AdBlue

Code	Size	Carton	Pallet	Barcode
ADBLUE5L	5L	4	200	5061029 210448
ADBLUE10L	10L	1	75	5061029 210455

-
- What the product does:
 - AdBlue, a 32.5% urea solution in water, is essential for vehicles with selective catalytic reduction (SCR) systems, mandated by emissions standards set
 - by the EU and other regulatory bodies. It helps break down harmful nitrogen oxides into nitrogen and water vapor in the exhaust stream.
 - How to use the product:
 - Always pour AdBlue into the AdBlue tank. Both the nozzle pistol and filler cap of the tank are clearly marked

Bike Cleaner

Code	Size	Carton	Pallet	Barcode
BIKE5L	5L	4	200	5065015 010371
BIKE25L	25L	1	32	5061029 210509

- What the product does:
- A friendly but powerful formula that cuts through grime regardless of the weather or riding conditions. The pleasantly fragranced pink cleaner uses specialist surfactants to break down soiling without being too harsh on sensitive parts allowing you to rinse away soiling with ease. Biodegradable, Acid Free, Solvent Free!
- 1. Rinse bike thoroughly with clean water prior to application of product.
- 2. Spray FlowChemUK Muck Away Bike Cleaner onto the bike (and all components) and leave to work for approx. 5 minutes. In hot weather, do not allow to dry.
- 3. If stubborn grime is apparent, agitate with a brush or sponge.
- 4. Rinse bike thoroughly with clean water.

Cherry Snow Foam

Code	Size	Carton	Pallet	Barcode
SNOW1L	1L	6	828	5065015 010920
SNOW2L	2.5L	8	400	5061029 210813
SNOW5L	5L	4	200	5061029 210325

-
- What the product does:
 - Cherry Snow Foam is a slightly alkaline, long-lasting, heavy-duty foam detergent containing powerful cleaning agents effective in the removal of road traffic film and other everyday soiling. It is very effective on a wide range of soil types and is easily rinsed away. Ultra-Snow Foam is the perfect pre-wash giving you confidence to follow up with your contact wash.
 - How it works:
 - Powerful cleaning agents and surfactants break down and lift soiling to be safely rinsed off the surface prior to a contact wash. This in turn reduces the risk of scratches and swirls during your contact wash. **HEAVY SOILAGE:** Apply with a snow foam lance (connected to pressure washer) to ensure proper coverage. Cherry Snow Foam can be left on paintwork for 4 – 5 minutes depending on the weather (do not allow to dry). Rinse off with high pressure ensuring every part of vehicle has been sprayed. **LIGHT SOILAGE:** As above but can be rinsed off after 2 – 3 minutes. Suitable for all paint types and should not affect LSP. If in doubt, please test an inconspicuous area first.

Car Wash Shampoo

Code	Size	Carton	Pallet	Barcode
CARSH1L	1L	6	828	5061029 210844
CARSH2L	2.5L	8	400	5061029 210851
CARSH5L	5L	4	200	5065015 010913

- What the product does:
Car Wash Shampoo is a premium shampoo that utilises specialist surfactants to create a foamy, ultra-slick solution to break down dirt and allow you to safely clean your paintwork. Car Wash Shampoo is anticorrosive and suitable for bare steel also, ideal for older vehicles which may have stone chips or exposed areas of mild steel.
- How it works:
- Car Wash Shampoo uses powerful surfactants to create a high foam level. This simply means that particulate matter is lifted away from the paint, where it can be safely removed with reduced risk of scratching or damage to your car's paintwork.
- How to use the product:
- Ensure bodywork is cool prior to use. Rinse off loose dirt with water or use FlowChem Cherry Snow Foam first. Add 15-30ml to a 5 Litre bucket (approx. 2 cap full) and add warm water. Agitate solution by hand or by pressure washer. Apply with a wash mitt and work from the roof down. Rinse off with clean and dry with a drying towel. Suitable for all paint types and LSP.

Ultra TFR: Traffic Film Remover

Code	Size	Carton	Pallet	Barcode
TFR5L	5L	4	200	5065015 010906
TFR25L	25L	1	32	5065015 010999

-
- What the product does:
 - Ultra TFR is a special blend of chemicals which provides a deep clean to the surface which the product is applied to. This viscous concentrated formula has a huge range of possible applications covering motor, farming, boating, cleaning & many industrial applications. Ultra TFR is designed to be used manually or through a power washer and remain highly effective in both hot, cold, and even hard water. Very economical formula with a maximum dilution ratio of 200:1.
 - How it works:
 - Specialist raw materials and surfactants break down and lift soiling with ease making power washing a breeze.
 - How to use the product:
 - Apply via a jet lance – or add 100 – 200ml per bucket of Hot or Cold Water. Do not allow product to dry.

