

MERSAN

OTOMOTİV OTO YEDEK PARÇA
LTD. ŞTİ.

2019

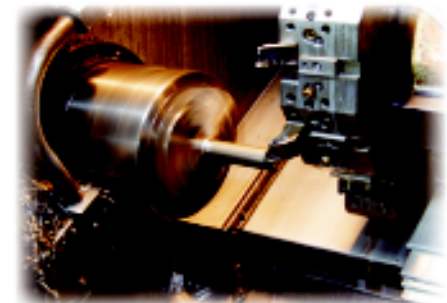

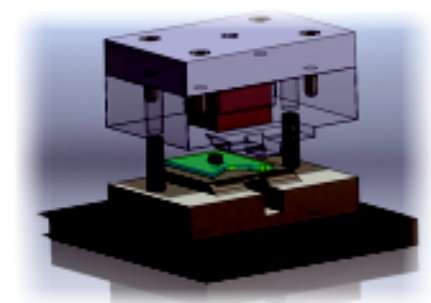

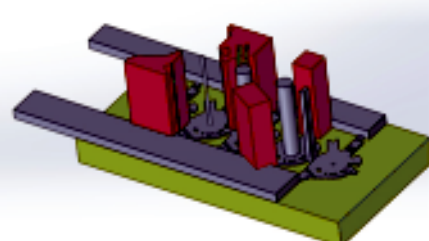

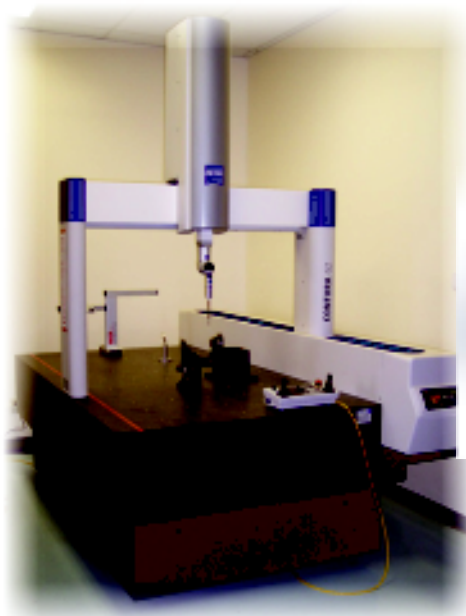

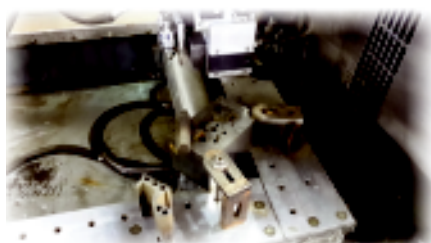

Mersan Otomotiv was established in Izmir Turkey in 1980 and quickly became a well known supplier in Automotive spare parts industry. Initially specialized in automotive bearings, Mersan Otomotiv has added finished product solutions like king pin sets, Roller Guides for small commercial vehicles and solutions for Tractor industry. In 2015 Mersan Otomotiv moved its production to a new 4000 sqm factory in Manisa, Turgutlu.

With the flexible design and production ability and latest technology testing equipment, Mersan can comply with complex customer needs and offers complete project solutions to its customers.

Apart from long term OEM relationships with manufacturing companies in Turkey, with the registered MRS brand, Mersan Otomotiv exports its products over fifteen countries.

We can manufacture products starting from a sample to the finished boxed product with our professional design and tooling team with our latest technology machine park. We can also provide customized solutions for your production tooling. Please contact us for any parts or systems with a sample or a drawing.

OTHER PRODUCTS

KING PIN SETS

We manufacture complete king pin sets, or only specific parts in sets, according to our customer requests. Some of the models we manufacture are listed below. For specific request please contact us.

*BMC TM30
BMC Y2200 FATIH
BMC TM 140 / 150 / 1340
FORD CARGO 1814 / 2014
FORD TRANSIT
FORD CARGO 2520 / 25*

*ISUZU NPR / NKR
MITSUBISHI
MAGIRUS M80 MINIBUS
FIAT 50 NC
GAZELLE
MERCEDES*

SPECIAL BEARINGS

We manufacture special bearings accoring to our customer specifications.

TRACTOR SPARE PARTS

We manufacture steering components, bearings, hydraulic components according to our customer requests.
