# A/C LEAK SEALANT

## SINGLE-USE SYRINGE INJECTOR KIT

Now Offering Single-Use Syringe Only Option

- 1. FIX IMMEDIATE LEAKS**
- 2. SEAL DIFFICULT TO FIND LEAKS**
- 3. ONGOING SEALING**

**COMPATIBLE WITH ALL POPULAR REFRIGERANTS**  
including R-1234yf

**PERMANENTLY SEALS LEAKS**  
in condensers, evaporators, accumulators, O-rings, and hoses

**SAFE & EASY TO USE**  
Safely remains in A/C systems

**COMPATIBLE WITH HYBRID/EV**  
Safe to use in electrically-driven A/C compressors

Easy to use Dual Adapter for both R-1234yf and R-134a systems

10 in

4 in

1.5 in

## SEALS SLOW, PESKY LEAKS IN:

Accumulator/  
Receiver

Evaporators &  
Condenser

Connections

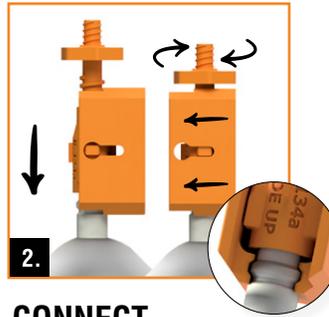

O-rings  
& Hoses

# HOW IT WORKS

**1. ADAPT**  
Identify refrigerant system type (R-1234yf or R-134a) and prepare adapter

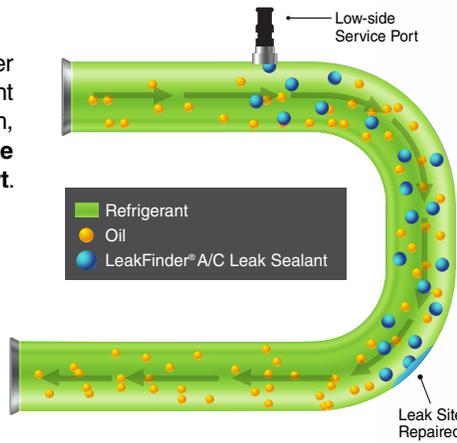

**2. CONNECT**  
Connect adapter to fitting

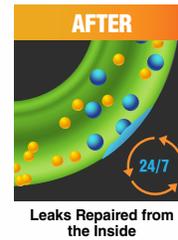

**3. INJECT**  
Install syringe and inject sealant

Inject LeakFinder A/C Leak Sealant to a leaking system, via the **low-side service port**.

When the sealant is exposed to an environment where there is a dramatic drop in pressure and temperature (leak site), a **seal will begin to form at the leak site until it is fully sealed.**

LeakFinder A/C Leak Sealant **pinpoints the location of all internal micro-leaks**, forming a repair from the inside.

### A/C Machine & Equipment Safe

- ✓ Does not affect refrigerant RRR equipment
- ✓ Non-hardening sealant formula

**NEW**

Part #	Description	Individual Unit Size (L x W x H)	Individual Unit Weight	Master Pack Quantity	Country of Origin
LF200CS	LeakFinder A/C Leak Sealant	10" L X 4" W x 1.563" H	0.22 lbs	6 Units	USA
LF201CS	LeakFinder A/C Leak Sealant Syringe	10" L X 2" W X 1.5" H	0.11lbs	6 Units	USA
