinse the car with water to remove coarser dirt.
- Dilute 20-30 ml in 1 L of water.
- Wash with a glove and rinse.
- With foaming gun: use the product from pure to diluted 1:3.

*May contain traces.

Packaging	Item Code	Box
1000 ml	701003	6 pcs.
4,54 L	701006	4 pcs.

LUSTRAWAX

Nanotechnology based sealing and polishing liquid wax.

Long lasting nanotechnology based protective treatment. It creates a protective film on the car that defends against the elements including acid rain, sun and sea salt and limescale. It allows to travel with no worries about the brilliance and shine of the car for 6 weeks at least. It protects plastic and aluminium parts of the bodywork, leaving smoothness and with an amazing silky effect.

Directions for use:

- Use the product on a clean, dry car.
- **First application / special operations:**
 - With foaming gun:
 - Dilute 1:1 with water.
 - Carefully apply to the whole vehicle.
 - Rinse with plenty of water.
 - By hand with a wool glove possibly:
 - Dilute 1:10 with water.
 - Spread it on dry car making sure to cover every part.
 - Dry with a soft microfiber finishing cloth.
- **Frequent applications:**
 - Dilute about 20-40 ml of product in 5 L of water.
 - Spread it with a watering can.
 - Dry with a soft microfiber finishing cloth.
- The protective film will reach its function 3 hours after treatment.

WARNINGS:

Do not apply on hot surfaces or in direct sunlight.

*Patent 1405717.

FORMULA BREVETTATA*
UV RAYS ACTIVATION
PATENTED* FORMULA

Packaging	Item Code	Box
1000 ml	701286	6 pcs.

NANOTECH

Protective and self-drying concentrated liquid wax.

High-performance liquid wax with essential oils that helps drying without greasing. The bodywork will be shiny, smooth to the touch and protected.

Directions for use:

- Dilute about 10-20 ml of product in 1 L of water.
- Evenly apply on the wet car, possibly with a sprayer or atomizer.
- Rinse with plenty of water and dry.

Packaging	Item Code	Box
1000 ml	701282	6 pcs.

MULTIFORCE **EXTREME**

Powerful multipurpose degreaser for stubborn dirt.

Powerful, fast and concentrated degreaser for the exterior and interior of all types of vehicles and environments (shipyards, homes, factories, body shops, etc.). It has a renewing effect with anticorrosive agents for grease, smog, stains and traffic film.

The 650 ml bottle is equipped with the new foam-trigger cap for a deeper and more intense cleaning action, also on vertical surfaces.

Directions for use:

- **650 ml** – Ready to use product.
 - Spray the product and leave it for 1 minute.
 - Rinse with a damp cloth.
- **4,54 L**
 - On particularly dirty surfaces, spray the pure product and leave it for 1 minute before rinsing thoroughly with a damp cloth.
 - In case of light dirt, it is possible to dilute it up to 1:3.
 - As APC dilute 1:10.

WARNINGS:

Do not apply under the sun or on delicate surfaces.
Do not let the product dry.

*May contain traces.

Packaging	Item Code	Box
650 ml	701040	6 pcs.
4,54 L	701010	4 pcs.

KO IRON

Decontaminant agent for ferrous residues and limescale.

Ko Iron is a detergent and decontaminant that removes ferrous and mineral residues that are difficult to remove with classic rim cleaners and washes; it creates a special visual effect that eliminates all contaminants from both bodywork and rims of all kind of vehicles (cars, trucks, vans, etc.).

Acid-free product, Ko Iron can be used on steel, light alloy, chrome and polished rims. Its "low odour" formula (with a low sulphur odour) attacks the iron and rust micro particles and changes colour to purple, thus granting a spectacular visual effect to this washing stage, as well as a sign that the product has attacked the ferrous and rust particles and is ready to be rinsed.

Directions for use:

- **750 ml** – Ready to use product.
 - Spray evenly on the cold surface and wait for the product to react and change colour to purple (2-5 minutes) without letting it dry.
 - Rinse well with water. Use a brush to remove deep dirt where required. Proceed panel by panel in case of bodywork decontamination.
- **4,54 L**
 - Use pure to clean rusty metal surfaces or diluted 1:1/1:2 with water for surfaces only contaminated with iron particles.
 - Wait for the product to react and change colour to purple, don't let it dry.
 - Rinse well with water.

WARNINGS:

For delicate surfaces, always test the product on a small part before use. Do not apply the product on hot surfaces and do not let it dry. Prevent the product from coming into contact with the cast iron brake caliper.

Packaging	Item Code	Box
750 ml	700482	6 pcs.
4,54 L	700210	4 pcs.

LEGA

Degreaser for rims and tyres.

Specific detergent for cleaning car rims of all brands. It cleans without denting, restores a new, shiny appearance. Leaves an antioxidant protective film, it is also effective on dirt deposits on brake linings, brake pads and stubborn dirt.

Directions for use:

- Spray onto dry surface.
- Rinse, possibly with high pressure water or wipe with a sponge and rinse.

Packaging	Item Code	Box
750 ml	70864	6 pcs.

GOMMALUX

Polishing/renovating and protecting agent for tyres and plastic bumpers.

Restores and polishes tyres without leaving grease marks. Its innovative components penetrate the micropores preventing cracks due to ageing. Thanks to its special formula, it ensures an effective, long-lasting action also on bumpers plastic trims and plastic parts.

The 1000 ml and 750 ml sizes give a semi-matt finish, while the 250 ml and 600 ml aerosol versions differ in their EXTRA BRILLIANCE glossy effect.

Directions for use:

- **250 ml - 600 ml** - Ready to use product.
 - Shake before use.
 - Spray from a distance of 15-20 cm by holding the can upright.
 - Wipe again after a few seconds with a clean, dry cloth.
- **750 ml - 1000 ml** - Ready to use product.
 - The 1000 ml size can be diluted 1:2 for a more matt effect.
 - Clean and dry the area to be treated.
 - Spray the product and even it out with a sponge.

WARNINGS:

Do not apply on tire tread.

Packaging	Item Code	Box
250 ml	70907	24 pcs.
600 ml	70863	6 pcs.
750 ml	70868	6 pcs.
1000 ml	701287	6 pcs.

NO INSECT

Detergent to remove all kind of insects from any car surface.

Specific detergent for the professional removal of insects from any car surface without damaging the parts in contact.