WATERLESS CAR WASH SEALANT

Code	Size	Carton	Pallet	Barcode
SEAL5L	5L	4	200	5065015 010883

- What the product does:

The perfect car wash when access to water is limited. Using specialist cleaners, it will lift dirt particles allowing you to safely wipe them away with ease. Not only that, it will add gloss and protection to the surface being treated

Wheel Cleaner

Code	Size	Carton	Pallet	Barcode
WHEEL5L	5L	4	200	5065015 010937

- What the product does:
- FlowchemUK wheel cleaner is designed to tackle even the toughest grime with its powerful formula. Using specialist surfactants. Flowchemuk wheel cleaner will cut through corrosive brake dust and road grime with ease leaving your wheels like new, it can also be applied directly to the tyre and wall and agitated to thoroughly clean the rubber prior to dressing.
- How it works:
- Test an inconspicuous area first, spray directly on to the wheel and/or tyre wall liberally. Allow to work for approx. 2. minutes. Do not allow to dry. Agitate if needed. rinse or pressure wash dirt and residue away thoroughly.
- When to use:
- Use as part of your regular cleaning routine. All year round

ANTI FREEZE AND SUMMER COOLANT

Code	Size	Carton	Pallet	Barcode
FREEZE1L	1L	12	828	5061029210219

-
- What the product does:
 - Anti-Freeze is a liquid that's added to a car's engine cooling system. It stops the water from freezing under normal cold weather conditions. As well as lowering the freezing point, it also raises the boiling point of engine coolant. Along with a pressurised system, this helps to reduce the risk of overheating.

ULTIMATE DESCALER

Code	Size	Carton	Pallet	Barcode
DESCALE1L	1L	6	828	5061029 210349
DESCALE5L	5L	4	200	5061029 210035

- What the product does:
- An efficient and powerful multi-purpose descaler that effectively removes limescale on contact leaving your appliances clean and fresh with noticeably improved performance. Alcohol-free, animal cruelty-free and biodegradable

Rust Remover

Code	Size	Carton	Pallet	Barcode
RUST1L	1L	6	828	5061029 210684
RUST5L	5L	4	200	5065015 010050

- What the product does:
- Rust Remover is a specialist and advanced acidic formulation developed to safely remove oxidation from metals including iron, copper, aluminium, and stainless steel.
- How it works:
- This ready to use formula is best used as a bath in which you can fully submerge the affected items. Can also be used by spray for those hard to reach or larger areas. The formula will get to work removing all traces of rust back to bare metal without any scrubbing or sanding.
- How to use the product:
- Simply submerge the product into a bath/container so it is fully submerged by the solution. Leave for a few hours to work. Items can be left overnight for best results. After treatment, rinse item and then dry (ideally spray with a water displacement chemical). Item can be painted after treatment. The cleaning process does not damage, corrode or darken most metal components, and is ideal for even intricate parts such as carburettors, valves, heat exchanges and much more

White Vinegar

Code	Size	Carton	Pallet	Barcode
VINEGAR1L	1L	6	828	5061029 210394
VINEGAR5L	5L	4	200	5061029 210387

-
- What the product does:
 - FABRIC SOFTENER - This white vinegar is perfect for households that have pets and children around as well as commercial premises where health and safety is of paramount importance.
 - FOR GARDENING - Garden borders, driveways, paths, Odours, Limescales to name a few whilst having none of the side effects which are normally associated with cleaning products since it leaves no nasty toxic chemicals and fumes behind.
 - I would leave the 'how to use' on this one as it will be pages long. There are so many uses and different dilutions.

Rodent And Insect Repellent

Code	Size	Carton	Pallet	Barcode
RAT5L	5L	4	200	5065015 010043

- What the product does:
- Our Rodent Repellent Spray effectively deters Rats, Mice, Spiders and other rodents from your home or garden without killing them. The natural ingredients are an effective alternative to a mouse trap or inhumane sticky pads so you can ensure you are not affecting the eco system. Our unique formula will not damage plants, grass and is safe on all hard surfaces.
- How it works:
- Specialist essential oils are used to safely deter rodents which encourages them to move on safely. By simply spraying this product you will ensure that they will stay well clear of your home.
- How to use the product:
- Simply spray the areas where rodents are attracted to every 2-3 days for around 2 weeks. Your Rodent friends will soon move on. Suitable for all porous and no porous surfaces. Safe, friendly deterrent.

