## BASIC SG 35 - Single-component alkaline degreasing detergent

Highly concentrated alkaline degreasing detergent, ideal for washing any type of vehicle without sponging or brushing. Single-component product, it has a highly degreasing action and an excellent cleaning action, eliminating all types of dirt (traffic remove film, grease, stamp ink, oil and carbon residues, smog, soil, etc.).

5 Kg 10 Kg 25 Kg

## BASIC SG 44

### Self-polishing single-component concentrated alkaline detergent

Highly concentrated professional alkaline detergent. High degreasing action on all types of dirt: grease, stamp ink, oil and carbon residues, smog, dirt. Ideal for cars, tarpaulins, chassis, wheels, caravans, trains, boats etc.

5 Kg 10 Kg 25 Kg

## SG AUTOMATIC FOAM Foaming Brush Shampoo

Professional foaming shampoo for washing tunnels. High degreasing action. Ideal for cars, tarpaulins, frames, wheels, caravans etc.

5 Kg 10 Kg 25 Kg

## SG SELF FOAM

### Foaming Shampoo for Self Service Systems

Professional foaming shampoo for Self-Service systems. High degreasing action. Ideal for cars, tarpaulins, frames, wheels, caravans etc.

5 Kg 10 Kg 25 Kg

## PREWASH SELF

### Delicate pre-wash alkaline detergent

Professional alkaline detergent for pre-wash. Ideal for self-service. Suitable for cars, trucks, caravans, etc. Detergent for all types of dirt: grease, smog, dirt, carbon residues, etc.

5 Kg 10 Kg 25 Kg

## SHAMPOO CAR+

### Professional Auto

Professional car shampoo, neutralizes any type of vernice. High concentration and self-luminous.

5 Kg 10 Kg 25 Kg

### WASH & WAX Shampoo With Wax

Shampoo with professional wax, neutral on any type of paint. High concentration, self-polishing and self-drying.

5 Kg 10 Kg 25 Kg

### SG KLIN WHEEL CLEANER EXTRA Extra Strong Wheel Washer

Detergent for cleaning wheels, including alloy rims. Eliminates stubborn dirt, grease, carbon residues and mud. It does not attack the paint or the parts it comes into contact with. Biodegradability greater than 90%.

5 Kg 10 Kg 25 Kg

### KLIN WHEEL ACID Acid wheel cleaner

Detergent for cleaning tyres, including alloy rims. Removes dirt, grease, carbon residue and mud.

5 Kg 10 Kg 25 Kg

### SG KLIN WHEEL Wheel washer

Professional cleaner for rims of all types. Removes and eliminates dirt, grease stains, hydrocarbon residues. Does not corrode paints.

5 Kg 10 Kg 25 Kg

### FOAMING SHAMPOO Foaming Shampoo

Foaming shampoo with white foam for automatic systems equipped with the Tri-Foam system. High foaming and polishing power. Protects the bodywork. Compatible with all waxes.

5 Kg 10 Kg 25 Kg

### COLORED FOAM Colored Foaming Shampoo

Foaming shampoo with blue or red foam for automatic systems equipped with the Tri-Foam system. High foaming and polishing power. Protects the bodywork. Compatible with all waxes. Foam of blue or red color.

## MOUNTING PASTE CAR YELLOW Yellow Assembly Paste

High performance yellow universal paste for mounting any type of tire for cars, light vehicles and motorcycles. Excellent sliding properties between rim and tire. Excellent anti-corrosion and rim protection properties. Quick drying, does not stain tires. Promotes future tire removal. HIGH YIELD.

1 Kg 4 Kg 10 Kg 20 Kg

**MOUNTING GREASE TRUCK - Assembly paste for heavy vehicles**  
Specific high performance grease for the assembly of any type of tire for heavy vehicles and for heavy duty tyres. Maximum slipping properties between rim and tyre, with gripping action to prevent sliding between rim and tire when installed. Excellent anti-corrosion and rim protection properties. Quick drying, does not stain tires. Promotes future tire removal. HIGH YIELD.

4 Kg 5 Kg

## MOUNTING PASTE BLUE Blue Assembly Paste

Universal blue paste for mounting any type of tyres. Ideal for mounting run-flat and motorcycle tyres. High slip. Excellent anti-corrosion and rim protection properties. Quick drying, does not stain tires.

