

SKIN CARE & HAND HYGIENE

PROTECTION ✦ CLEANING ✦ CARE

In industry, hands are exposed to all kinds of contaminants on a daily basis. This poses a great burden on the skin. In order to keep your hands in good shape, optimal skin protection, cleaning and care are of the utmost importance. Americol produces the right products for every application. The colour-coding provides a direct indication of the type of contaminant the product is suitable for.

1. PROTECTION

Substances that burden the skin can cause damage to the skin. Hand Protect Lotion protects your hands against substances that get in contact with the skin incidentally or frequently and eases the process of cleansing the hands.

2. CLEANING

The type of contaminant, skin condition and cleansing frequency determines the correct type of hand cleaner. Consult the product catalogue to find the right product. The hand cleaners were composed with care and geared towards effective cleansing and optimal skin care.

3. CARE

Regular use of our skin care products stimulates the natural recovery process of the skin for optimal skin condition.

EXTREME CONTAMINATION • QUICK CLEANING

REMOVES PAINT, INK, GLUE, RESIN, SILICON, TAR AND SEALANTS

HAND CLEANER YELLOW PRO

Refreshing hand cleaner in user-friendly dispenser systems

Powerful, refreshing hand cleaner for quick cleansing of severely contaminated hands. Available in user-friendly packaging. Soft, natural granules for maximum skin care. Refreshingly scented. Medium viscosity for optimal use in dispenser systems.

HAND CLEANER YELLOW

Powerful soap for lightning quick cleansing

Hand cleaning gel with refreshing citrus scent from natural ingredients. For lightning quick hand cleaning. Contains natural granules for deep cleansing. Available in classic robust packaging. Provides cleansing and care for the hands and prevents skin irritation. Gives the hands a refreshing scent after use.

INDUSTRIAL CONTAMINATION • MAXIMUM SKIN CARE

REMOVES OIL, LUBRICANTS AND UNIVERSAL WORKPLACE CONTAMINATIONS

HAND CLEANER SPECIAL

Universal hand cleaner for workplace and industry
Maximum skin care

Skin-friendly hand cleaner with soft, natural granules. Emulsifies easily with all kinds of contaminants for extremely effective cleansing. Provides cleansing and care for the hands and prevents skin irritation.

HAND CLEANER ORANGE

Refreshing citrus hand cleaner for frequent use

Mild soap with skin-friendly natural granules. Refreshingly scented. Effective cleansing and mild to the skin. Medium viscosity for optimal use in dispenser systems.

HAND CLEANER RED

Classic workplace hand cleaner

Emulsifies easily with all kinds of contaminants for extremely effective cleansing. Classic soap for use in car and production environment. Available in robust packaging. Contains natural granules for deep cleansing.

HAND WIPES

Impregnated wipes with structure

Wipes for effective cleansing of the hands. The wipes have a structure for optimal cleansing. Extremely well-suited in the absence of water. Skin-friendly cleansing fluid. Gives the hands a refreshing scent after use. The jar is easy to close after use.

WASHROOM HAND HYGIENE

MILD CLEANERS FOR DAILY HAND SANITATION

FOAM HAND SOAP ORIGINAL

Luxury foaming hand soap for daily use

For cleansing and skin care. Formulated with a refreshing scent. Ideal for combined use with the PRO-1000 dispenser in busy toilets and washing areas. Reduces the amount of product waste. The dispenser systems with closed cartridges guarantee correct dosage. Improves skin hygiene.

SOFT SOAP ORANGE

Universal liquid hand shampoo (hand soap)

High-concentration dispenser soap with refreshing scent. Especially mild for the skin. Effective cleansing with medium foaming. Gives the hands a refreshing scent after use.

HAND PROTECTION AND CARE

HAND PROTECT LOTION

Protects the hands against damaging substances

Protective hand cream. Hand Protect Lotion protects the hands from penetration by damaging substances. Formulated with components improving grip on manual tools. For easy hand cleaning after use. Prevents dehydration of the hands.

HAND CARE LOTION

Nurturing cream for optimal skin condition

Nurtures the skin and protects it from damaging influences caused by extreme work and weather conditions. Regular use stimulates the natural recovery process of the skin for optimal skin condition. Hand Care Lotion is easily absorbed by the skin. Formulated without silicones.

ACCESSORIES & DISPENSER SYSTEMS

WALL MOUNTS AND PUMPS

Use of soap dispensers is hygienic and cost-efficient. Robust pumps and wall mounts are available for the classic packagings, for maximum ease of use.

DISPENSER SYSTEMS

Skin care in commercial and professional environments requires more than top-quality creams, lotions and soap alone. Hygiene and efficiency are of great importance as well. This is why Americol has developed the PRO-1000 and PRO-2000 dispenser systems with closed cartridges.
