WELZH®

**WELZH WERKZEUG
ISSUE 21**

FILE SET DIAMOND VERSION 4-PIECE

44758-WW **£84.95 RRP EX. VAT**  24  1.35

The WELZH 8" Diamond File Set includes four abrasive, diamond-coated hand files (Half Round, Round, Flat and Triangle) that are 20 times harder than traditional files and can be used in any direction, cutting faster and smoother for a better finish. Designed to work in all directions. Cuts into welds and hardened surfaces where other files can't. Smooth action. 12" overall length with 8" blade.

DIAMOND COATED

HONING BRUSH SET FLEXIBLE 3-PIECE

44882-WW **£31.35 RRP EX. VAT**  6  0.1

Ideal for cleaning and preparing brake wheel cylinders, etc. Each brush is a resilient, flexible honing tool and is used to improve the internal surface finish as well as deburr a bore or cylinder. Useful for cleaning suspension components when there is corrosion on tapers and cotter pin housings, etc. Contents: 8mm x 80 grit, 12mm x 60 grit, 20mm x 60 grit. Material: Silicon carbide. 1/4" quick change shank. Recommended speed 300-700 rpm.

SANDING SWAB FILES 8-PIECE

44866-WW **£23.95 RRP EX. VAT**  36  0.05

WELZH 8-Piece Sanding Swab File Kit Uniquely Designed To provide an easy and convenient way to file, sand, polish, smooth, as well as remove rust, paint, tarnish, or corrosion.

For Difficult Access Areas The unique shape and plastic stems allow for reaching small spaces where ordinary files simply can't.

Other Specifications
Disposable.
Marine grade epoxy secures grit to plastic stem.
Black tip: 120 grit.
Grey tip: 180 grit.

DEEP IMPACT SOCKETS

Versatile Automotive Essential:

6-Piece Deep Impact Sockets - a must for automotive professionals. Versatile use across cars, trucks, and more, ensuring reliability and durability.

Comprehensive Socket Set:

Includes 3 thin-walled and 3 standard sockets for varied needs. 1/2" drive compatibility offers flexibility with different tools.

Convenient Storage Solution:

Aluminum holder for organized, easy access storage.

Durable construction safeguards sockets and saves valuable time for mechanics and enthusiasts.

WELZH 'SMASHER' BALL PEIN HAMMER SET 16,32 & 48OZ

44745-WW
£174.95 RRP EX. VAT
 5

 3.75

Specially Designed

The shot filled head reduces rebounds and provides additional control.

The wide flared handle with soft non-slip grip provides extra security and grip during use.

Smooth striking surfaces for effective, solid blows.

Polyurethane material resists most shop chemicals.

Structural steel shank extends from head through the handle.

Strong and Long Lasting

Industrial construction:

steel shanked handle is fixed to canister head and throughout the handle to provide unmatched strength.

Various Applications

Ideal for many professional applications including chassis, suspension work, removing stubborn brake drums and buses, and general metalworking.

Supplied In

Protective Foam Tray for safe and secure storage.

FLUID EXTRACTOR AIR & MANUAL 6-LITRES

44740-WW **£134.95 RRP EX. VAT**  4  1

Transparent body for visibility of the fluid during use.
Suitable for fluid evacuation by both manual operation or compressing air.
Can be used for oil, etc on most engine types (cars, motorcycles, marine, etc.).
Can be used for low viscosity fluids.
Multiple Adapters.
Maintenance free.
6L capacity.

AIR & MANUAL OPERATED

OIL FILTER MAINTNANCE SET 32-PIECE GENERATION 4

44854-WW **£234.95 RRP EX. VAT**  2  7.10

Comprehensive Oil Filter Maintenance Set: This 32-piece Generation 4 set provides a complete solution for maintaining and replacing oil filters efficiently.

Advanced Oil Filter Wrench Set: Designed for the 4th generation, this wrench set ensures a secure grip for easy removal and installation of oil filters.