Directions for use:

- **250 ml** – Ready to use product for windshield washer tanks.
 - Pour the contents of the package in the windshield washing tank and dilute with water (one bottle is good enough for 10 L of water).
- **750 ml** – Ready to use product, for external use only.
 - Spray evenly on the surface.
 - Leave for 1-2 minutes before rinsing with a damp cloth.

WARNINGS:

Do not apply on hot parts or in the sun.

Packaging	Item Code	Box
250 ml	700544	20 pcs.
750 ml	71265	6 pcs.

6 FOR 1

6 products in 1: it cleans, revives and protects leather, fabrics and hard surfaces.

6 FOR 1 is the only product that carries out six actions all in one: it cleans interior and exterior surfaces, revives them without leaving grease marks, provides protection from UVA rays, removes dust, stains from fabrics and leaves a long-lasting fragrance. It can be used on fabrics, plastic and hard surfaces.

Directions for use:

- Spray the product evenly on surfaces 15 cm away.
- Spread the product with a cloth.
- If applied on fabrics, rinse with a damp cloth.
- When used on bodywork, wipe until it dries.

Packaging	Item Code	Box
750 ml	75268	6 pcs.

LUSTRADRY

Quick cleaning, protective and polishing treatment.

Nanotechnological product to clean and refinish without water and without leaving marks. Cleans, polishes and protects the vehicle. To be used for so-called waterless cleaning, it leaves paintwork smooth, glossy and protected from weathering. It can be used both on wet and dry vehicles.

Directions for use:

- Spray the pure product 15 cm away from the surface.
- Use 2 cloths: the first damp cloth to wipe over surfaces removing dirt, while the second clean and dry cloth to remove excess product and wipe dry.

Packaging	Item Code	Box
750 ml	75016	6 pcs.
4,5 L	700467	4 pcs.

LUSTRATOUCH

Ultra quick protective liquid wax.

Innovative 3-in-1 product: wax, polish and protectant in a single solution that provides 30% more shine. Its strong water repellency considerably enhances the wax effect. Its protective action counters dirt deposits. It protects plastic and aluminium parts of the bodywork.

Directions for use:

- Spray 2-3 times on the dry and clean surface, or on a microfibre cloth.
- Wipe with circular movements until completely absorbed.

WARNINGS:

Do not apply too much product.

Do not apply the product on hot surfaces.

Packaging	Item Code	Box
750 ml	75215	6 pcs.
4,5 L	700469	4 pcs.

DET LEATHER

Scented moisturising detergent for real leather.

Specific product for deep cleansing of leather interiors with a pleasant fragrance. We recommend extending the care of your car with "Cream leather", which adds smoothness and elasticity.

Directions for use:

- Spray the product 15 cm away from the surface.
- Spread it evenly with a moist cloth or sponge.
- Rinse and dry with a dry cloth.
- On vertical surfaces, apply the product from the bottom upwards.

Packaging	Item Code	Box
750 ml	71132	6 pcs.

CREAM LEATHER

Nourishing, hydrating and protective treatment for real leather interiors.

Specific product for treating and protecting leather: it restores leather softness and elasticity. We recommend applying "Cream leather" after the cleansing phase using "Det leather".

Available in 2 fragrances: "Black orchid" and "Leather."

Directions for use:

- **750 ml** - Ready to use product.
 - Spray the product 15 cm away from the surface.
 - Spread it evenly with a sponge.
 - Leave it to dry or wipe with a dry cloth.
- **4,54 L**
 - Apply the product evenly on the leather or on the surface using a cloth.
 - Wipe with circular movements until completely absorbed.

Perfume	Packaging	Item Code	Box
Black Orchid	750 ml	73497	6 pcs.
Black Orchid	4,54 L	700468	4 pcs.
Leather	750 ml	70751	6 pcs.
Leather	4,54 L	700692	4 pcs.

FLOPPY PLUS

Polishing and hygienizing* detergent for all surfaces and fabrics.

Special neutral multipurpose product for all surfaces and fabrics, guarantees intensive, hygienic* cleaning without streaks. Its no-rinse formula is suitable to clean surfaces of vehicles, houses and industries (specifically: dashboard, furniture, doors, seats...). Floppy plus is ammonia free and low foam, therefore is perfect for applications with extraction systems, maxx cleaning gun or dry-cleaning systems.

Directions for use:

- For particularly stubborn dirt, use the product pure.
- Dilute 1:5 (1 part product and 5 water) when very dirty, 1:10 with average amount of dirt, 1:15 when slightly dirty.
- Spray on the surface and leave for a few seconds.
- Wipe with a damp cloth.

WARNINGS:

Test it on a small area before using it on new or delicate surfaces.

* The "hygienizing" indication, if present, refers to the physical or mechanical action. For example: the mechanical action of the cloth used by the operator.

Packaging	Item Code	Box
4,54 L	700213	4 pcs.

POLISH PLUS AROMA

Restores plastic, dashboards, rubber and leather.

Polish Plus Aroma is a vanilla-scented product specifically designed to clean and protect internal plastic parts such as dashboards, trims, mouldings, rubber and leather parts of vehicles (cars, trucks, motorbikes, vans etc.).

Its special formula leaves the surfaces smooth to the touch without discolouring or making them greasy, while ensuring an effective antistatic barrier (against dust) and anti-UV effect (indispensable for external plastics, dashboards and doors plastic next to the windows often exposed to sunlight).

Directions for use:

- **750 ml** - Ready to use product.
 - Spray evenly 20 cm away from the surface.
 - Spread the product evenly using a microfibre cloth.
 - Wipe with a dry cloth.
- **4,54 L**
 - Use the product pure or dilute 1:3 with water.
 - Spray the product evenly 20 cm away from the surface.
 - Spread the product evenly using a microfibre cloth.
 - Wipe with a dry cloth.

WARNINGS:

Do not apply on the tread.

Packaging	Item Code	Box
750 ml	74903	6 pcs.
4,54 L	700209	4 pcs.

BRILLIANT

Polishes, revives and protects plastic parts.

Great for dashboards and plastic interiors of cars and boats. Polishes and protects any kind of plastic material and wood enhancing its natural look. It keeps surfaces clean with durable results and adds a long-lasting glossy touch. The cap's colour indicates the product's fragrance.

The 750mL "VANILLA" version differs for "EXTRA SHINY" formula.

The "LIME" version DOES NOT CONTAIN SILICON in its formula.

Directions for use:

- Shake before use.
- Spray the product from a distance of about 20 cm, keeping the bottle upright.
- Wipe with a clean cloth and wait for it to dry.

