

THE HIGHEST LEVEL OF PRECISION

WUZETEM is a global supplier of steel precision components for vehicles, machinery and equipment.

It offers comprehensive solutions in the area of precision mechanics for manufacturers and distributors from the automotive industry, agricultural business, military sector and heavy industry. The company specialises in the production of high-quality nozzles, injectors and plungers. It has modern machinery and equipment, an R&D laboratory and an experienced team of engineers. The company has been in business continuously for more than 70 years, and its products can be found in 47 countries in the world. It currently employs 270 people.

The ambition of WUZETEM is to conduct business according to the principles of sustainable development and create a safe and friendly work environment. The company keeps expanding its range of offered products and focuses on the development of its distribution network in Poland and abroad. The strategic objective is to increase the satisfaction of existing customers and acquire new customers by improving the quality of service and developing partner programmes.