Extensive Coverage and Applications: With up to 99% coverage, this set supports various vehicle brands such as BMW, Mercedes-Benz, Ford, Toyota, Nissan, Kia, Subaru, VAG, Mazda, Opel/Vauxhall, and many more, making it a versatile solution for filter removal.

Set Includes:

- 12 x Cup Sizes: 24 to 83mm
- 6 - Piece Filter Housing Cap Set, Sizes 24, 27, 30, 32.5, 36, 38 mm. Drive: 3/8"
- 2 x Universal Expandable Oil Filter Wrenches Sizes 60-80mm and 80-98mm 1/2"
- 2 X Ford Ecoboost Low Profile Filter removal tools
- 9 - Piece Plastic Oil Drain Plug Remover Set

2024 UPDATED KIT

PULSATING BRAKE BLEEDER DC 12V OR AC 240V + ADAPTOR SET

44761-WW **£614.95 RRP EX. VAT**  2  7.75

Convenient
Problem solver and time saver for sub-pump changing fluid at the same time.

Features

- Provided with pressure monitoring.
- Recovers used brake fluid.
- Separates moisture so it does not mix with the fluid.

Adjustable

Pulse fluid change, so the fluid change and pipeline cleaning is effective.

Includes

Multiple adaptors for various applications.

Features & Benefits

- Compatible with almost all vehicles
- Dual Pressure Modes (0-3bar)
- Effective recovery function
- Suitable for Dot3, Dot4, Dot5.1 brake fluid standards
- Includes a pressure gauge for easy pressure reading
- One man operation

SHOCK ABSORBER & MCPHERSON STRUT TOOL KIT

44858-WW
£214.95 RRP EX. VAT
 3  6

Shock Absorber & McPherson Strut Tool Kit

Fits most popular vehicle type.

For repair jobs on shock absorbers and McPherson struts.

For retaining the shock absorber piston.

Set Includes

Hexagon sockets (long) for loosening: 14, 16, 17, 18, 19, 21, 22, 24, 27 mm.

2-pin locknut inserts for loosening: 10.5x3.5 mm (for Volkswagen).

2-pin locknut inserts for loosening: 12.5x3.5 mm (for Volkswagen).

2-pin locknut inserts for loosening: 14.0x2.5 mm (for Mercedes-Benz).

2-pin locknut inserts for loosening: 14.5x3 mm (for VAG).

2-pin locknut inserts for loosening: 14.5x5 mm (for Austin).

Slot-profile socket for counter holding: 4, 5.2, 6, 6.3, 7, 8, 9, 10, 12 mm.

D-profile bits for counter holding: 5-10 mm.

Hexagon sockets for counter holding: 8, 9, 10, 11 mm.

Hexagon bits for counter holding: 5, 6, 7, 8 mm.

Slotted bits for counter holding: 3, 3.5, 4 mm.

Spline bit M12.

T-star (for Torx) bits for counter holding: T50-T60.

Universal Application

VAG, Porsche, PSA Group, BMW, Mercedes, Opel, Nissan, Renault, Ford, and many other vehicles.

429-PIECE INJECTOR SEAT AND PORT CLEANING KIT

44880-WW
£134.95 RRP EX. VAT
 10  2

Efficient Cleaning

429-Piece Injector Sealing Seat & Port Cleaning Set by WELZH ensures efficient cleaning of injector seats and shafts on diesel engines.

Includes cleaning brushes in different shapes & diameters.

Various Applications

Covers a wide range of vehicles & engines.

Set Includes

4x Helix wire brushes 34.9-30.2-29.5-25.1 mm.

3x Two stage wire brushes 12.1-19.1-25.4 mm.

6x Bore wire brushes 8-10-12-15-17-19 mm.

1x Brush handle holder with quick coupler internal hexagon 6.3 mm

1x Rigid extension with quick coupler external hexagon 6.3 mm

1x Flexible extension with quick coupler external hexagon 6.3 mm

413-piece cleaning swab and assortment different length 5-20 mm.