4 Kg 5 Kg

## MOUNTING PASTE BLACK Black Assembly Paste

Universal black paste for mounting any type of tyres. Excellent anti-corrosion and rim protection properties. Quick drying, does not stain tires.

4 Kg 5 Kg

## MOUNTING PASTE WHITE White Assembly Paste

White universal paste for mounting any type of tyres. Excellent anti-corrosion and rim protection properties. Quick drying, does not stain tires.

5 L

## MOUNTING LIQUID LUBE Lubricant Liquid for Tire Mounting

Lubricating liquid for spray applications and use on automatic tire assembly lines. It can be diluted with water from 50 to 100% to adapt the viscosity to any application for temperatures and drying times. Its great sliding action facilitates tire mounting by exerting a high protective action on the rim.

5 Kg 10 Kg 25 Kg

## ENGINE CLEANER Degreaser Engine washers

Degreaser for external washing of all engines and engine compartments. It contains no solvents and is not flammable. Easily removes oil, grease, sludge and dirt in general.

5 Kg 10 Kg 25 Kg

## CLEAN PARTS Degreaser For Mechanical parts

Degreaser for cleaning mechanical parts. Specific for use in spray or splash machines. It contains no solvents and is not flammable. Thanks to its high emulsifying power, it easily removes oil, grease, etc.

5 Kg 10 Kg 25 Kg

## DELI WASH - Delicate degreaser for mechanical parts

Highly effective degreaser and descaler for cleaning mechanical parts, engine parts, carburetors, gearboxes, differentials, etc. It is not flammable, nor does it emit solvent vapours, so it is less harmful and has a lower environmental impact. IT DOES NOT CONTAIN HYDROXIDES AND IS NOT SO CORROSIVE, but easily removes oil, grease, mud and dirt in general.

5 Kg 10 Kg 25 Kg

## ULTRASONIC PARTS CLEANER Ultrasonic Tank Degreaser

Valid substitute for many solvent-based engine cleaners, it is not flammable, does not emit solvent vapours, is not harmful, does not contain hydroxides and therefore is not corrosive. Thanks to its high emulsifying power, it easily removes oils, fats, mold and grime in general.

5 Kg 10 Kg 25 Kg

## FAP / DPF CLEANER Particulate Filter Cleaner

Washing of particulate filters installed in new generation diesel engines. Quickly removes carbon deposits and ash from the filter or catalytic converter. Product for immersion washing of disassembled filters. Do not pour into the fuel tank. This product is not an additive.

5 Kg 10 Kg 25 Kg

## OXIFIX Industrial descaler

Mixture of organic and inorganic acids, surfactants and corrosion inhibitors. It can be used to clean any piece with rust. Excellent for stains resistant to normal detergents.

5 Kg 10 Kg 25 Kg

## WORKWEAR CLEANER Clothing Detergent To work

Liquid detergent with high degreasing power specific for washing work clothes.

5 Kg 10 Kg 25 Kg

## DEC PM+ Cleaner for Polymeric waxes

Elimination of polymers and copolymers. It can be applied to hard surfaces to remove plastics, synthetic rubbers, textile fibres, etc.

5 Kg 10 Kg 25 Kg

## DEC PF+ Detergent for paraffin waxes

Elimination of paraffins, saturated and unsaturated hydrocarbons. It can be applied to hard surfaces. Particularly effective on greases and petroleum waxes. Completely soluble in water.

5 L 10 L 25 L

## PARTS CLEANER SOLVENT Solvent-based mechanical parts degreaser

Degreaser for cleaning mechanical parts. Specific for use in spray, splash or brush washing machines. Thanks to its high emulsifying power, it easily removes oil, grease, sludge and dirt in general.

500 ml 5 L 10 L 25 L

## MULTIBLOCK 6+ Multipurpose unblocker

Lubricant, release agent, protective, water-repellent, detergent and allows a perfect shine on hard surfaces, in particular wood and metals.

1 L 5 L 10 L 25 L

## SILISTOP Water-based anti-silicone detergent

Anti-silicone degreasing detergent based on pre-treated water. The mixture of alcohols without additives removes any type of residue from the support. This operation must be performed before painting.

5 L 10 L 25 L

### RADIATOR CLEANER - Circuit Cleaner Engine Cooling System

It effectively cleans the deposits and obstructions that form in the engine cooling circuit, making them evacuate when the coolant is drained. Recommended for use in all closed liquid cooling systems. Improves heating and cooling performance.