Packaging	Fragrance	Silicone	Item Code	Box
250 ml	Lemon	YES	70904	24 pcs.
600 ml	Lemon	YES	70891	24 pcs.
600 ml	Drakar	YES	70894	24 pcs.
600 ml	Lime	NO	70892	24 pcs.
600 ml	Strawberry	YES	70895	24 pcs.
600 ml	Talcum	YES	70896	24 pcs.
600 ml	Vanilla	YES	70897	24 pcs.
750 ml	Vanilla	YES	74598	24 pcs.

TEX

Active foam: cleans and brightens fabric and carpet interiors.

With its special high-foam formula it cleans effectively carpets, upholstery and cloth surfaces without leaving any deposit. It dries in a short time and, while cleaning, hygienizes** fabrics, removes bad odors* and leaves a pleasant scent.

Directions for use:

- Shake before use.
- Spray the product from a distance of about 20 cm, keeping the bottle upright.
- Wipe with a clean cloth and wait for it to dry.

* The mechanical action of the cloth used by the operator favors the removal, together with the dirt, also of the substances responsible for bad odours.

** The "hygienizing" indication, if present, refers to the physical or mechanical action. For example: the mechanical action of the cloth used by the operator.

REMOVES BAD ODORS WHILE CLEANING*

Packaging	Item Code	Box
600 ml	70901	6 pcs.

PULITUTTO

Concentrated degreaser for interiors.

Super concentrated detergent specifically designed to thoroughly clean and degrease all vehicle interior surfaces (cars, trucks, vans, etc...); it helps to easily remove the most stubborn dirt and grease. Pulitutto is a low foam product therefore can also be used for seats made of fabric, leather, leatherette, sky, plastic parts, mats and trunks, without leaving residues.

The 4.54 L canister is distinguished by the "Black orchid" fragrance while all the other packaging adopt the "Sea breeze" fragrance.

The 250 ml spray bottle features a formulation with ACTIVE FOAM that gets deep into the fibers for greater effectiveness, ideal to clean the ceiling and upholstery on doors.

Directions for use:

- **250 ml** - Ready to use product.
 - Shake before use.
 - Spray the product evenly 20 cm away from the surface holding the bottle upright and leaving it for a few seconds.
 - Wipe with a clean, dry cloth.
- **750 ml** - Ready to use product.
 - Spray evenly 20 cm away from the surface.
 - Wipe with a damp cloth.
- **1000 ml**
 - Dilute 20-50 ml of product in 1 L of water
 - Wash the parts with a sponge.
 - Rinse with a damp cloth.
- **4,54 L**
 - Use the product pure or dilute with water as follows:
 - 1:10 for dirty surfaces and black drippings.
 - 1:25 or medium/low dirt and fabrics.
 - Spray the product evenly 20 cm away from the surface.
 - Leave it for a few minutes.
 - Wipe with a damp cloth.

For stubborn dirt, use a soft brush or an extraction machine.

WARNINGS:

For delicate surfaces, first test on a small area.

Do not apply in the sun or on hot parts.

Do not let the product dry on the surface.

* The mechanical action of the cloth used by the operator favors the removal, together with the dirt, also of the substances responsible for bad odours.

** The "hygienizing" indication, if present, refers to the physical or mechanical action.
For example: the mechanical action of the cloth used by the operator.

REMOVES BAD ODORS WHILE CLEANING*

Packaging	Item Code	Box
250 ml	70920	24 pcs.
750 ml	70881	6 pcs.
1000 ml	701285	6 pcs.

LINDO

Cleans and removes grease from glass, windows and lacquered surfaces.

Ammonia free detergent, specifically conceived to clean glasses, crystals, lacquered and plastic surfaces. It fastly cleans without leaving any halo, and has a pleasant perfume. It removes grease residues as well.

Directions for use:

- Spray the product from a distance of about 20 cm.
- Wipe with a clean, dry cloth.
- It is possible to dilute the product according to the level of dirt up to 100 ml per 900 ml of water.

Packaging	Item Code	Box
4,54 L	700466	4 pcs.

REFLEX

Multipurpose detergent for glass and windows.

Detergent specifically formulated to clean car windows and windshields, guarantees their perfect transparency for maximum safety. It eliminates any deposit of nicotine, grease, dust, smog, etc without leaving any halo. Reflex can be used also to clean window glasses, mirrors, lacquered surfaces, plastic sheet laminates, etc.

The 750 ml spray version features an AMMONIA-FREE formula.

Directions for use:

- **250 ml - 400 ml** – Ready to use product.
 - Shake before use.
 - Spray the product from a distance of about 20 cm, keeping the bottle upright.
 - Wipe with a clean cloth and wait for it to dry.
- **750 ml** – Ready to use product.
 - Spray the product evenly 20 cm away from the surface.
 - Wipe with a clean, dry cloth.

Packaging	Item Code	Box
250 ml	70910	24 pcs.
400 ml	70888	12 pcs.
750 ml	70866	6 pcs.

DEOTEX

Adds a pleasant scent and, while cleaning, helps to remove unpleasant odours* from fabrics.

Adds a pleasant scent and gently cleans by breaking down dirt and, while cleaning, helps to remove unpleasant odours* of stain, animals, food, tobacco, vomit and urine from fabrics and plastic.

Directions for use:

- Spray evenly on the surface or in the environment/room/air.
- Leave for 5 minutes and allow to dry or wipe with a cloth.

* The product contains an anti-odour molecule (ricinoleic zinc) that traps the substances causing bad smells on surfaces and makes them easier to remove mechanically or physically.

REMOVES BAD ODORS WHILE CLEANING*

Packaging	Item Code	Box
750 ml	70869	6 pcs.

BRAKE & METAL AEROSOL

Quick cleaner for brakes and metal parts.

This cleaner eliminates any deposit of oil or grease from any kind of brake or metal part.

Directions for use:

- Shake before use.
- Spray the product from a distance of about 20 cm, holding the can upright.
- Wipe over if necessary with a clean cloth.

Packaging	Item Code	Box
600 ml	70899	6 pcs.

DEOTEX PLUS SANY AEROSOL

Hygienizing** deodorant treatment for air-conditioning systems.

With its deodorant action, Deotex Plus Sany eliminates bad odours*** and purifies air in cars, trucks, caravans, rooms and air-conditioners.

THE SEMI-FINISHED PRODUCT (EXCLUDING PROPELLANT) IN THE AEROSOL CONTAINS AT LEAST 75% ALCOHOL.

