

About Us

HANS TOOLS is a partnership of joined leading manufacturers from Taiwan. Certified according to DIN EN ISO 9001 a steady production process ensures satisfaction of the highest demands.

As we produce side by side with worldwide famous brands in Taiwan, it is most likely that you already experienced the quality of our products. Hence, there is no risk of buying HANS TOOLS. Rather, you have the possibility of saving your budget and winning a reliable partner for Europe in Germany.

Customer's advantages on a spot:

- HANS TOOLS® is a manufacturer and not just a label
- More than 40 years of experience and certifications
- Standards of DIN/ISO/ANSI are always excelled
- Premium finishing and own patents
- Flexibility is one of our strengths: You need a tool set altered?
No problem, we change the items according to your requests.
- Immediate shipping
- Reasonable prices

Advantages for our partners:

- Quick delivery without additional fees on shipping costs
- No minimum quantity requests
- Direct shipping to your customers in urgent cases. Customer's and area protection is guaranteed and on request by contract as well
- Low stockholding for you. That's our business.