5 L 10 L 25 L

### BRAKE CLEANER Basic brake washer Solvent

High quality product for cleaning brakes, discs and drums, clamps, clutches, etc. Easily removes grease, oil, soot, mud, dust, etc.

1 L 5 L 10 L 25 L

### NO SOLVENT

#### Solvent-based anti-silicone degreaser

Solvent-based anti-silicone degreasing detergent. The mixture removes any type of residue from the support before painting.

5 L 10 L 25 L

### GUN CLEANER

#### Water-based paint gun degreaser

Removes water-based paint from guns, tools and utensils. Quickly and effectively dilutes paint residues without drying. Its particular characteristics make it recyclable and, therefore, reusable. Not inflammable. Reduced VOC content.

5 L 10 L 25 L

### GLASS -60° - Concentrated Antifreeze Window Cleaner

Concentrated antifreeze cleaner and window midge cleaner. Removes dirt from the windshield with extreme ease. Anti-limescale, leaves no streaks and does not affect seals. Increases the smoothness of the windshield wipers ensuring excellent visibility.

5 L 10 L 25 L

### SPRAY MASK

#### Gel for the protection of paint booths

Gel for the protection of interiors of paint booths, painted surfaces, glass, metals, armor, plastic, etc... Protects surfaces from smog, thin dust, paint or paint dust. Easy to apply and remove.

# garage & industry

1 L 5 L 10 L 25 L

**ANTIFREEZE PURE / -40°C / -20°C / -5°C / Yellow - Red - Blue - Purple - Green Radiator fluid.**

**Antifreeze Radiator Fluid**

G12+ Plus radiator fluid with protective, antifreeze and anti-boil action. Protects common metals and circuits of iron, copper, brass, aluminum and its alloys, etc. High boiling point. Meets ASTM D 3306 OR ASTM D 4985 requirements.

1 L 5 L 10 L 25 L

**ANTIFREEZE G13 -10°C**

**Antifreeze Radiator Fluid**

G13 radiator fluid with protective, antifreeze and anti-boil action. Protects common metals and circuits of iron, copper, brass, aluminum and its alloys, etc. High boiling point.

5 L 10 L 25 L

**GRAFFITI REMOVER**

**Remove Graffiti**

Removes spray paint on natural stone facades, exposed brick and concrete walls, concrete, undecorated plaster, unpainted metal surfaces,... Does not damage surfaces. The consistency of the product means that it remains on the surface more and does not penetrate excessively.

100 ml 1000 ml 5000 ml

5 L 10 L 25 L

## XC-01 - FOAM

Foaming shampoo with nanotechnology for automatic systems. High polishing power. Thanks to its particular chemical composition, it gives the vehicle bodywork a shiny and protective effect which facilitates subsequent washing. APPLICATION: in automatic systems, aspirate 20-25 grams of pure product per vehicle.

5 L 10 L 25 L

## XC-02 - BRUSH SHAMPOO

Concentrated detergent with restructuring properties designed as a brush cleaner in tunnel and portal systems. Once adhered to the bodywork, it thoroughly cleans the bodywork, eliminating residual alkalinity, restructures bodywork imperfections and creates an invisible, long-lasting film that significantly aids drying. APPLICATION: Add 15-20 ml of product per vehicle.

5 L 10 L 25 L

## XC-03 - POLISH

Sealing polish that creates a super protective and shiny barrier. It offers unrivaled shine and a long-lasting water-repellent effect. The protective particles contained in the product adhere to the bodywork, offering an active defense for several weeks. APPLICATION: Add 40-60 grams of pure product per vehicle.

5 L 10 L 25 L

## XC-04 - WAX

Newly formulated self-drying vehicle sealant with nanotechnology. It allows you to obtain optimal results with very low doses. Particularly suitable for automatic systems with air drying. HOW TO USE: in automatic systems, aspirate 5 - 25 grams of pure product per vehicle. Testing is recommended to adjust the appropriate dose.

5 L

## XC-05 - BRILL WASH

Nanotechnological sealing shampoo. It gives the treated surface a self-cleaning hydrophobic capacity which allows you to keep the car cleaner for longer. 3 in 1 formula car shampoo: Washes, Seals and Protects in a single operation. It contains super hydrophobic nanotechnological polymers that bind to the surface creating a shield resistant to both caustic and acidic chemical agents. Leaves the surface shiny. It creates a balanced and lubricated foam that easily removes dirt, avoiding the creation of microscratches.