The product is tested according to EN 1276 (bactericide), EN 1650 (fungicide), EN 13697 (bactericide and fungicide for surfaces), EN14476 (virucide, coronavirus-specific), EN 16777 (virucidal activity of surface disinfectants) standards*.

Directions for use:

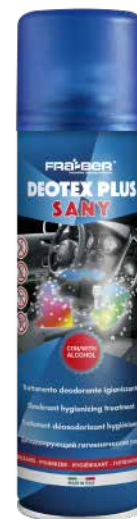

- Start the vehicle's engine and switch on the air conditioning system (air recirculation function ON).
- Set the fan on maximum speed and open all the air vents.
- Place the Deotex Plus Sany aerosol can on the floor on the passenger side of the vehicle, taking care not to position the jet facing the dashboard.
- Firmly press the spray button until the valve locks in place. The special "one-shot" valve allows to dispense all the product until the can is completely empty.
- Exit the vehicle, ensuring that all the windows are fully closed. Wait until the can has fully discharged and leave the engine running for a further 10 minutes.
- Ventilate the vehicle interior for 5 minutes.

* The product is not registered as a PMC disinfectant, but has properties tested according to the regulations.

** The "hygienizing" indication, if present, refers to the physical or mechanical action determined by the air ventilation during the action phases of the product or by the mechanical action of the cloth used by the operator in the following phases.

*** The product contains an anti-odour molecule (ricinoleic zinc) that traps the substances causing bad smells on surfaces and makes them easier to remove mechanically or physically.

REMOVES BAD ODORS WHILE CLEANING***

Packaging	Item Code	Box
250 ml	74436	24 pcs.

DEOTEX PLUS SANY ACCESSORIES

• Double language ITA-ENG hanger.

Hanger to inform customers about the hygienizing treatment performed with Deotex Plus Sany. Useful for service stations and car washes to hang on the rearview mirror after having treated the interior of vehicles.

Article	Item Code	Box
Hanger	75365	24 pcs.

DEOTEX SANY AEROSOL

Multipurpose disinfectant.

Eliminates bacteria, yeasts, fungi and virus. Limited virucidal activity (enveloped virus included).

THE SEMI-FINISHED PRODUCT (EXCLUDING PROPELLANT) IN THE AEROSOL CONTAINS AT LEAST 75% ALCOHOL.

The product is tested according to EN 1276 (bactericide), EN 1650 (fungicide), EN 13697 (bactericide and fungicide for surfaces), EN14476 (virucide, coronavirus-specific), EN 16777 (virucidal activity of surface disinfectants), EN 1276 (Legionella Pneumofila) standards.

Directions for use:

- **250 ml**
 - The special "one-shot valve" makes it possible to dispense all the product until the can is completely empty (for this function press firmly on the valve until it clicks).
 - Do not remain in the room/vehicle interior while dispensing the product, then ventilate for 5 min.
 - Keep the can upright.
 - Store in cool place, and away from direct sunlight and heat sources.
- **400 ml**
 - Dispense the product from a distance of 20 cm on the cleaned surface, leave to act for 5 min, 15 min for fungi.

Packaging	Item Code	Box
250 ml	79973	24 pcs.

BIOCYD

Hygienizing* cleaner: it helps the removal, with dirt, of germs and bacteria.**

It cleans and hygienizes the surfaces of vehicles, offices, homes and gyms, leaving them sparkling. It "traps," while hygienizing, substances responsible for bad odours and promotes the removal of germs and bacteria together with the dirt. It also contains plant-based surfactants, it is VOC free** and therefore also suitable for use with extraction systems and max cleaning guns, as well as steam baths.

Directions for use:

- **750 ml** – Ready to use product.
 - For daily hygiene: spray the product and leave it 5 minutes before wiping with a damp cloth.
 - For a deep hygienizing action: use the product pure on clean surface and leave for 15 minutes before wiping with a cloth.
 - For surfaces in contact with food, rinse thoroughly.
- **5 L**
 - For daily hygiene: dilute 333 ml in 1 L of water (1:3). Spray the product and leave on for 5 minutes before wiping with a cloth.
 - For a deep hygienizing action: use the product pure on clean surface and leave for 15 minutes before wiping with a cloth.
 - For surfaces in contact with food, rinse thoroughly.

WARNINGS:

Test it on a small area before using it on new or delicate surfaces.

** The VOC of the raw materials is less than the measurable threshold of 0.1%, in conformity with EN ISO 11890-2:2013.

*** The "hygienizing" indication, if present, refers to the physical or mechanical action. For example: the mechanical action of the cloth used by the operator.

For more informations about surfactants visit www.fra-ber.it.

750 ml	700983	6 pcs.
5 L	700982	4 pcs.

ADDITIVES

BRAKE FLUID

Fluid for drum and disk brakes.

ADD DIESEL

Cleans and eliminates deposit from fuel nozzles, optimizes combustion, protects engines against frost.

NO INSECT

Cleaning additive to remove any insect from the windscreen.

ACQUA BIDISTILLATA

High purity product, low content in mineral salts.

RADIATOR TURAFALLE

Seals small leaks and cracks permanently.

ANTIFREEZE

NO ICE

Eliminates ice and frost instantly. Available also in aerosol version.

DEOMAGIC

Antifreeze liquid for windscreen washer tanks. 3 versions available: -22°C, -30°C and -70°C.

EUROFLU BLUE

Antifreeze mixture, with innovative inhibition effect. 2 versions available: -22°C and -40°C.

EUROFLU PINK LONG LIFE

Antifreeze liquid for sealed cooling circuits. 3 versions available: concentrated, -22°C and -40°C.

Ca CLEAN

Hard water additive: ideal for pressure washers, boilers, car washes, detergents.

Reduces/prevents the formation of limescale in boilers, coils, walls of pressure washers. It also reduces the hardness and intensity of limescale deposits in car washes or the formation of deposits when pre-diluting or diluting detergents with very hard water, in fact hard water could lead to the formation of deposits especially in summer, with temperatures above 40°C.

Directions for use:

Use through the dosing device of high-pressure cleaners or washing systems according to the instructions of the equipment manufacturer, or add in the pre-dilution tank or in the product being used, if applicable.

