ABOUT US

COMPANY INTRODUCTION

BM was established in 2001, with annual sales of 50 millions USD, specializing in R&D and production of steering wheels and carbon fiber parts. We have several factories and offices located in China, Japan and America with a total of 30,000 square meters and 500 employees.

We obtained the IATF:16949 quality management system certification since 2015. The management system is given great attention in our company to ensure standardized and high-quality production.

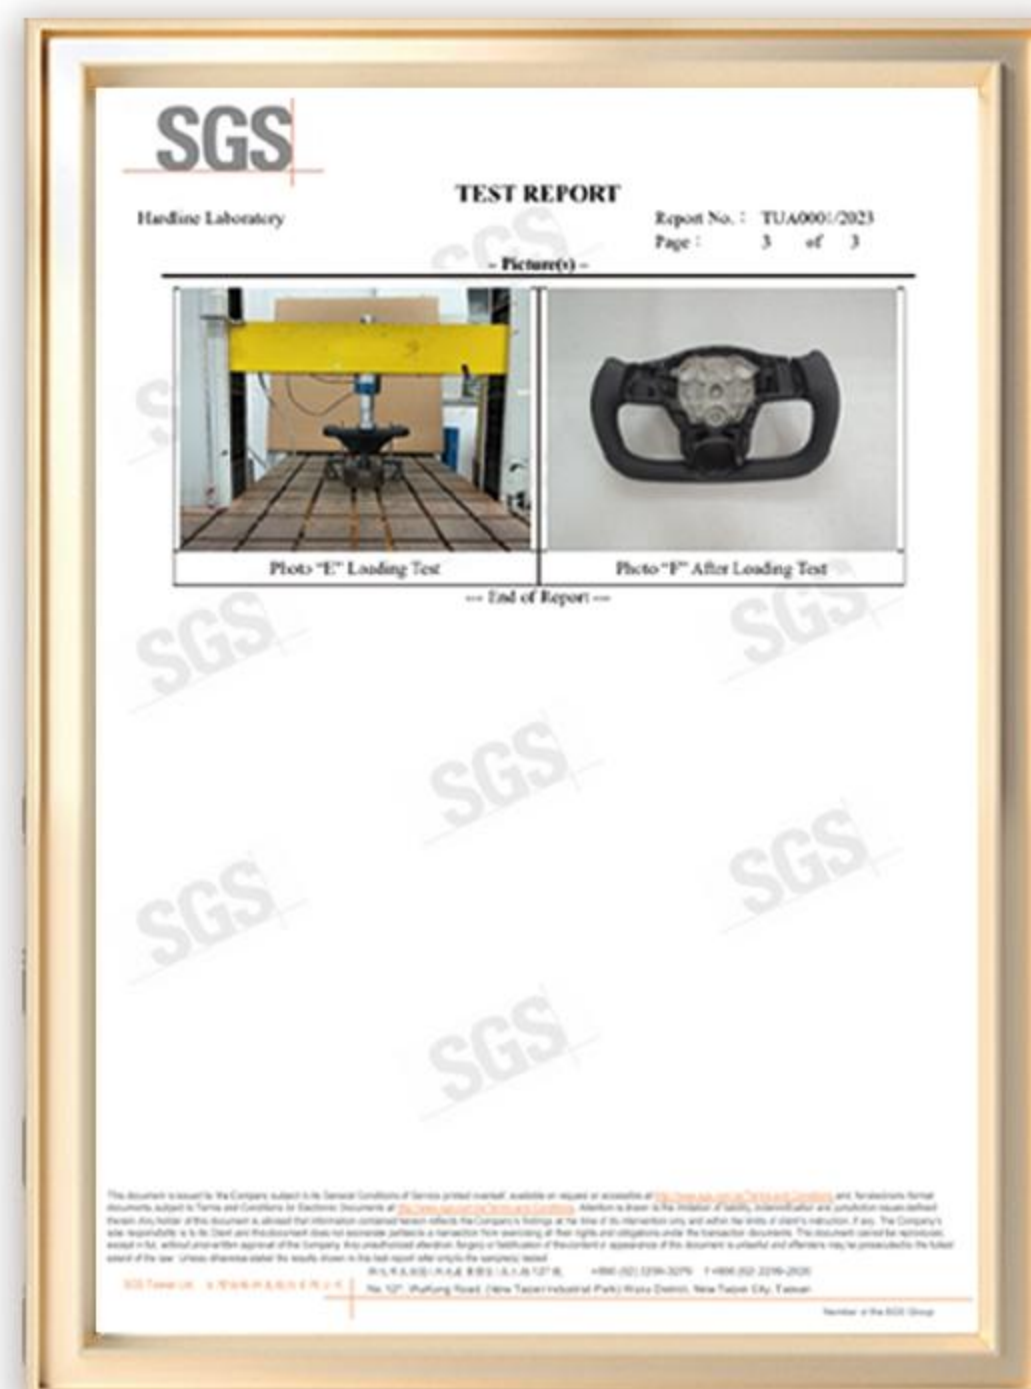

Adhering to the business philosophy of "integrity, professionalism, and win-win", we have gained the trust of customers around the world.

Long history, excellent quality, and thoughtful service