Bed Bug And Insect Repellent

Code	Size	Carton	Pallet	Barcode
BUG5L	5L	4	200	5065015 010302

- What the product does;
- Bed Bug And Insect Repellent Spray provides an effective control of bed bugs in the household sleeping areas. Bed Bug And Insect Repellent is cruelty free, pleasantly fragranced and effective.
- How it works:
- Bed Bug And Insect Repellent key active ingredients work by naturally repelling bed bugs and other insects naturally without the need for pesticides.
- How to use the product:
- Porous furnishings such as mattresses. Vacuum thoroughly prior to treatment. Spray product liberally on the area and allow to dry. Vacuum again to finish. Non-Porous furnishings. Test an inconspicuous area first. Spray product and wipe away immediately. Vacuum the surrounding area and dispose of your cloth in an outside bin. Repeat the above every 2-3 days if problem persists.

SHAVER LEMON

Code	Size	Carton	Pallet	Barcode
SHAVER1L	1L	12	828	5061029 210271

- What the product does;
- . Shaver Clean and Refresh will keep your electric shaver feeling clean and new. This alcohol-based solution will clean much more hygienically than water and efficiently removes hair and skin particles with ease

Garden

Tomato Feed

Code	Size	Carton	Pallet	Barcode
TOMATO5L	5L	8	200	5065015 01077

-
- What the product does:
 - FlowChem Tomato Feed concentrate is a powerful liquid solution to encourage plant growth. Ideal for growing strong, healthy and high yielding plants. The solution is a 300:1 concentrate.
 - Dilute: 1 capful (15ml) per 7 litres of water.
 - Use: March to September.

Wet And Walk Away Patio Cleaner

Code	Size	Carton	Pallet	Barcode
WET2L	2.5L	8	400	5061029 211032
WET5L	5L	4	200	5065015 010067

- What the product does;
- Wet And Walk Away is the perfect cleaning solution for outdoor use and couldn't be easier. Simply Wet and Walk Away. Our premium formula with its special active ingredient safely and effectively removes green staining with ease. Use on a multitude of surfaces such as patios, fencing, driveways, roofs, gutters, artificial grass, caravans and much more. As Wet and Walk Away requires no agitation you can be sure that no damage will be caused in the cleaning process.
- How it works:
- Our Wet and Walk Away formula has no bleach, caustic, or acids, yet this PH neutral formula has a special active ingredient that will get your patio, fencing, driveways, and most outdoor surfaces looking like new again. Best of all, it couldn't be easier. How to use the product Simply dilute the product up to 5:1 with water (use a stronger solution for badly affected areas). Apply to the surface using a sprayer or watering can. Once a generous layer has been applied simply walk away. You will start to notice results in 2-3 but please allow up to 2 weeks for full results. The product will continue working for months.

ARTIFICIAL GRASS CLEANER

Code	Size	Carton	Pallet	Barcode
GRASS2L	2.5L	8	400	5061029 211049
GRASS5L	5L	4	200	5065015 010579

- What the product does:
- Our Artificial Grass Cleaner doesn't just mask foul odours, it breaks them down at their source. This gives your lawn a longer-lasting freshness as it replaces those stubborn pet smells with a fresh cut lawn scent.

Black Spot Remover

Code	Size	Carton	Pallet	Barcode
BLACK2L	2.5L	8	400	5061029 211056
BLACK5L	5L	4	200	5065015 010463

-
- What the product does:
 - Keep your patio spotless with Black Spot Remover. A ready to use, ultra-strong formulation which powers through patio black spots, and stains. Easy to use, this deep cleaning solution works on a wide range of outdoor surfaces to lift and clean, keeping your patio, garden, path, and driveway looking their best all year round. The easiest way to get rid of Black Spots on patios, block paving, stones and more. Super strength formula for quick, effective results every time. Easily remove black spots and more even when left for years.
 - How to use the product:
 - Apply by sprayer, simply spray the affected area liberally and leave to work its magic. Washing the area after use is not necessary but is recommended. Additional benefits Easy to use, fast, effective treatment that requires very little effort.