- High-pressure cleaner/water additive consumption: If the high-pressure cleaner is equipped with an automatic dosing device for anti-limescale, dose according to water hardness. If this is not present, add 3.3 ml of product per m³ of water per 1 degree of hardness TH (°f). If the high-pressure cleaner does not have dosing devices, mix the product with the prewash or shampoo, if applicable, as shown below. If used in a high-pressure cleaner with hot (above 40° C) and very hard (above 45° TH) water, we recommend adding the additive.
- Consumption as an additive in water or detergent: mix the product with the prewash or shampoo if applicable or in the water/detergent solution:
 - at 5 % in the detergent with 54°TH hardness and 40-50°C temperature.
 - at 10 % in the detergent with 108°TH hardness and 40-50°C temperature.
 At higher temperatures, the dosage must be higher. At lower temperatures, we always recommend at least 2-3%.
- Consumption in osmosis systems: for membrane protection we recommend 0.56 ml of additive per 1 degree of hardness TH (°f) and per m³ of water.

Packaging	Item Code	Box
4,54 L	701162	4 pcs.

WC KEM

Disaggregating agent for organic substances, suitable for any kind of bathroom on boats and caravans.

Concentrated scented formula with three effects: it accelerates the process that breaks down organic waste, it limits the formation of odours and gases in portable toilet waste tanks and it hygienizes. Wc Kem's formula does not contain FORMALDEHYDE, EDTA/NTA and PHOSPHATES*, highly polluting substances for the environment.

Directions for use:

- Use the dispenser cap of your portable toilet to pour 75 ml of product every 10 L of capacity and add 2 L of water.

*May contain traces.

Packaging	Item Code	Box
1000 ml	701283	6 pcs.

RADIATOR TURAFALLE

Fast liquid to instantly seal radiator leaks.

Seals small leaks and cracks permanently. It reduces corrosion, the formation of rust and leaks. It keeps the water pump and heating system's parts running efficiently. It avoids obstructions, and it doesn't damage seals, water pipes and metals. It can be mixed with all kinds of antifreeze products on the market.

Directions for use:

- Start the engine and wait for its temperature to rise.
- Pour the product into the designated tank and run the engine for 15 minutes so that the product reaches the leak.
- Turn the engine off and let it cool down for at least 2 hours.

Packaging	Item Code	Box
250 ml	70111	20 pcs.

ADD DIESEL

Cleans and eliminates deposits from fuel nozzles, optimizes combustion, protects engines against frost.

Additive for Diesel and Turbo Diesel engines. It restores the fuel system's efficiency, rapidly cleans and removes deposits from the injectors, optimises combustion, improves performance, makes it easier to start the engine when it is cold, reduces noise and exhaust fumes. Moreover, it provides protection during winter.

Directions for use:

- Pour it pure in the fuel tank, together with at least 20 L of fuel.

Packaging	Item Code	Box
250 ml	70787	20 pcs.

DREAM AIR PLUS

2 In 1: concentrated scented additive for car detergents and air freshener.

2-in-1 product: concentrated scented additive for car cleaning products and fresheners. As a scented additive, it can be added directly to any prewash product, shampoo, brush, polish, wax, etc. Diluted in water, it can create solutions to add a pleasant fragrance to car interiors. It restores a pleasant cleanliness feeling.

Available in 2 different fragrances: FRUIT and FLOWERS.

Directions for use:

- Dilution: 1-3% in detergents
2% in water, as a scented solution.

Packaging	Fragrance	Item Code	Box
250 ml	Flowers	74529	20 pcs.
250 ml	Fruit	74528	20 pcs.

BRAKE FLUID

Fluid for drum and disk brakes.

Fluid for drum and disk brakes, ensures a firm and gradual braking action at all operating temperatures (-40°C; +260°C); does not damage rubber pads. Compliant with FMVSS standards. 116 DOT 4 - ISO 4925 - SAE J1703 and CUNA NC 956 - 01 DOT 4. Boiling point after hygroscopicity tests: +155°C.

Directions for use:

- Pour the product into the designated tank by following the instructions in the car's manual.

Packaging	Item Code	Box
250 ml	70774	20 pcs.

ACQUA BIDISTILLATA

High purity and low content of dissolved mineral salts.

High purity product, low content in mineral salts. Excellent for filling car batteries.

Directions for use:

- Dilution: ready for use.

Packaging	Item Code	Box
1000 ml	70813	12 pcs.

EUROFLU BLUE -22

Antifreeze mixture, with innovative inhibition effect.

Polyvalent antifreeze mixture with ecological inhibition ready to use to protect from freezing down to -22°C. Nitrite- and amine-free formula. It ensures protection from corrosion and prevents formation of limescale deposits and foam. Complies with the specifications of the most important car manufacturers.

Directions for use:

- The product can be used pure or diluted according to the level of protection desired; follow the dilutions table on the back of the bottle.
- Fill up the cooling circuit by following the instructions in the user manual of the manufacturer.

Packaging	Item Code	Box
1000 ml	700439	6 pcs.

EUROFLU BLUE -40

Antifreeze mixture, with innovative inhibition effect.

Polyvalent antifreeze mixture with ecological inhibition ready to use to protect from freezing down to -40°C. Nitrite- and amine-free formula. It ensures protection from corrosion and prevents formation of limescale deposits and foam. Complies with the specifications of the most important car manufacturers.

Directions for use:

- The product can be used pure or diluted according to the level of protection desired; follow the dilutions table on the back of the bottle.
- Fill up the cooling circuit by following the instructions in the user manual of the manufacturer.

Packaging	Item Code	Box
1000 ml	700440	6 pcs.

EUROFLU LONG LIFE

Concentrated long-lasting antifreeze mixture.

Multi-purpose antifreeze liquid with ecological inhibition: maximum protection against frost, boiling, corrosion, rust, foam, limescale and oxidation. Nitrite- and amine-free formula. Complies with the specifications of the most important car manufacturers. Long-lasting pink version.

Directions for use:

- The product have to be diluted according to the table on the back of the bottle.
- Fill up the cooling circuit by following the instructions in the user manual of the manufacturer.

Packaging	Item Code	Box
1000 ml	700437	6 pcs.

EUROFLU LONG LIFE -22

Ready to use long-lasting antifreeze mixture.

Polyvalent antifreeze mixture with ecological inhibition ready to use to protect from freezing down to -22°C. Nitrite- and amine-free formula. It ensures protection from corrosion and prevents formation of limescale deposits and foam. Complies with the specifications of the most important car manufacturers. Long-lasting pink version.

Directions for use:

- The product can be used pure or diluted according to the level of protection desired; follow the dilutions table on the back of the bottle.
- Fill up the cooling circuit by following the instructions in the user manual of the manufacturer.

ACCESSORIES

For optimal results the right tools are needed.
Each product needs its own accessory.