WELZH VIBRATION MATE® MASTER INJECTOR REMOVAL TOOL

4590-WW £605.00 RRP EX. VAT  2  8.3

Specially designed by WELZH to combine vibrations & Pneumatic force to allow for the easy removal of seized injectors. Comes complete with a universal adaptor set that cover Bosch, Delphi, Denso, Siemens CR injectors which has solenoid coil or screw connections. Covers 99% of injectors.

TRANSMISSION JACKS & ACCESSORIES

TRANSMISSION JACK 500KG TELESCOPIC VERTICAL

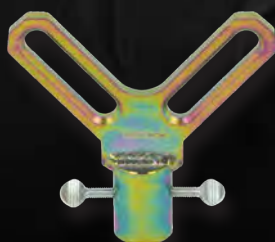

997-WW £424.95 RRP EX. VAT  1  57

For assembling and disassembling engines, gearboxes, and rear axles.
Adjustable head plate 60 mm to the side and from -10° to 35° in inclination, therefore especially suitable for mounting of automatic transmissions.
Height approx. 870 to 1790mm.
4 ball bearing caster wheels.
Compact construction, lightweight.
High lifting range.
Fast lifting due to hydraulic foot pedal.

HUB MATE™ JACK-MOUNTED HUB SUPPORTER 1 2

3200-WW £100.00 RRP EX. VAT

Designed for supporting control arm.
Universal application.
The hub mate supporting adaptor is for use with a transmission jack.
Support takes place via the wheel hub ensuring the correct raising & lowering of control arms/axles to specified positions.
Very effective when applied to removal and installation of suspension struts.
Inner diameter: 30 mm.

STRUT MATE™ JACK-MOUNTED STRUT SUPPORTER

3400-WW £144.95 RRP EX. VAT

 1  3

A highly efficient solution for supporting and holding the strut in place while working on the vehicle.
Use with a transmission jack.

OIL MATE 16-LITRE OIL PAN & HOLDER FOR TRANSMISSION JACK

3100-WW £125.00 RRP EX. VAT  1  4.4

Indispensable assistance with automotive oil work, ensuring quick, clean changes and easy drainage. Oil Mate's mounting point fits standard European transmission jacks.

Tilting oil pan is removable and replaceable (71002-WW & 71001-WW).

Anti-spill inner rim and triple channel spout flow system help minimise spills.

TRANSMISSION JACK 500KG

4056-WW £245.00 RRP EX. VAT  1  29.5

Use when assembling and disassembling parts which need to be lifted, descended or transported.

Min. lifting height: 1100mm.

Max. lifting height: 1900mm.

Movable.

Light weight.

Long lifting range.

Max weight: 500kg.

Compact construction.

SWIVEL BASE FOR TRANSMISSION JACK

997-1-WW £124.95 RRP EX. VAT  1  13.25

Standard European transmission jack fitting on base.

Adjustable chain length for universal application.

4995-WW **£24.95 RRP EX. VAT**  125  0.15

Tool Selection and Component Identification

Tool Selection: Super Slim 22mm Crows Foot Wrench

Component Identification: Ford DPF Fuel Vapouriser Injector (OE #1940311)

Compatibility

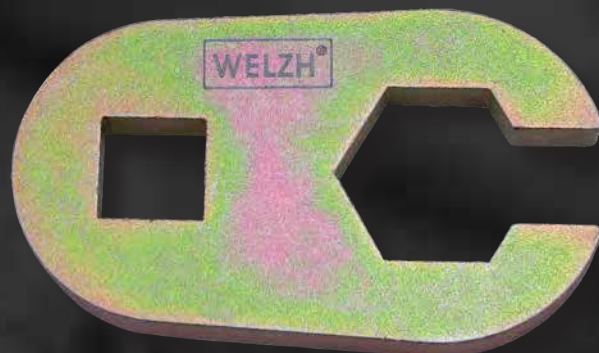

Access Limitation: Restricted Access Points

Vehicle Compatibility: Ford Transit Custom

Engine Compatibility: 1.6, 2.0, and 2.2L Duratorq TDCi (2012+) EURO 6

Fault Code Indicators

P244C and P26A1 for Vapouriser Failure

TRI LOBE STOP-START CAPACITOR SOCKET PSA GROUP

4996-WW **£24.95 RRP EX. VAT**  100  0.15

Specially Designed for PSA Vehicles:

Tailored for stop and start capacitor wiring connections.

