GROUP OF COMPANIES

---

**AUTO GS** is a modern air freshener, car care and car chemicals **manufacturing company** which is focused on providing unique products that meet top standards accompanied with a quality service to customers and consumers. Founded in Thessaloniki Greece back in **1978** from Mr George Simeonidis, the company holds a long term history that starts with car accessories trading and importing.

In **2005** our group created a new brand: Feral. **Feral®** is a quality brand of **car care products, air fresheners** and other **chemicals** for vehicles such as cleaning, maintenance, antifreeze and polishing products. Our main scope is to make people happy while driving their car by providing them with top quality and high design products to deodorize, clean and maintain their vehicles. Our company is also focused on **“Private Label”** production which is a very interesting and successful field for us. We welcome PL productions. Our **R&D department** is always looking forward to new exciting products that will gain customers’ attention. Our passion for satisfying our customers’ needs for unique and innovative products is the one that drives us to produce more new and **exciting products** to the market in the upcoming years.

The company **AUTO GS** has absolutely complied with **CLP regulation & UFI**, classification and labeling. Furthermore, the company is certified with **ISO 9001: 2018** demonstrating its dedication to continuous improvement and superior performance in all aspects of business. Production is fully harmonized with environmental regulations.

Faithful to its commitments will continue to fight for the best customer service with excellent quality of products and competitive prices.