SUPER DRY

PVA synthetic leather.

Suitable to dry and clean any kind of surface of cars, motorbike, boat and home. Top quality with extremely high absorbency.

Specifications:

- Dimensions: 54 x 44 cm.

Item Code	Box
70919	1 pc.

FAUX LEATHER

Synthetic leather in pouch.

Suitable to dry and clean any kind of surface of cars, motorbike, boat and home. Top quality with extremely high absorbency.

We recommend washing it with water and soap before use. After use, wring it, let it dry and store in its resealable bag.

Specifications:

- Dimensions: 41 x 32 cm.

Item Code	Box
70878	60 pcs.

FAUX LEATHER

Synthetic leather roll.

Top quality synthetic leather with extremely high absorbency suitable to dry and clean any kind of surface.

Specifications:

- Roll: Ø 32,5 cm.
- Width: 32 cm.
- Inner roll support: Ø 4 cm.
- Weight: 5,9 Kg.
- 240 tears.

Item Code	Box
70790	1 pc.

MICRON HD

Multi-action microfiber cloth.

A cloth with extra-absorbent capacity; thanks to its structure, it captures dirt and limescale residues.

Specifications:

- Dimensions: 50 x 40 cm.
- Extra absorbent capacity.
- Polishes perfectly.
- Label-free.

Item Code	Box
74007	1 pc.

ULTRAMICRON HD

Multi-action microfiber cloth.

Ideal cloth for drying both hard surfaces and glass; thanks to its structure it absorbs, degreases and polishes.

Specifications:

- Dimensions: 54 x 48 cm.
- Dries both hard surfaces and glass quickly.
- Polishes perfectly.
- Label-free.

Item Code	Box
77259	1 pc.

MICROFIBER CLOTH

Self-drying microfiber cloth.

Specifications:

- Dimensions: 60 x 80 cm - thickness: 0,8 mm.
- Rapid water absorption.
- Fast drying.
- Leaves no halos or residues.
- Fast sliding on the surface.
- Label-free.

Cloth color may vary depending on available stock.

Item Code	Box
70808	1 pc.

AMARETTA®

Amaretta® suede cloth.

The special combination of polyamide and polyurethane gives this cloth the perfect adherence and absorbency for cleaning glass, mirrors, house and office surfaces and bodywork of all kinds of vehicles (such as cars, vans, trucks, caravans, boats, yachts and ships). This long-lasting drying cloth is very soft and leaves no marks or hair residues.

The BROWN cloth corresponds to the "SOFT" version, even softer.

Specifications:

- Dimensions: 58 x 78 cm - thickness: 0,8 mm.
- Composition: 60% polyamide - 40% polyurethane.
- Label-free.

*Registered trademark not owned by FRA-BER s.r.l. .

Version	Item Code	Box
GREY	74860	1 pc.
BROWN	700093	1 pcs.

PANNO VETRI

Ultra-microfiber cloth for cleaning glasses, crystals and shiny surfaces.

Large ultra-microfiber cloth specific for cleaning glasses; thanks to the excellent absorbency and delicate texture can be used on any shiny surface. The special structure of the "TNT" fabric allows easy wringing and dirt release.

Caratteristiche:

- Dimensions: 53 x 67 cm - 130 gsm.
- Composition: ultra-microfiber 80% polyester, 20% polyamide.
- Seamless ultrasonic cut.
- Label-free.

Item Code	Box
701668	1 pc.

MICRON UP

Microfiber cloth, ideal to remove product residues.

Short fibre cloth designed to remove polish, compound and coating. It quickly eliminates product residues left during polishing. The laser cut technology allows a safe use, leaving no defections since the product is seamless and edgeless. It can also be used with spray products for cleaning leather/dashboards/door panels but also for metal polish. Gentleness and cleaning capability in a single product.

Specifications:

- Dimensions: 40 x 40 cm - 300 gsm.
- Seamless ultrasonic cut.
- Label-free.
- Sold in resealable bag perfect for storage.

Item Code	Box
79470	1 pc.

MICRON 2F

Two-sided microfiber cloth: short and long pile.

Two-sided with two fiber lengths cloth: the short pile side is suitable for cleaning, application and removal of sealants, waxes, sprays and quick detailers, while the long pile side is delicate for maximum finish. The cloth is edgeless and produced with laser-cut technology for maximum safety in use.

Specifications:

- Dimensions: 40 x 40 cm – 500 gsm.
- Microfiber composition: 80% polyester, 20% polyamide.
- Seamless ultrasonic cut.
- Label-free.
- Sold in resealable bag perfect for storage.

Item Code	Box
79462	1 pc.

MICRON XXL - XXL SUV

Super-absorbent microfiber cloths for drying.

Cloth made of highly absorbent fiber that simplifies and speeds up drying after washing. Available in two distinct versions: XXL for sports cars or small/medium size vehicles, and XXL SUV for large vehicles such as SUVs, station wagons, boats, campers, trucks or vans.

Specifications XXL:

- Dimensions: 70 x 90 cm – 500 gsm.
- Label-free and silk-edged.
- Sold in resealable bag perfect for storage.

Specifications XXL SUV:

- Dimensions: 60 x 90 cm – 1200 gsm.
- Label-free.
- Sold in resealable bag perfect for storage.

Version	Item Code	Box
XXL	79466	1 pc.
XXL SUV	701311	1 pc.

MICRON BUFFING

Super-absorbent microfiber cloth for finishing and drying.

The ideal cloth for finishing waxes, sealants, protective sprays, quick detailers and glazes. Its extra softness, the ultrasonic cut and seamless edges make it safe to use even on the most delicate surfaces. Both sides have the same characteristics of thickness and softness. This cloth is made of a highly absorbent fibre that also helps to simplify and speed up drying after washing. Quickly absorbs large amounts of water, sliding fast over surfaces without leaving streaks or stains.

Specifications:

- Dimensions: 60 x 40 cm – 550 gsm.
- Seamless ultrasonic cut.
- Label-free.
- Made in Korea like the best microfibres on the market are.
- Sold in resealable bag perfect for storage.

Item Code	Box
79515	1 pc.

MICRON WASH MITT

Highly absorbing microfiber mitt for washing.

Double-sided microfiber mitt for washing. The special microfiber and polyester filaments allows to safely capture dirt particles (giving a lubricated and smooth effect) and to release it once the mitt is dipped in a bucket. The thickness is made of sponge material and offers high water absorption. We recommend to use the glove with the aid of 2 buckets (one with shampoo and one for rinse) with grid at the bottom, to avoid leaving residues in the fibres and consequent damage to surfaces.

