

# DESIGN AND TECHNOLOGY IN ONE TOUCH

JfSound multimedia system  
takes your car into the future!

Are you ready to get excited?  
Fall in love with Jf Sound!

# PASSION AND TECHNOLOGY

## WE MAKE PRODUCTS WITH THE AMBITION OF AMAZING YOU!

Jf Sound manufactures infotainment systems intended to make drivers' journeys easier and more enjoyable.

Systems that integrate perfectly with the dashboard of the car, making it possible to surf the web, download applications, dictate and play voicemails or messages and browse through Facebook or Instagram pages.

Car radios that can not only recover all the original functions of the car, but also implement them in a striking manner.

### DEVELOPED AND ASSEMBLED WITH PASSION IN ITALY!

The development, assembly and quality control of all Jf Sound products is carried out with extreme dedication and passion in Italy at its headquarters in Forlì: every infotainment product is perfectly configured to make installation as simple and fast as possible.

### CE MARKING

Jf Sound is one of the very few companies in Europe offering a real CE brand on products with Android operating systems and with product liability insurance for direct and indirect damage up to 2.5 M euros.

### TELEPHONE ASSISTANCE

Telephone and remote assistance guaranteed for sector professionals. Guaranteed email support for product users.

## WHY CHOOSE US

Highly qualified and competent staff, together with an equally excellent after-sales service, give Jf Sound added value for end customers.

Qualified team

Constant and  
ongoing support

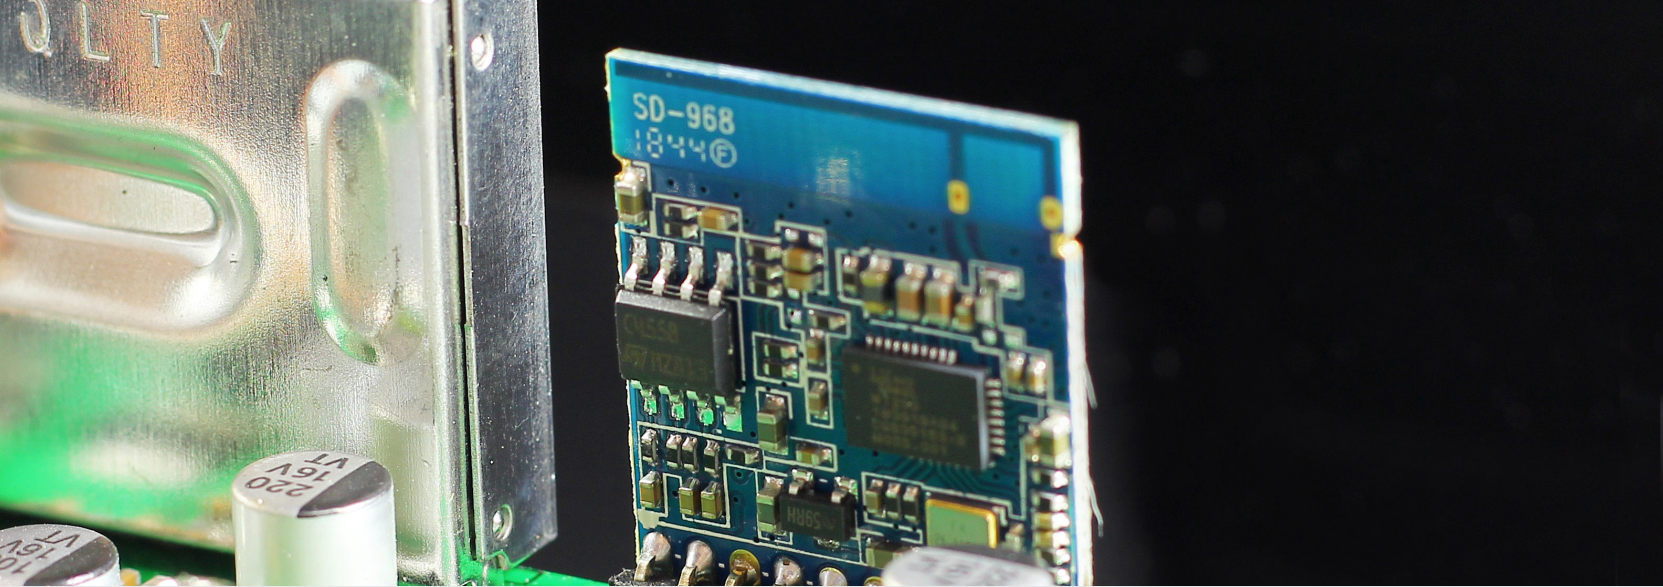

24-month guarantee

Direct contact

# RESEARCH AND DEVELOPMENT

## DESIGNED WITH CARE IN ITALY WITH THE BEST COMPONENTS

JfSound designs and develops its products entirely in Italy, testing and selecting the best components to create both high-tech and user-friendly products.

## DETAILS MATTER!

Attention to detail... always makes the difference! JfSound constantly seeks perfection, even in the smallest microcomponent, to always ensure functional, high-performance systems.

Images are demonstrative and may vary depending on model version.

# ANDROID OPERATING SYSTEM

The beating heart of every Jf Sound is the Android operating system: highly customisable and tailor-made according to the user's specifications: you can use your car radio just like a smartphone!

OPERATING SYSTEM		SYSTEM STARTUP		DATA CONNECTION		RAM	
	 Android 12	 20 seconds		 Wi-Fi/Hotspot		 2 GB	
	 Android 12	 1 second		 Wi-Fi/Hotspot + Slot 4G - DATI		 4 GB	

# REVOLUTIONIZES YOUR CAR

&
