WHY BELLITE?

- ADAPTABLE TO CHANGE
- QUICK RESPONSE TIME
- FOCUSED ON CLEAN & GREEN ENVIRONMENT
- IN-HOUSE MACHINE MANUFACTURING SKILL
- WELL BALANCED TEAM WITH EXPERIENCE AND HIGHLY QUALIFIED TEAM

Who we are?

Bellite Springs is a family-run legacy brand with decades of experience in the Springs & machines manufacturing space. We have been a committed Original Equipment Supplier to industries such as Automotive, Agriculture, Electricals, and many more.

We are a valuable partner in our clients' success.

We understand the value of innovation & quality.

Our Team

To stay relevant with the times, our in-house R&D team has been successful in innovating the core product line to meet international trends and quality standards. Today, we offer springs built from a variety of sturdy materials like spring steel, stainless steel, phosphor bronze, chrome vanadium and various ferrous and non-ferrous spring materials.

Focusing on diverse practical applications, we supply a wide range of springs ranging from 0.1 mm to 10 mm in thickness.

Our strong repertoire of products, state-of-the-art Facilities, customization capacity, and quick turnaround time are the reasons our clients find in us a valuable partner for their operational accomplishments.

With us, you get an assurance of cost-effective solutions and a dependable life-long partnership.

Our innovative solutions help bring positive and impactful changes in the working systems of the industry. We believe our flexible manufacturing processes contribute to establishing a robust & steady supply-chain for Industrial Springs sector in the country.

INFRASTRUCTURE

- 28+ MACHINES (17 CNC)
- 12 TESTING MACHINES
- 75+ ENGINEERS
- 2 PLANTS

Machinery

- 17 CNC Spring Coiling & Forming machines from 0.10 to 7.0 mm wire.
- 5 Semi Automatic Coiling Machines
- Automatic SPM Wire Forming Machines ranging from 0.20 mm to 05.00 mm
- CNC & Mechanical Spring End Grinding Machines ranging from 0.20 mm to 9.0 mm. 6 machines with PLC with HMI control.
- Spring Testing Machines ranging from (2 grams to 1 ton), Manual (dedicated), electronic and computerized
- Power Press (0.50 tons to 40 tons)
- Shot Peening machine
- Profile Projector
- Endurance Testing Machines
- Torque Testers (10 grams – 150 kgs)
- Hydro pneumatic press machines (Full Press Machine) for 100% set removing
- Stress Relieving Furnaces with -conveyor systems (upto 500 deg C)
- Hardening Furnaces (Capacity up to 1400 deg C)
- Various other Jigs and Fixtures and specialized tools for individual items.
- Various Low Cost Automation SPM Machines for Bending and Cutting Processes

We regularly conduct training sessions for our engineers, so that they stay updated with the emerging technologies and practices in the industry. Eg: BAVA, VSME, ACMA, CMIA, IGTR (global) and IMTMA.

PRODUCT RANGE

Springs & Metal Forms

- MONTHLY 10 MILLION + SPRINGS
- 300+ VARIETIES

Bellite's repertoire of products comprises of springs, spring machines, and allied products. Our manufacturing & supply pipeline is self-reliant and well-oiled. With us, you'll never face any capacity restrictions or customization bottlenecks.

SPRINGS

- Compression
- Extension
- Torsion
- Suspension
- Square type
- Extension (Clutch)

METAL FORMS

- Wire forms
- Circlips
- Hose Clamps
- Strip forms

PRODUCT APPLICATIONS

- 300+ PRODUCTS IN USE
- DELIVERED MONTHLY AT 50+ LOCATIONS
- SUPPLIED MONTHLY TO 10+ CITIES
- CONSUMED MONTHLY 50+ TONS OF STEEL

