

Car polishing and care products

Polishing solutions for car care and detailing

Our goal is to provide clear, tangible, and easy solutions for both professionals and car enthusiasts. PaiCar automotive line was developed to offer effective and convenient polishing products and processes for car care and detailing.

PaiCar is a product line of Pai Cristal Italia, a multinational company that has been developing and producing specific polishing processes for high-level surface treatment, including within the renowned Italian high-end markets, since its inception in 1965.

Soluzioni per la cura e la lucidatura dell'auto

Il nostro obiettivo è fornire soluzioni chiare, semplici e concrete sia ai professionisti che agli appassionati. PaiCar nasce per offrire prodotti e processi lucidanti vantaggiosi ed efficaci per la cura e il detailing dell'auto.

PaiCar è parte di Pai Cristal Italia, azienda multinazionale che, dal 1965, sviluppa e produce processi di lucidatura specifici per il trattamento superficiale di alto livello, nei settori dello stile italiano.

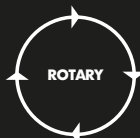

01

It removes marks, failings, dullness and P1200-P2000 sand scratches, as well as restores badly oxidized paints. It may be used both on old and on new well dried paints.

Rimuove rigature, imperfezioni, opacità e graffi derivanti da carteggiature P1200-P2000 e ripristina vernici molto ossidate. Utilizzabile sia su vernici vecchie, sia fresche e ben essiccate.
