

PIMAX

wide range, one order, one brand

PIMAX ...

- Pimax has been on the international market for over 40 years a recognized brand as synonymous of quality and reliability at an international level.
- Pimax offers a range, with thousands of codes, more than 100,000, which covers all European and non-European fleets. You can buy many types of selected and unobtainable spare parts for both cars and commercial vehicles and trucks with a single order.
- Pimax, looking at the past, has collected classic spare parts both for vintage and youngtimers in a dedicated catalogue. A unique tool for enthusiasts.....
