IMS Verbindungstechnik - Your specialist for fasteners

Since 1975 we are specialised in fasteners made of plastic, metal and sheet metal. We supply automotive suppliers, wholesale trade, ex- and importers, aerospace as well as a diversified industry clientele.

Quality

We have a high quality standard in our company, which is reflected in our products and process flows. Our quality management system is up to date and documented and certified by TÜV SÜD.

Products

We have extended our product range to over 40,000 different fastening parts. Our products, made out of highest quality materials, are constantly being updated to follow current norms and ordinances.

Know-how

With decades of experience and expertise going far beyond that of others, we are a reliable and competent source for fastening technology.

Service

From the first enquiry and order up to the on-time delivery of the product you need, we stay focused on your wishes and requirements. Additionally we offer you following services: personal consulting on-site, solution of fastening problems, advice on product-range design, customer-specific packaging, assembly of parts, single-batch deliveries.

Just contact us and let our words become actions. We are looking forward to the future challenges!

Our consultants would be glad to assist you by offering a perfect fastening solution.

Looking for a fastening solution? We can help!

Greetings

We are pleased to introduce our catalogue to you.
We are even more pleased that you have already opened it.

Our ultimate goal is to provide you with a convenient solution as well as help with fastening challenges.

This catalogue is all about clips and clamps. Take a look - maybe there is a fitting part for you. Of course you can also get an overview of our extensive portfolio in our digital catalogue on our website.

Even if you can't find the product you're looking for in this catalogue, our competence and ability to innovate allow us to create and finalize any challenge you may have for us. We are happy to solve your fastening problem. Our in-house development department will find the appropriate solution concept based on your needs.

Do you have questions? We are looking forward to assist you personally in finding the perfect solution for your fastening problem.

Greetings from our headquarters in Neuenstein

Oliver Gänssler
Management Board