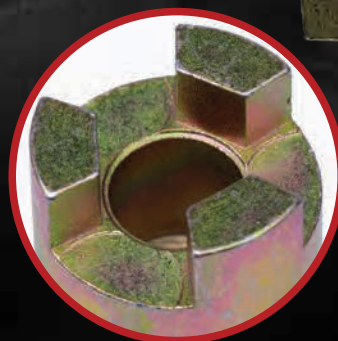

Features a tri-lobe socket design for anti-tamper nuts. Specifically fits the round nut with 3 flats on top, such as OEM capacitor number 98 017 393 80.

Versatile Applications:

Ideal for high-current electrical connections.

Special design ensures a perfect fit on tri-lobe connections.

Specifically crafted for challenging capacitor wiring tasks.

SPARK PLUG SEAT + THREAD CLEANING TOOL M14X1.25

4997-WW **£49.95 RRP EX. VAT**  125  0.15

Specially Designed for Spark Plug Maintenance:

Tailored for cutting and rethreading spark plugs.

Targets the seat and thread area where a significant portion of heat is released.

Effectively addresses contamination buildup to enhance spark plug performance.

Restoration and Removal:

Spark plug seat and thread conditioning tool restores the seat area.

Simultaneously removes a substantial amount of contaminants from spark plug port threads.

One-Step Operation:

Rugged yet simple design enables a two-in-one maintenance operation.

Efficiently performs both restoration and removal in a single step.

HEADLIGHT RESTORATION KIT

4952-WW**£114.95 RRP EX. VAT****3.35**

Enhanced Visibility and Safety:

Removes blurriness and yellowish tint for improved headlight clarity.

Restores the original brightness, ensuring optimal light emission on the road.

Increases safety during nighttime driving by enhancing visibility.

Innovative Liquid Polymer Technology:

Features a powerful liquid polymer formula for effective headlight restoration.

Provides quick and long-lasting results with a perfect finish.

Preserves the restored condition, ensuring headlights remain clear for an extended period.

Versatile Restoration Options:

Offers both manual and mechanical sanding methods for user convenience.

Suitable for users of all skill levels, providing excellent results regardless of experience.

Versatile application to various headlight materials and shapes.

Comprehensive Kit Contents:

Comes with 600ml of revitalizing liquid for multiple restorations.

Includes 6 sheets of textured sandpaper for efficient sanding.

Equipped with a plastic funnel, curved and flat lids with rubber sealing rings, and an adapter for 12v conversion.

Cost-Effective and Time-Saving:

Provides an economical solution compared to replacing headlights entirely.

Saves time with a straightforward restoration process.

Conveniently connects to the cigarette lighter or power socket for hassle-free chemical rinsing.

SMOKE "MATE" DIAGNOSTIC LEAK DETECTOR MACHINE

2755-WW
£515.00 RRP EX. VAT
 **6**  **3**

Two test modes

EVAP and Smoke mode.

EVAP mode diagnoses leaks through pressure gauges without the need to output smoke, while smoke mode helps identify the exact location of a leak as it is controlled by a smoke generator that can be switched on if a leak is found.

Convenient

Includes 2 built-in groups of high-power pumps; eliminating the need for additional air pumps or compressors.

Includes

Oil level gauge for checking the amount and purity of the test oil.

Flow meter and adjustable knob for observing and controlling the smoke flow.

COMES WITH COMPLETE ACCESSORIES PACK

SMOKE DIAGNOSTIC LEAK DETECTOR MACHINE MINI SMOKEY™

5069-WW
£299.00 RRP EX. VAT
 **6**  **3**

Power Source

Compact Smoke Diagnostic Leak Detector runs on the vehicle's DC12V battery, ensuring convenient and reliable power supply during leak detection operations.