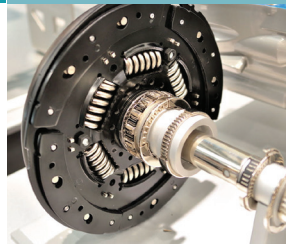

50+ APPLICATIONS

• AUTOMOTIVE APPLICATION

Two wheeler
Three wheeler
Four wheeler
Bicycles
OEMs & Ancillaries

• AGRICULTURAL & CONSTRUCTION OEMS & ANCILLARIES

Tractors
Harvestors
Quarrying machines
Graders
Construction and infrastructure machine parts & equipment

Break Assembly

Engines

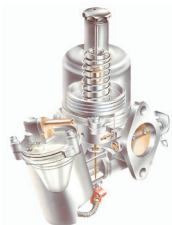

Speedometer Cables

Front And Rear Shock Absorbers

switch indicator

Carburettors

Bike Main Stand

Bike Side Stand

Clutch Assemblies

• ELECTRICAL & ELECTRONIC APPLICATIONS

Circuit breakers
Industrial switches & lighting
Household appliances
Weighing scales
Air conditioning systems

• OTHER INDUSTRIES

Mechanical Machines
Special purpose machines
Generators
Irrigation equipments
Textile industry
Toy Industry

- ALL GLOBALLY REPUTED CUSTOMERS
- 25+ CUSTOMERS

We are delighted to have forged business associations with the stalwarts of the industries that we cater to:

CLIENTS

Top OEM clients

Top component assembly manufacturers

In our business we must get our products to the production line on a regular schedule. We rely on dependable service from suppliers like Bellite Springs to help us keep our schedule and satisfy our customers. We sincerely appreciate their responsiveness and the way they conducts new product development for enhancing our business relationships. We have recommended Bellite to other new prestigious business avenues. We look forward to doing business with them for years to come.

Thank you once again for your contribution to the industry.

GABRIEL INDIA

"The team at Bellite springs is committed and hard working, be it development, supply chain or quality. The never say NO attitude has really paid them with good returns and will help them to reach new milestone."

MAJOR INDIAN TOP OEM

After 20 years of our healthy business partnership, we have nothing but good reviews and wishes for our supplier partner. The research and development put in by bellite has definitely paid off. Living up to commitment of dispatches, quality control and competitive prices take Bellite a notch above the other spring Manufacturers.

ACEY ENGINEERING

We are on the path of becoming one of the most dependable global suppliers of quality springs in the market.

"Quality for Bellite is a by-product and non-negotiable."

Our products are manufactured as per international standards. We have been accredited and awarded for superior quality compliance at our Facilities.

- ISO 9001:2015 Certified
- Plant 1 - ISO 9001:2015 and IATF 16949:2016 certified
- Plant 2 - ISO 9001:2015 and IATF 16949:2016 certified

- ISO 14001 / OHSAS 18001 Certification (in-process)

Quality Policy:

PROCESS

Meeting customer requirements through Process approach and risk-based thinking.

TEAM

Fostering teamwork, skill enhancement and empowerment

ENVIRONMENT

Providing a safe, healthy and positive work environment.

SYSTEM-BASED APPROACH

Achieving defect-prevention & increased Process capabilities by improving the Quality Management System.

UPGRADES

Continually upgrading our infrastructure by adapting the latest techniques / technologies.

"We, at Bellite Springs (P) Ltd., are committed to manufacturing and supplying 'Springs & Wire Forms' that enhance Customers' satisfaction and surpasses their expectations."

~ Harsjeet Bhatt

QUALITY CERTIFICATIONS & AWARDS

We believe quality comes only with a team effort. Our philosophy is based on 3 essential pillars:

OWNERSHIP

TRUST

COMMUNICATION

At Bellite, we commit to quality and customer satisfaction. While this promise has made us an ISO 9001:2015, ISO 14001:2015, IATF:2016 certified for both plants. We have multiple checkpoints for our products to go through a rigorous quality check system. Our team prepares multi-skilled process documents and evaluates them timely for future improvisations. Quality at Bellite is a by-product of springs.

Being a pro-environment enterprise, we adhere to global health & safety policies laid out by EHS.

BELLITE SPRINGS: BUILDING TRUST SINCE 1950.

A company that understands the value of innovation & quality.
