TRANSPO INTERNATIONAL

ABOUT US

Transpo International is known the world over for its adherence to uncompromising standards of product, people and customer service. We cater to all five continents and over 36 countries. The company has a proven track record of over 100 satisfied customers, who swear by Transpo's commitment to supply quality merchandise.

Transpo International has been the leading exporter of Automobile Parts for myriad applications. Transpo International is an ISO 9001:2008 company. We are an export house recognised by the government of India. We are a competent engineering organisation with the provision of an in-house toolroom facility for new developments. The product range exceeds over 18000 different items. New developments are from customer's prints and samples. Orders are executed with the strictest of quality manufacturing right upto dispatch.

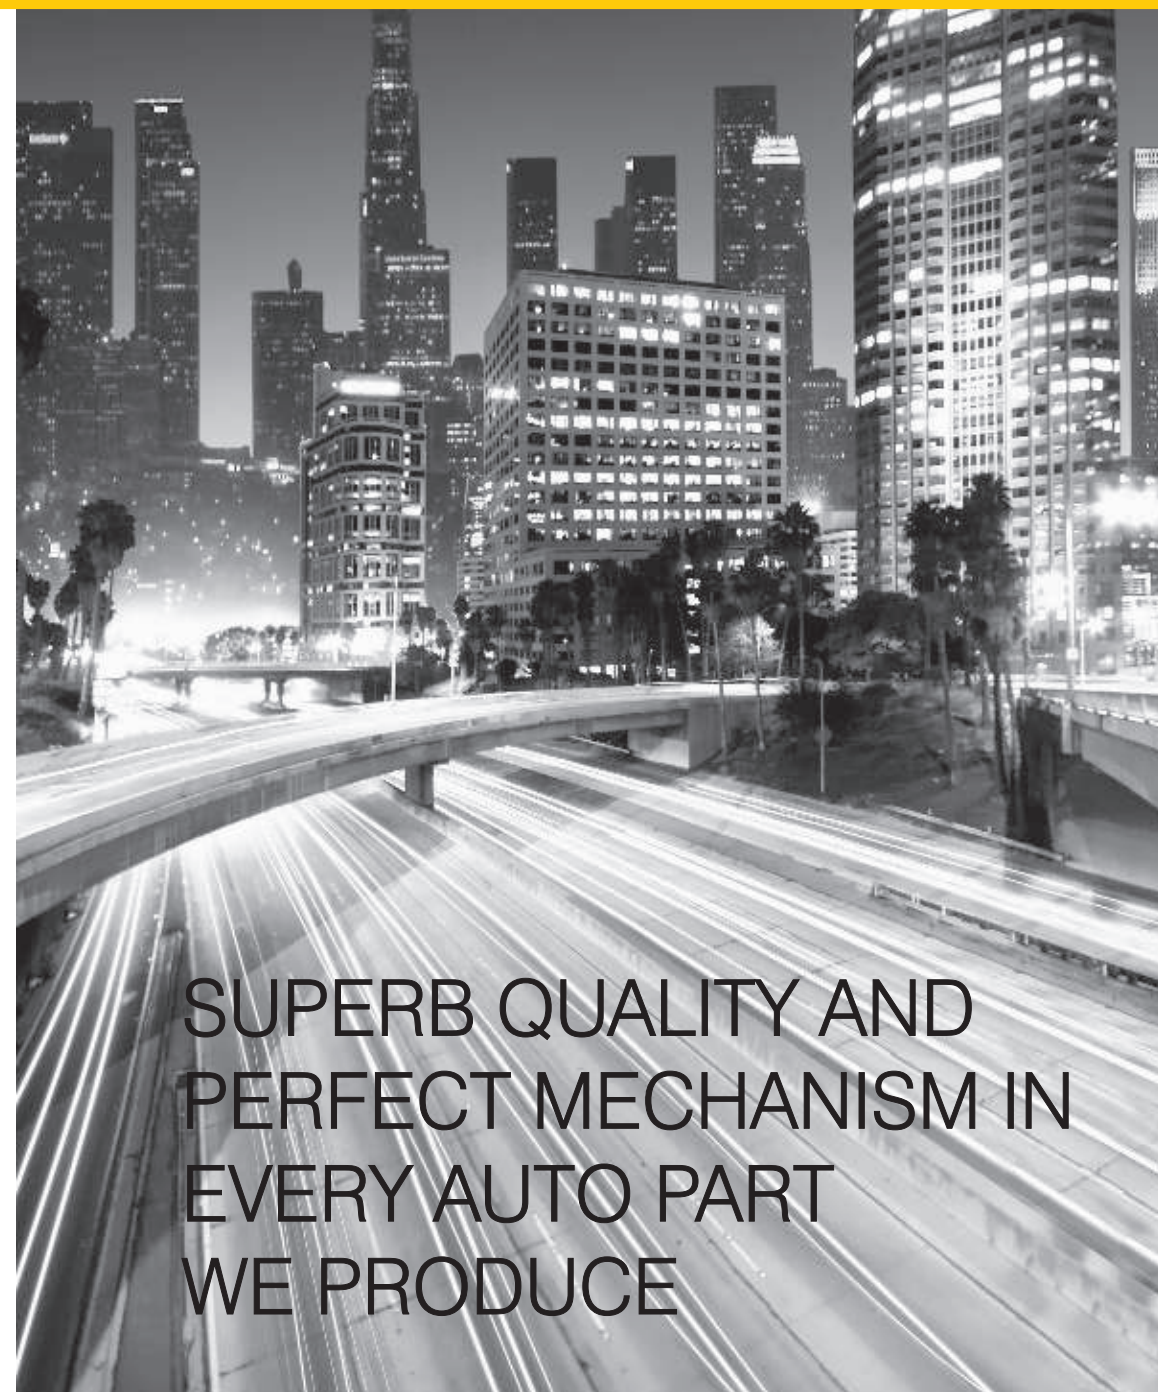

The driving force behind Transpo International are Mr. Darshan Singh Khanduja (DS) and Mr. Mohit Singh Khanduja. Mr. Darshan Singh Khanduja is endowed with his rich past experience and has been in exports of Automobile Parts for well over 40 years.

AN ISO 9001:2008 COMPANY

QUALITY & PRECISION AT ITS BEST

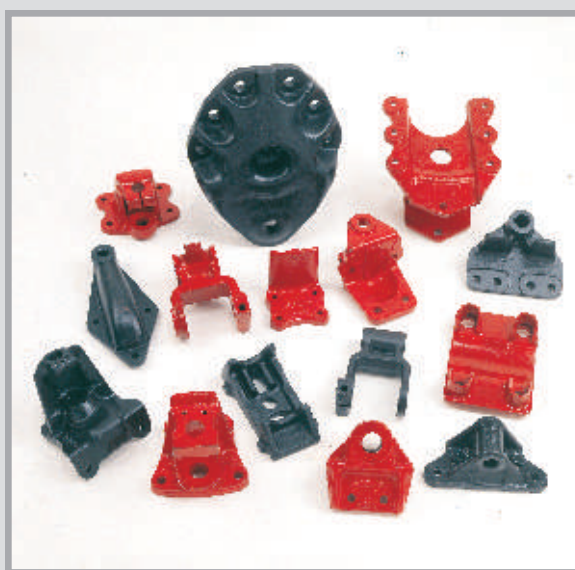

Landrover Parts

Fleetman Landrover products are renowned the world over. We carry a product range of 2000 different items for Landrover, Range Rover, Discovery and Free Lander. We carry vast stocks.

Rubber Parts Rubber Metal Parts

All rubber parts are made to customers prints and samples. Motor mounts, bushes, hoses, and special profiles are made from NR, Silicon, Nitrile, EPDM or Viton.

Hangers, Shackles, Brackets and other castings

Castings are available in Ductile, Malleable and Spheroidal Grey Iron.

Suspension Shackle Kits

Shackle Kits are made from quality bushes, plates and pins. Shackle Plates can be autoblack, parkerised, yellow zinc passivated, or white zinc passivated as per requirement. Bushes are made from the best material. Shackle Pins are from graded steels.

