COMPANY

A dynamic company, constantly growing and with an eye on the future

Berizzi is an **Italian company** producing **components and accessories for paint spraying and fluid handling** with high quality standards at competitive prices in the market.

The company was established as **Filtermedia** in 1996 in Calolziocorte, Northern Italy. In 2020 Filtermedia became **Berizzi**, maintaining the same ownership and headquarters as well as its productive and organizational characteristics.

In 2023 the company moves to the new headquarters of about 17,000 square meters in **Cisano Bergamasco (BG)**, a few kilometers from the previous one, unifying all the production sites, warehouse and offices.

Today, it is one of the leading European manufacturers of high quality "Made in Italy" parts and components for fluid handling.

Since some years ago, Berizzi has started a procedure of corporate certification according to the main international standards.

All processes and services are in fact certified in accordance with the **UNI EN ISO 9001: 2015** standard, certification body accredited by ACCREDIA. For all products, Berizzi has acquired the most important certifications in the sector.