Specifications:

- Dimensions: 18 x 27cm (including elastic wristband).
- Microfiber composition: 92% polyester, 8% polyamide.
- Elastic wristband.
- Sold in resealable bag perfect for storage.

Item Code	Box
79464	1 pc.

MICRON WOOL WASH MITT

Wool mitt for washing.

Extremely soft and delicate short hair pile wool mitt, medium-sized to perfectly fit in all vehicle's inlets and curves. The separate thumb design helps to wash door handles without the use of brushes or smaller mitt. We recommend to use the glove with the aid of 2 buckets (one with shampoo and one for rinse) with grid at the bottom to avoid leaving residues in the fibres and consequent damage to surfaces.

Specifications:

- 100% wool.
- Dimensions: 30 x 20 cm.
- Sold in resealable bag perfect for storage.

CAUTION: the wool mitt is delicate, handle it with the utmost care.

Item Code	Box
79469	1 pc.

MICRON WOOL WASH MITT LONG

Long hair wool mitt for washing.

Innovative natural fibre mitts that guarantees safety, softness and comfort. The wool mitt slides over the surface, safely collecting dirt particles and giving a more lubricated, smooth effect. The back pocket is specially designed for the manual use, to manage the surface work in a better and more meticulous way. We recommend to use the glove with the aid of 2 buckets (one with shampoo and one for rinse) with grid at the bottom to avoid leaving residues in the fibres and consequent damage to surfaces.

Specifications:

- 100% wool.
- Dimensions: 25 x 16 cm.
- Sold in resealable bag perfect for storage.

CAUTION: the wool mitt is delicate, handle it with the utmost care.

Item Code	Box
79465	1 pc.

SUPER LUSO

Microfiber washing mitt.

Extremely soft and gentle medium-sized washing glove: it fits perfectly to all bumps and curves of the vehicle.

Item Code	Box
70825	1 pc.

DET BOWL

Bucket for washing and rinsing.

20 Litres washing bucket. Available separately: lid with rubber gasket and grid to be placed on the bottom, which is essential to allow dirt to settle down when rinsing gloves/cloths. During washing we always recommend to use 3 buckets to separate the dirt-contaminated water from the rinse water and a third bucket to wash wheels only.

Specifications:

- Solid black semi-transparent plastic.
- Iron handle.
- Capacity: 20 L.

Article	Item Code	Box
Bowl	79473	1 pc.
Lid	79650	1 pc.
Grill	79649	1 pc.

SPRAY PUMP

Manual precompression pumps.

Precompression pumps for cleaning products.

Available in 2 versions according to the type of acid or alkaline detergent.

Specifications:

- 2 L reservoir.
- Equipped with durable gaskets.
- Safety valve.
- Continuous dispensing button.
- Adjustable dispensing with swivelling nozzle.

Version	Item Code	Box
Acid (Black)	700744	1 pc.
Alkaline (Blue)	700743	1 pc.

SOFT BRUSH

Soft bristle brush.

Brush created to be extremely gentle on any type of surface. It's particularly suitable for delicate, innovative and often very expensive fabrics and materials such as leather, Alcantara®, quilted velvet, suede, silk, carbon fibre, etc. as the bristles are soft and do not scratch the treated surface. It's perfect for better spreading cleaning products thereby allowing to work with precision and meticulousness. It's also perfect for dusting fragile elements such as polished interior mouldings, screens and transparent plastic parts of the dashboard. Equipped with an anatomical knurled handle that allows a firm grip even when wet, the brush has a hole in the handle to be hang to dry.

Specifications:

- Length: total = 16,3 cm - bristles = 4,5 cm.
- Bristles material: nylon 612.

*Registered trademark not owned by FRA-BER s.r.l. .

Item Code	Box
700194	1 pc.

MEDIUM BRUSH

Medium bristle brush.

Brush developed for cleaning both interior and exterior car details. It allows a more gentle touch than Hard Brush on harder, more resistant materials and a deeper cleaning than Soft Brush on softer ones. It is used for better spreading cleaning products, allowing you to work with extreme precision. It is suitable for use on exterior surfaces such as grilles, mirrors, door handles, door rabbets and frames, fuel caps, window frames, spoiler details, logos and lettering. For interior surfaces it is suitable for plastics, door panels, pillars, seat rails, roof, upholstery and carpets. The brush has a hole in the handle for hanging to dry.

Specifications:

- Length: total = 23 cm - bristles = 5,1 cm.
- Bristles material: mix.

Item Code	Box
701083	1 pc.

HARD BRUSH

Hard bristle brush.

Excellent brush for heavy duty cleaning treatments such as: removing stubborn dirt from exterior finishes, badges and seals, cleaning difficult areas like the wheel inside lip and removing dirt and grease from the engine compartment. It's ultra resistant to solvents and chemical agents. Equipped with an anatomical knurled handle that allows a firm grip even when wet, the brush has a hole in the handle to be hang to dry.

Specifications:

- Length: total = 25,5 cm - bristles = 7,5 cm.
- Bristles material: PBT hard bristles.

Item Code	Box
700195	1 pc.

TIRE BRUSH

Tire cleaning brush.

Special brush designed for cleaning all kind of vehicles' tires (cars, motorbikes, quads, scooters, motorhomes, vans etc.). It has an ergonomic design to facilitate cleaning of hidden areas and to maintain a firm grip even when using detergents. The black bristles are hard and strong for deep cleansing and are resistant to chemicals. The curved head with rounded corners is designed to follow the shape of the tire and enable forceful movements with less fatigue. It can also be used on hard plastics, vinyl, sheeting, rubber mats and plastic trunk tanks.

Specifications:

- Dimensions: 21 x 6,4 cm.
- Bristles length: 2,5 cm.
- Bristles material: PP.

Item Code	Box
701088	1 pc.

FOAM APP

Polishing manual foam applicator.

The perfect solution for manual polishing when a polishing machine is not available. Its ergonomic shape and large size make it possible to work even on large surfaces with less effort. Its open cell structure guarantees excellent performance and an outstanding finish. This manual applicator is suitable for polishing with medium and fine compounds, creamy and spray-based products such as waxes, sealants, leather protection and restoring agents for rubber and plastic.

Specifications:

- Dimensions: Ø 9 cm - height 5 cm.

Item Code	Box
78812	1 pc.

MICRON APP

Manual microfibre applicator for polishes and liquid products.

