All the components listed in our catalogue are not original, though perfectly interchangeable. Reference numbers, either original or of a different nature, are for information purposes only. When placing an order, please, always use Cosibo reference numbers and do not mention the original reference numbers of the truck manufacturers in the invoice to vehicle owners or to anybody else. The customer takes his own responsibility if he does not comply with what above.

All the components listed in our catalogue are not original, though perfectly interchangeable. Reference numbers, either original or of a different nature, are for information purposes only. When placing an order, please, always use Cosibo reference numbers and do not mention the original reference numbers of the truck manufacturers in the invoice to vehicle owners or to anybody else. The customer takes his own responsibility if he does not comply with what above.

All the components listed in our catalogue are not original, though perfectly interchangeable. Reference numbers, either original or of a different nature, are for information purposes only. When placing an order, please, always use Cosibo reference numbers and do not mention the original reference numbers of the truck manufacturers in the invoice to vehicle owners or to anybody else. The customer takes his own responsibility if he does not comply with what above.

# Returns and claims

## RETURNS AND CLAIMS

Upon receiving the goods, the customer is required to verify that the number of packages corresponds to that indicated in the document, and that the packaging is intact. If this is not the case, he/she must accept the goods, specifying on the transport document "goods unchecked" with a signature, stamp and the date, and immediately informing Cosibo spa via e-mail at [Customer.claims@cosibo.it](mailto:Customer.claims@cosibo.it) and in any case no later than 8 days from the delivery, if any anomalies are found. In the event that the goods are made up of car parts, lights, glass, mirrors, the transport document or CMR must **always** be "signed" with goods unchecked even if the packaging is intact.

Furthermore, to complete the documentation necessary for a return, the following must be sent to the e-mail address [Customer.claims@cosibo.it](mailto:Customer.claims@cosibo.it) : photos of the damaged parts, their labelling, the relevant shipping and packaging material and information, and the "FORM" for the return authorisation, which must also be sent to the e-mail address [Customer.claims@cosibo.it](mailto:Customer.claims@cosibo.it) correctly compiled in all its parts.

Only in the presence of the aforementioned documentation will it be possible to proceed with the replacement or reimbursement of the goods in question.

The above is applied both in the case of prepaid shipping, prepaid with debit and freight collect.

The customer is made aware that in the absence of the above-mentioned requirements, Cosibo spa will not accept the request, deeming it closed.

## TYPES OF CLAIMS

### MISSING

the customer believes that he/she has not received a part of or the entire contents of what is in the document

### SURPLUS

the customer believes that he has received higher quantities than indicated in the document

### INVERSION

the customer believes that he/she has received a different product than what is written in the document

### DEFECTS

the customer believes that during use the products purchased exhibit some non-conformities

### DAMAGE

the customer believes that he/she has received damaged products

In case of **MISSING, SURPLUS, INVERSION and DAMAGE**, the customer is required to notify Cosibo spa in writing no later than eight days from the delivery of the goods. Cosibo Spa reserves the right, for each request, to verify its correctness in order to handle and complete the claim.

In case of **DEFECTS**, the warranty of Cosibo Spa's products is valid for one year from the date of the Cosibo Spa transport document.

Any request or dispute not formalised in the aforementioned times and modalities will not be accepted by Cosibo spa.

## PROCEDURE

### RETURNED GOODS

the customer, for each return request, must fill in the "FORM" in a correct and detailed manner, in all its parts, sending it to Cosibo spa together with the photograph of the product that he/she considers non-compliant, including the close-up photo of the labelling present on the item, and wait for the return authorisation. If the return authorisation has not been accepted by Cosibo spa, any return sent will be rejected. If Cosibo Spa has to request that photographs or missing information be sent, if nothing has been received within ten days from the request, the claim will be declared officially closed

Each authorised return must be sent to Cosibo spa, possibly in its original packaging, accompanied by the FORM.

Cosibo spa reserves the right to check the return; if it appears that the goods are incomplete, tampered with or that they do not have any flaws and/or defects, the following will be charged to the customer: the transport costs incurred by Cosibo Spa for the return, any further return to the customer, and management costs of the claim: € 50.00.

### ORDERING ERRORS

if the ordering error is attributable to the customer, Cosibo reserves the right to authorise the return, and the transport costs will be borne by the customer. The return of Goods that were not sold by Cosibo Spa and/or of goods for which the deadline for reporting defects has already expired entail Cosibo Spa's right to return the goods to the customer with a charge of € 50.00 for the management of the claim in addition to the costs incurred for returning the goods. In both cases, the customer, within 5 days of Cosibo's refusal of the return, must give instructions for the return of the goods or authorise Cosibo spa to scrap them at the customer's expense. After this deadline, if nothing has been received from the Customer, Cosibo spa will arrange for the return within the terms indicated and a charge of € 50.00 for the management of the claim plus the shipping costs. Upon receipt of the material, Cosibo always reserves the right to check the integrity of the packaging and the conformity of its contents to accept the return and proceed with the account closure

### CLAIMS SUSPENSION

During the two central weeks of August and the period from 22/12 to 8/1 of each year, the claims and requests received remain suspended and will be managed within 15 days from the end of the indicated period.

**Any other suspension periods will be communicated in advance by Cosibo Spa.**

### TERMS AND CONDITIONS

Cosibo spa will not recognise the right to the guarantee if the customer fails to respond within eight days from the reply made, and, in any case, one year from the date of sale of Cosibo Spa to the customer.
