

# DEKAR OTOMOTIV

As Dekar Otomotive since 2005 we are producing aftermarket spare parts for European brands light commercial vehicles and passenger cars.

With 16 years of experience in sector we created big and valuable partnerships with global companies in our journey. We are supplier of companies in alliances like AD Group, ATR and NEXSUS.

You may have these questions in your mind;

## 1) What are we producing to supply our customers need ?

Our expertise is producing transmission parts. We also produce gearbox parts, brake parts, oil pan plugs, door handles, lubrication parts and more.

## 2) Are we capable producing parts beside current ones ?

Yes! As a producer we have our workshop to make our own molds and we can help you about your needs after having a sample or technical drawings.

## 3) Which brands parts we are producing ?

We have wide range of parts for FIAT (FCA), RENAULT, PEUGEOT (PSA) and VW.

## 4) What we can offer when it comes to quality?

We have EU IPO, ISO 9001 certifications. Only these two show we can provide parts in European standards.

## 5) Which countries import our products ?

We have partners from Spain, Poland, England, France, Serbia in Europe. We also have partners from North African countries like Egypt, Algeria and Tunisia.

As a conclusion I'm writing this mail to you for create new partnership between our companies and share our experience with you.