Spring Pins Threaded Pins Shackle Bolts

Made from alloy steel and induction hardened. All Spring pins are heat treated, autoblackened and grinded. Diameters and other dimensions are maintained within indicated tolerances.

Bronze & Bi-Metal Bushes Silentblock Bushes

Bronze Bushes are available in metric and imperial sizes. • Bi-metal Bushings are made from Bronze and steel in various grades. Inner walls are ball indented for proper greasing. • Silentblock bushes are made from the best quality of tubes and rubber. Tubings are seamless or HFW.

AN ISO 9001:2008 COMPANY

www.transpo.co.in

Axle Studs Wheel Nuts & Nylock Nuts

High precision fasteners made upto the highest quality standards. Our fasteners are made from graded steels to confirm to IS, BN and DIN industrial standards as per demand.

U-Bolts

We supply U-Bolts as per prints and sizes. Our U-Bolts are made from graded alloy steels along with spring washers and nuts graded hardened. Profiles are round bend, semi-round bend, square bend, flattened round bend and flattened square bends.

Other Vehicular Spares

Transpo International strives to provide high quality merchandise for Austin BLMC, Bedford, Ford (UK) Trucks and other British Commercial vehicles. We carry large stocks. Please enquire with application and original numbers.

TRUSTED BY ALL MAJOR BRANDS

TRANSPO INTERNATIONAL MANUFACTURING UNITS

TRANSPO has a commitment to supply quality parts to the world over.

Our dedicated staff of over a 100 personnel strive to offer their best efforts to ensure quality and reliable products.

We are producing parts 7 days a week and work in 2 shifts for maximum output. We are operating out of our 3 facilities in New Bombay The plant is spread over 64000 square feet of warehouse space.

The warehouses are strategically situated just 10 miles from JNPT seaport.

All efforts are made to ensure that shipments are made within the least transit time from our end.

TIMELY DISPATCH
