HETZEL
We make transmissions drive!

Premium filter kits

Over 30 years of experience in automatic transmissions

With over 30 years of experience in the field of automatic transmissions, HETZEL understands the importance of quality, precise fit and heat resistance in transmission oil filters. Based on this knowledge, we have designed premium filter kits - with the aim of offering you absolute reliability and maximum performance. Trust in the proven quality of HETZEL and benefit from a unique combination of expertise and forward-looking technologies for the long-term protection of your automatic transmission.

Top quality filter material

The right filter material is essential for a good filter. That's why our filter kits are made from the best materials and undergo strict quality controls to ensure they meet the highest standards. Our filter materials are designed to effectively filter all dirt and contaminants. Our premium filter kits offer performance comparable to original parts and ensure reliable transmission fluid purity.

Outstanding heat resistance

The use of high-quality materials guarantees that our filters and seals retain their shape and function even under the toughest conditions. This provides optimum protection for your transmission and extends its service life. You can rely on the exceptional performance of our products, which ensure maximum reliability and durability - even under intense heat. Rely on HETZEL when it comes to protecting your automatic transmission.

Best performance

A clean and efficient filter is crucial for the optimum performance of your automatic transmission. HETZEL's premium filter kits are designed to effectively filter dirt and contaminants to improve oil flow and minimize wear. This results in smoother shifting and a longer service life for your automatic transmission.

Precise fit

Our filter kits are manufactured with the highest precision that every gasket fits seamlessly and seals perfectly. This exact fit protects against unwanted oil loss. Thanks to the precisely fitting components, you can install our filter kits without any problems - and without any unpleasant surprises. Rely on HETZEL for an installation that is simple, safe and worry-free.

Premium products at fair prices

Quality doesn't have to be expensive. Our premium filter kits offer you unbeatable value for money by combining top quality and excellent performance with fair, transparent prices. Many of our filter kits are ready for immediate dispatch, so you can enjoy the benefits of our products quickly and easily. With HETZEL, you not only get outstanding quality, but also the certainty that you are always getting the best for your automatic transmission.