Practical tool for application of polishing and liquid products like glazes, waxes and sealants. With its internal structure made of foam and the outside made of soft microfibre, it's suitable for all surfaces even the most delicate. The back pocket has been specifically designed for an easy use, managing the work better and more precisely. Suitable for both car interiors and exteriors.

Specifications:

- Dimensions: Ø 13 cm - height 2 cm.
- Foam inside and soft microfibre outside.
- Sold in resealable bag perfect for storage.

FRESHENERS

FRA-BER makes several types of fresheners to meet all customers needs.

SENSATIONS

Spray fresheners for room and vehicles.

Fra-Ber's Sensations line consists of car and room fragrances with concentrated, refined and elegant essences that enrich and enhance the essential oils in the base formula.

The range features selected fragrances to offer an effective solution to quickly perfume your car, home or the working environment such as offices, hotels and shops.

Our collection includes a wide range of fragrances, from fresh and citrus notes to sweeter and spicier ones. Each fragrance has been specially formulated to ensure a long-lasting and pleasant scent.

Direction for use:

- Spray the fragrance inside the vehicle or in the room, dosing the fragrance according to the space dimension.
- Do not spray directly on fabrics.

SUMMER PARADISE

Summer Paradise is a fresh and lively fragrance, perfect for capturing the relaxed and carefree atmosphere of summer. This fragrance opens with a sparkling blend of summer and tropical fruits that give a bright and lively energy.

The heart of Summer Paradise is composed of a white flowers bouquet, including jasmine and hawthorn, which add a feminine and romantic touch to the fragrance. Finally, the base closes with warm, woody notes of patchouli and tonka bean, which give the fragrance a touch of sensuality and depth.

Together, these notes create a fresh, light fragrance that evokes the image of a sun-kissed tropical beach. Summer Paradise is ideal for creating a relaxed and carefree summer atmosphere at home or in the car, or to scent your days with a fresh and pleasant fragrance.

Packaging	Item Code	Box
650 ml	701376	6 pcs.

SENSUAL

Sensual is an intense, sensual fragrance which blends fruity and floral notes with warm, enveloping tones. It opens with a combination of apple and aniseed top notes that give the fragrance a fresh, crisp and lively feel.

The heart of the fragrance is a sophisticated blend of orchid, orange blossom and ylang-ylang, giving the fragrance a delicate, enveloping floral bouquet.

Finally, base notes of wood, vanilla and coconut create a warm, enveloping effect that gives the fragrance an irresistible sensuality.

Sensual is perfect for those seeking a sophisticated and intense fragrance for special occasions or a romantic evening. Its unique combination of fruity and floral notes, together with warm, enveloping tones, make it ideal for those who want to make a good impression or impress!

Packaging	Item Code	Box
650 ml	701381	6 pcs.

ULTRAMAR

Ultramar is a deep and mysterious unisex fragrance inspired by the depths of the sea. Top notes blend will evoke a feeling of freshness and vitality, like a sea breeze.

The heart of the fragrance features a floral blend that gives the perfume a delicate and sophisticated sensation, like the foam of the waves.

Finally, the base notes of wood and amber create an enveloping and sensual effect, like the mysteries and depths of the sea.

Ultramar is ideal for those seeking a unisex freshener, evoking the essence of the sea, and creating a mysterious and deep olfactory experience, but with a hint of vivacity and lightness.

Packaging	Item Code	Box
650 ml	701584	6 pcs.

CHARMANT

Charmant perfume is an irresistibly intoxicating essence that envelops the senses with its combination of citrus, floral and sweet notes.

Citrus top notes open the fragrance with an explosion of freshness and vitality, while heart notes of jasmine and lily of the valley create a sweet and delicate floral bouquet that captures the attention.

The base notes add a touch of warmth and sweetness to the fragrance, giving it a warm and embracing effect that envelops the space with a relaxing and cosy atmosphere.

The Charmant air freshener is the ideal choice for those who want to create a relaxing and sophisticated sensory experience in any room or vehicle.

Packaging	Item Code	Box
650 ml	701586	6 pcs.

ZEN THERAPY

Zen Therapy air freshener is an oriental essence that evokes a relaxing and refined atmosphere, suitable for any environment or vehicle. The combination of citrus, floral and woody notes creates a feeling of well-being and tranquility, perfect for spas and hotels.

Top notes of citrus and almond offer a fresh and vibrant sensation, while heart notes of orchid and clove create a sophisticated and delicate floral bouquet.

Base notes of cedarwood, vanilla and patchouli add depth and warm sensuality to the fragrance, creating an enveloping and relaxing atmosphere.

The Zen Therapy air freshener is the ideal choice for those seeking to create a refined oriental sensory experience which inspires meditation and serenity. It is perfect for spas and hotels, but also for the home, work, or car. With its sophisticated and relaxing blend of floral, citrus and woody notes, the Zen Therapy fragrance will transport you to a world of peace and tranquility.

Packaging	Item Code	Box
650 ml	701587	6 pcs.

RITUALITY

Rituality air freshener is a wild, tribal essence that combines the fresh notes of citrus and herbs with delicate flowers and warm woods. This fragrance is perfect for use in the car and at home, creating an enveloping and refreshing atmosphere.

The top notes take you straight into the heart of the jungle, with an explosion of freshness and life.

The heart notes transport you into a tribal dance, surrounded by wild flowers and feminine delicacy.

The base notes envelop you in a warm and deep embrace, like the fire of the tribal camp.

The Rituality perfume is ideal for those who seek a wild, tribal atmosphere, but who do not want to give up the feeling of freshness. Suitable for any environment or vehicle, the Rituality perfume is perfect for creating a comfortable and relaxing atmosphere, helping you to concentrate and enjoy that moment.

650 ml	701585	6 pcs.

MARTA LA FARFALLA

Butterfly shaped car freshener with hook for air vent.

FRA-BER copyrighted, authentic and innovative design. The unique design of the butterfly's back increases the contact surface with air and consequently the diffusion of the fragrance in the vehicle/environment.

Its composition makes Marta La Farfalla durable and light at the same time (and does not grease the hands or other parts of the car), the 30% perfume encapsulated in the plastic promotes and ensures its long life, even after months, it releases a light and gradual essence. The gradual release of the fragrance allows all the nuances to be appreciated without being invasive.

Direction for use:

- Directly apply it on the car air vent and turn on the aeration system.
- To manage the intensity of the fragrance (and the duration as well) just increase or decrease the airflow through the occupied air vent.
