**Perfect fit  
for your car**

ARS collection offers a wide selection  
of perfect fit car carpets for more than:

**1500+**  
car models

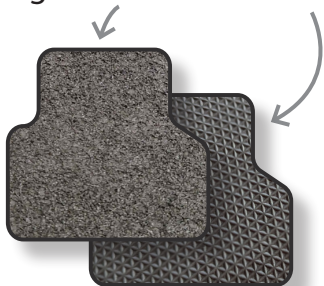

**50+**  
truck models

### Wide selection of different materials and price ranges

ARS offers 5 different carpets  
qualities (2 in needle felt and  
3 in tufted, cut pile).

2 different backings:  
granulated and rubber.

### ARS opens a lot of room for customization of the carpets with lot of options such as:

With 5 carpet color combinations.  
Edge serging or edge tape binding  
(both are available in variety of colors).  
Embroidery with your custom Logo of  
a phrase.

### Heelpad for extra durability

One of the biggest issues of car carpets  
are durability under the drivers feet.  
This area is under a lot of wear and tear  
during exploitation of the vehicle. ARS  
solves this problem by adding high  
frequency welded heelpads under  
the location of the pedals for extra  
durability and longevity of the carpets.

### Carpets for Left hand and Right hand drive models

At the moment ARS offers only Left  
hand drive model options, but Arostè  
are tirelessly working on a new Right  
hand drive collection.

### Genuine mounting system

We only use a genuine mounting  
system for ARS car carpets that  
guarantees carpets do not slip and  
stay in place.

With 27 years of experience under it  
is belt flexible customization options,  
attention to details and quality control

Arostė is your option number 1 for  
custom fit car carpets.