Rated power: 48W

Rated voltage: DC12V

Dimensions

Portable and Lightweight Design

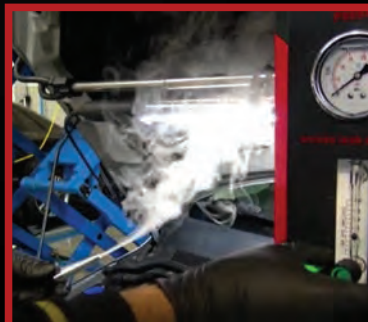

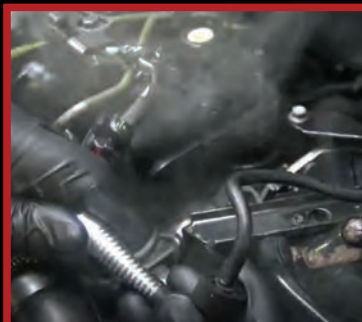

Weighing just 3.7Kg and measuring 280x220x185mm, this leak detector is highly portable, making it easy to carry and use in various automotive maintenance settings.

Adjustable Flow Control

Equipped with an adjustable smoke flow rate of 15L/min, Mini Smokey offers precise control for efficient leak detection across different systems.

COMES WITH COMPLETE ACCESSORIES PACK

INDUCTION MATE +

3886-1-WW **£555.00 RRP EX. VAT**  5  3.4

Efficient Flameless Technology

Induction Mate™ utilizes flameless technology for safe bolt removal. Ideal for handling stuck bolts and nuts during machine repairs, replacing dangerous flame-based methods.

Rapid 30-Second Heat Up

Super-fast 30-second heat-up time saves time and increases efficiency. Enables quicker completion of tasks compared to traditional methods.

Enhanced Visibility and Flexibility

Equipped with bright LED lighting for improved visibility during tasks. Multiple coils included, varying in size to suit different bolt sizes. Time-saving rotating locking feature for quick and secure coil replacement.

User-Friendly Design Features

Handle locking feature for flexibility and ease of use. Input Voltage: 220V 50/60Hz, Input Current: 4A, Output Power: 500-900W, Output Voltage: 40V, Output Current: 180A.

WELZH JET-SERIES COMBINATION SPANNER SET 17-PIECE; 8-24-MM

4920-WW**£134.90 RRP EX. VAT****2.8**

Performance & Design Highlights:

Ring head for enhanced access and secure fastener grip.
Open-end head for optimal accessibility in tight spaces.
Enables confident and precise task execution.

Superior Finishing & Packaging:

Chrome polish finish for corrosion resistance
Packaged in an EPA foam tray for easy storage
Enhances workspace convenience and efficiency.

Aeronautical Standards Compliance:

Ensures strict adherence to industry performance requirements.
Trusted for professional aviation applications.

Versatile Sizing:

17 spanners, 125mm to 285mm in length.
Covers common fastener sizes from 8mm to 24mm.

COMBINATION SPANNER EXTRA LONG 13-PIECE SET 8-21-MM

4930-WW**£104.95 RRP EX. VAT****2.15**

Specialized Design Highlights:

Welzh V-Groove design improves fastener contact for enhanced grip.
Open V design reduces effort required during use.

Ensures efficient and effective performance.

Exceptional Strength & Durability:

Crafted from robust chrome vanadium steel.
High-quality material guarantees longevity and heavy-duty use.
Reliable, durable construction for years of service.

Versatile Sizing:

Covers a range from 8mm to 21mm.
Extended lengths from 140mm to 280mm.
Wide versatility for diverse fastening needs.

**V-PROFILE**

RATCHET SPANNER SET REVERSIBLE SWITCH 16-PIECE SET 8-24MM

808-WW**£139.95 RRP EX. VAT****3.3**

Enhanced Grip & Accessibility:

Improved grip reduces fastener rounding.
15° offset increases clearance.

Flush-mounted reversing lever for convenient access.

Efficient Operation:

5° ratcheting box end enables quick fastener movement.

Durability & Quality:

All-metal construction for durability.
Fully hardened for longevity.
Manufactured to ANSI standards for quality assurance.

Sizes:

8 to 24mm range.
72 teeth ratcheting box head.