Outdoor Cleaner

Code	Size	Carton	Pallet	Barcode
OUTDOOR2L	2.5L	8	400	5061029 211063
OUTDOOR5L	5L	4	200	5065015 010456

- What the product does:
- . Outdoor Cleaner and Disinfectant is the ultimate outdoor cleaner that can help you tackle a wide range of outdoor cleaning jobs. This versatile formula can be used to tackle many outdoor jobs and is pet safe once dry.
- Pour over your patio or spray area liberally. Scrub (if necessary). Leave for a few hours. Rinse with water. Wait to dry. Repeat if necessary

Garden Acetic

Code	Size	Carton	Pallet	Barcode
ACETIC2L	2.5L	8	400	5061029 211018
ACETIC5L	5L	4	200	5065015 010210

- What the product does:
- Waterless Car Wash and Sealant is the perfect car wash when access to water is limited. Using specialist cleaners, it will lift dirt particles allowing you to safely wipe them away with ease. Waterless Car Wash and Sealant will not only clean, it will add excellent gloss levels and protection. In fact, the water beading is so good, it will be like you have used a dedicated premium sealant.
- How it works:
- Specialist cleaners it will lift dirt particles allowing you to safely wipe them away with ease.
- How to use the product:
- Paintwork and Glass: Work on one area at a time. Spray a fine mist on the panel and then another on a clean microfibre cloth. Wipe the panel gently in a lifting motion to remove the soiling. Take another clean microfibre and buff the area to a high shine. Follow these steps until the vehicle is complete. Plastics, Dash, and Leather: Spray a microfibre cloth with product so that it is damp not wet. Wipe the dust/dirt away gently and allow the area to dry naturally.

Leisure

SODIUM HYPOCHLORITE

Code	Size	Carton	Pallet	Barcode
HYPO5L	5L	4	200	5061029 211957

-
- What the product does:
 - Offering a multitude of applications including water purification, surface cleansing, bleaching, odour elimination, and water disinfection. Pink Toilet Rinse

Code	Size	Carton	Pallet	Barcode
PINK2L	2.5L	8	400	5061029 210745
PINK5L	5L	4	200	5065015 010081

- What the product does:
- Pink Toilet Rinse is a premium concentrated formula developed for the clean water tank and freshwater flush system of chemical toilets in the camping, caravanning and boating leisure industry. It can also be used as a powerful cleaner for toilets, sinks, urinals, and washrooms. Utilising specialist UK sourced surfactants and essential oils, Pink Toilet cleaner will clean and leave behind a very pleasant scent. The non-staining formula is biodegradable and contains premium UK sourced raw materials.
- How it works:
- Our formaldehyde free formula goes in your toilet flush tank to remove and break down obnoxious odours. It coats your toilet with a protective layer to aid in flushing all toilet waste away every time, preventing tell-tale signs of your toilet visit being left behind!! This reduces the risk of those nasty odours reappearing. Additionally, our pure essential fragrance oils provide a pleasant fragrance leaving your smallest rooms smelling fresh after every flush!
- How to use the product :
- Add 200-300ml of product to your flush tank for every 1 Litre of water to create your flush solution. If you require a stronger fragrance, simply increase the ratio of product to water. Compatible with all caravans, motorhomes, and portable toilets

Blue Toilet Rinse

Code	Size	Carton	Pallet	Barcode
BLUE2L	2.5L	8	400	5061029 210752
BLUE5L	5L	4	200	5065015 010074

- What the product does:
- Blue Toilet Cleaner is a premium concentrated and pleasantly perfumed liquid specially developed for the waste tank of chemical toilets in the camping, caravanning and boating leisure industry. Using specialist raw materials to help to make the task of emptying the toilet tank more pleasant by removing odours and breaking down the waste so it is easier to dispose of. Blue Toilet Cleaner is compatible with all toilet cleaners, motorhomes, and portable toilets. The non-staining formula is biodegradable and contains premium UK sourced raw materials.
- How it works:
- Our formaldehyde free formula effectively breaks down all waste and removes any nasty odours, whilst our pure essential fragrance oils provide a pleasant fragrance to envelop your smallest room!
- How to use the product :
- Add 200-300ml of product to your waste tank. Follow this with 1 Litre of water to activate the solution. Use every 3-4 days to keep foul odours at bay and ensure all waste is broken down. Compatible with all caravans, motorhomes, and portable toilets

Top And Bottom

Code	Size	Carton	Pallet	Barcode
TOP2L	2.5L	8	400	5061029 210769
TOP5L	5L	4	200	5065015 010241

- What the product does:
- Top and Bottom Toilet Fluid is a premium concentrated and pleasantly perfumed liquid specially developed to be used in both the waste tank and flush tank of chemical toilets in the camping, caravanning and boating leisure industry. Using specialist raw materials, it helps to make the task of emptying the toilet tank more pleasant by removing odours and breaking down the waste, so it is easier to dispose of. Top and Bottom Toilet Cleaner is compatible with all toilet cleaners, motorhomes, and portable toilets. The non-staining formula is biodegradable and contains premium UK sourced raw materials.
- How to use the product:
- Waste Tank - Add 200-300ml of product to your waste tank. Follow this with 1 Litre of water to activate the solution. Use every 3-4 days to keep foul odours at bay and ensure all waste is broken down. Flush Tank – Add 200-300ml of product to your flush tank for every 1 Litre of water to create your flush solution. If you require a stronger fragrance, simply increase the ratio of product to water.

