Engineering Quality Solutions for Vehicles,

Established in 1995, INTA has emerged as a prominent figure in the Turkish market, specializing in the manufacturing of center bearings and propeller shaft parts. With a steadfast commitment to excellence, we endeavor to produce the finest spare parts in the industry, holding the esteemed ISO 9001-2015 Certificate as a testament to our dedication to quality.

At INTA, we pride ourselves on our extensive product portfolio, boasting over +1000 types of center-bearing supports and propeller shaft parts. Our relentless pursuit of perfection has enabled us to expand our reach globally, with our products being exported to more than +50 countries worldwide.

We foster a culture of innovation and reliability that drives our commitment to excellence. Our passion for superior engineering and dedication to customer satisfaction are deeply ingrained in our company ethos. Our team of dedicated professionals works tirelessly to ensure that every INTA product meets the highest standards of quality and performance.

As we continue to expand, INTA remains dedicated to our mission of achieving excellence in propeller shaft parts manufacturing. Join us as we set new standards and surpass expectations in the aftermarket industry, paving the way for innovation and reliability.
