Size: | 6 inch

Perma Glass a brand originally from USA that was imported to Malaysia during 1980's by Goodlife (M) Sdn Bhd, back then Perma Glass only had a single product the Polymer Sealant which started being sold at bazaars in local shopping malls.

After several years of selling and distributing Polymer Sealant, Perma Glass brand has then been acquired by Goodlife (M) Sdn Bhd in 1990's. Subsequently being owned the brand owner of Goodlife, Ong Chee Tat a brilliant chemical engineer with his passion for car care has developed and formulated a full range of car care products with his team from just one single item (Polymer Sealant) to a comprehensive range of over 30 different car care products.

Since then we have been rebranded as PG Perma Glass consisting a full range of DIY car care products widely sold to supermarkets, car accessories shop, petrol kiosks and wholesalers.

Today, after years of extensive testing and research, PG Perma Glass has expanded from DIY car care products into a full range of professional automotive care products called PG Pro. Specifically developed and targeted to professional detailers and body paint shops.

Our founder Ong Chee Tat's motto for PG Pro was to create top quality products using the latest chemical technology and good quality raw materials also by working closely with our end users.

As to date PG Pro is fully devoted to deliver consistent top-notch products, building solid relationship with all the professionals and enthusiasts worldwide. Just put it simple, we at PG Pro loves cars as much as you do and wants to keep them looking great all the time!