THICK COMMERCIAL BLEACH

Code	Size	Carton	Pallet	Barcode
BLEACH1L	1L	6	828	5061029 211933
BLEACH5L	5L	4	200	5061029 210912

- What the product does:
- Providing an efficient and effective clean every time. The thick formulation clings to surfaces, ensuring long lasting performance. It can be used neat in toilets, or diluted for more general cleaning tasks

Sink And Drain Unblocker

Code	Size	Carton	Pallet	Barcode
DRAIN1L	1L	6	828	5061029 210882
DRAIN5L	5L	4	200	5065015 010760

- What the product does:
- It powers through to the source of the blockage to resolve the issue and give you free running water again. Use regularly to ensure pipes and drains remain problem free. / Gets to work in just 5 minutes. Safe for use on all pipes. Dissolves grease, hair and soap. For indoor and outdoor use. Protect your sinks and drains by using this drain unblocker on a regular basis.
- How it works:
- Specialist surfactants and salts clean and break down solids so that the blockage can safely wash away.
- How to use the product:
- Simply add 1 Litre of product to the affected sink or drain and allow the product to work for at least 5 minutes. For best results, leave for up to 1 hour and then flush through with hot water. If problem persists, treat again, and leave solution overnight. Suitability Safe to use on all pipes and drains.

Oven Cleaner

Code	Size	Carton	Pallet	Barcode
OVEN1L	1L	6	828	5061029 210998
OVEN5L	5L	4	200	5061029 211001

- What the product does:
- An efficient, potent gel swiftly removes grease and tough, charred food residue. Formulated with Sodium Hydroxide, it effectively tackles severe soiling on surfaces like ovens, fryers, extraction hoods, grills, and various equipment.
- Wear rubber gloves and protective eyewear to shield your skin and eyes from contact with the caustic cleaner.
- Preheat the oven for a few minutes to warm up the surfaces. This can help the cleaner work more effectively.
- Take out the oven racks and any other removable parts, such as trays or pizza stones. Clean these separately with the oven cleaner or as recommended by the manufacturer.
- Apply the cleaner evenly to the interior surfaces, focusing on areas with heavy grease and stains. Be cautious not to apply the cleaner directly on heating elements, as it may cause damage. If needed, apply the cleaner carefully around these areas.
- Let the caustic cleaner sit for no more than 30 minutes. This allows the cleaner to penetrate and break down stubborn deposits.
- Use a scouring pad, sponge, or an abrasive brush to scrub away loosened grime and grease. Pay extra attention to corners and areas with heavy build-up.
- After scrubbing, use a damp cloth or sponge to wipe away the cleaner and residue. Repeat if necessary to ensure all traces of the cleaner are removed.
- Keep the area well-ventilated even after cleaning to dissipate any remaining fumes. Dispose of used cleaning materials, such as cloths or scouring pads, according to local regulations.
- Before cooking, turn on the oven briefly to ensure there are no residual Odors or fumes.

Floor And Surface Cleaner

Code	Size	Carton	Pallet	Barcode
FLOOR5L	5L	4	200	5061029 210899

- What the product does:
- Lemon Floor cleaner uses specialist surfactants to safely break down dirt, grease and oils making this an ideal product to use on all hard surfaces. The Lemon fragrance is long lasting and will leave your home smelling fresh for days
- How to use the product:
- Just dilute 2-4 capfuls of liquid in 5 litres of warm water and use it with a mop or cloth to get rid of grime and leave everything fresh and clean.

99% IPA

Code	Size	Carton	Pallet	Barcode
IPA1L	1L	12	828	5061029 210370
IPA5L	5L	4	200	5065015 010272

-
- What the product does:
 - The chemical formula of isopropyl alcohol is $\text{CH}_3\text{CHOHCH}_3$, and it is very similar to Ethanol in its properties. This makes it an effective cleaning agent which is used in many domestic and industrial purposes.