# XC NANO CERAMIC line

Thanks to its particular chemical composition, it gives the vehicle bodywork a shiny and protective effect.

## POWER

### Universal degreaser

High power universal degreaser ideal for cleaning oil stains, industrial flooring, engines, machinery, mechanical parts in general. It has a strong cleaning action on all types of dirt.

## SHAMPOO CAR+ Car Shampoo

Absolutely neutral vehicle shampoo for any type of paint. Concentrated. Generates abundant foam. Excellent cleaner.

## BRILL WASH

### Nanotechnological sealing shampoo

Sealing ceramic shampoo. It gives the treated surface a self-cleaning hydrophobic capacity which allows you to keep the car cleaner for longer. 3 in 1 formula car shampoo: Washes, Seals and Protects in a single operation.

## ENGINE CLEANER

### Degreaser For Engine Washing

Degreaser for external washing of all engines and engine compartments. It contains no solvents and is not flammable. Easily removes oil, grease, sludge and dirt in general.

## WASH & WAX Shampoo With There was Professional

Shampoo with professional wax, neutral on any type of paint. High concentration, self-polishing and self-drying.

## WL FAST Dry Shampoo

Designed for dry cleaning of car bodywork and windows. Emulsifies dirt to facilitate removal and leaves no streaks. Delicate on all surfaces of the car, it makes the rain slide off without leaving any traces on the bodywork.

## IRON REMOVER

### Rapid decontaminant

Specially developed to eliminate what classic rim cleaners cannot eliminate. Ideal on all steel and light alloy rims and also on chromed and polished rims. It chemically converts and dissolves ferrous residues that have penetrated the paint.

## ELIMOS

### Degreaser for Removing Insects

Eliminates mosquitoes, insects and organic residues from vehicle surfaces, without affecting the paint or the parts it comes into contact with. Its high degreasing and softening power allows for optimal cleaning. Product ready for use.

## SG KLIN WHEEL

### Wheel cleaning detergent

Professional cleaner for rims of all types. Removes and eliminates dirt, grease stains, hydrocarbon residues. Does not corrode paints.

## SHINY

### Moisturizer for leather interiors

Ideal product for cleaning steering wheels and leather seats. Moisturizing anti-aging product, absolutely effective for cleaning car leather and easy to use.

## LG BLACK TIRES

### Black Tires

Professional tire reviver, restores the original shine to the tire.

## PLASTIC CLEAN

### Reviving Plastics and Bands

Professional compound with silicones to polish and protect unpainted plastic bands and pads. Antistatic, does not stain.

## LC WHITE EMULSION

### Gloss Dashboard With Silicone

Professional perfumed aqueous emulsion with silicones. Suitable for polishing and protecting plastic dashboards, hard surfaces, imitation leather, etc. Antistatic function, does not stain.

## SG DETERPLUS

### Cleaner for Upholstery

Professional cleaner for car upholstery. It does not corrode the parts it comes into contact with.

## SG TOTAL

### Multipurpose cleaner

Professional multi-purpose sanitizing detergent for hard surfaces, car interior parts, imitation leather, etc. It removes and eliminates dirt and allows for perfect cleaning and a sanitized surface.

## TOP GLASS

### Window cleaner

Professional glass cleaner. It doesn't leave streaks. It removes and eliminates dirt and grease stains from glasses very easily.

## BIKE CLEANER

### Detergent

### Multipurpose for Motorcycles

Multipurpose cleaner, ideal for areas with difficult dirt: removes grease, oil, petrol stains, mud and carbon deposits. Gentle with all types of paint and chrome.

## OXIFIX

### Degreaser For

### Oxide E

### Rust

Mixture of organic and inorganic acids, surfactants and corrosion inhibitors. It can be used to clean any piece with rust.

## NO ICE

### Instant de-icer

NO ICE can be used not only as a de-froster for cars and motorbikes but also as a de-icer to instantly remove ice from car locks. It cleans the crystals and makes the brushes slicker.

## ANTI RAIN

### Windshield sealant

Mixture of organic and inorganic acids, ANTI RAIN is a special nanotechnological treatment for windshields. Applied before it rains, it creates a water-repellent film that encourages raindrops to slide off already at 50/60 km/h. ANTI RAIN, thanks to its formulation, makes the drops of water flow without making them adhere to the surface: the water condenses into droplets which slide away as the speed of the vehicle increases, leaving the glass always clean and transparent.
