

About Us

Founded in 2008 in Tbilisi, Georgia, "OTO MOTORS" has become a prominent player in the local market.

What started as a modest enterprise, has grown exponentially over the years and has extended its presence throughout the region.

Presently, with 5 branches and over 150 employees, the company has achieved comprehensive coverage of the local market with its **high-quality products**

Dedicated to achieving excellence in product quality and customer satisfaction, **OTO MOTORS** is resolute in its commitment to sincerity and continuous improvement.

The company aims to establish itself as a leader in the global market and seeks to foster greater **collaboration with partners worldwide**. Its team of professionals is highly adaptable and ensures expeditious and effective communication with customers worldwide, thereby facilitating prompt delivery of products and information.

OTO MOTORS continues to expand its market share both locally and globally through its diverse range of offerings, which includes **lubricants, batteries, auto body parts, car accessories, service equipment, and many other products.**

TAKASAKI

TAKASAKI

● ATF SP IV ●

MULTI-MATIC FLUID

● 5W-30 API SN/CF ●

FULLY SYNTHETIC

● 0W-20 API SN/CF ●

FULLY SYNTHETIC

• SAE 0W-20 API SN/CF •

FULLY SYNTHETIC

Takasaki **0W-20** is a full synthetic engine oil that uses premium quality full synthetic base oil and high-quality additives making this engine oil suitable for vehicles requiring **API SP/CF** and **ILSAC GF-6**.

Takasaki **0W-20** is designed for use in modern naturally aspirated, supercharged & turbocharged petrol, low emission engines and hybrids vehicles. It's also recommended for passenger cars, **4WD**'s and light commercial vehicles where Petrol, **E10** and **E85** fuels are used.

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

TAKASAKI

• SAE 5W-20 API SN/CF •

FULLY SYNTHETIC

5W-20 is a premium synthetic engine oil formulated to meet the requirements of modern petrol and light-duty diesel engines. It is recommended for passenger cars (including multi-valve, supercharged & turbocharged), 4WD's, and light commercial vehicles including those with a diesel particulate filter (DPF) or other emissions treatment devices.

Takasaki 5W-20 is low viscosity engine oil that meets the latest ACEA C5, API SN/CF, and ILSAC GF-5 specifications.

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• SAE 5W-30 API SN/CF •

FULLY SYNTHETIC

Takasaki 5W-30 is high efficient motor oil is used in modern four-stroke engines of light vehicles, minibuses and medium vans. It contributes to increase of engine life and fuel economy due to friction saving. Can be used for engines working on bio fuel. The oil is specially designed for meeting dexos1 specifications standards.

Description:

SAE 5W30 synthetic Oil

API SN/CF & ILSAC GF-5

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

TAKASAKI

• SAE 5W-40 API SN/CF •

FULLY SYNTHETIC

Takasaki SAE 5W-40 fully synthetic engine oils is formulated to meet the new API SN standards. Oils which comply to the API SN service category have demonstrated in tests to provide greater protections of the emission systems and turbochargers. this top tier engine oil is much sought after for its outstanding performance protection. it is especially suited for high-rpm engines that may be running hotter

the specially selected synthetic components and the advanced additive technology of INVINCIBLE SAE 5W-40 ensure tip-top performance over extended period of driving. this product is suitable for use in all modern gasoline engine cars and light trucks. it is a licensed product with API (American Petroleum Institute)

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• SAE 10W-40 API SN/CF •

SEMI SYNTHETIC

Takasaki SAE 10W-40 is semi synthetic engine oil formulated to meet the new API SN standards. Oil which comply to the API SN service category have demonstrated in tests to provide greater protections of the emission systems and turbochargers. this top tier engine oil is much sought after for its outstanding performance protection.

specially selected synthetic components and the advanced additive technology of super-BT SAE 10W-40 ensure tip-top performance over extended period of driving. this product is suitable for use in all modern gasoline engine cars and light trucks. it is a licensed product with API (American Petroleum Institute)

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• ATF DEXRON VI •

PREMIUM TRANSMISSION OIL

Takasaki **ATF VI** transmission fluid is formulated with synthetic base oils and an additive package suitably balanced in order to give the lubricant the properties required by the **Dexron VI**.

Takasaki **ATF VI** gear oil guarantees:

Exceptional low temperature performance, improved thermal and oxidation stability, excellent fractional properties that provide smooth gear shifting at low temperatures and help to prevent transmission vibration, exceptional resistance to the formation of sludge and deposits, prolonged life of the fluid.

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• ATF III •

MULTI-MATIC FLUID

Takasaki ATF type III is a modern automatic transmission oil that complies with the most recent **GM Dexron III** specifications. ATF type III is a semi-synthetic product with specially selected additives to give the product the following properties: extremely low viscosity at low temperatures.

Packaging: Material - Metal (Tin)
Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• ATF SP IV •

MULTI-MATIC FLUID

Takasaki ATF type T-IV is a fully synthetic automatic transmission fluid specially engineered to exceed the service fill requirement of all **TOYOTA** and **LEXUS** vehicles installed with **AISIN WARNER** gearboxes, where ATF T-IV fluid is recommended.

Packaging: Material - Metal (Tin)
Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• CVT •

CONTINUOUSLY VARIABLE

Takasaki CVT (Continuous Variable Transmissions) is a type of Automatic Transmission used in different Japanese and American cars. (some models from Toyota, Nissan, Ford etc etc) and it has different Oil (CVT Fluid). ATF (Automatic Transmission Fluid) is a oil used in Automatic Transmission other than CVT Transmissions.

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt

• ATF HMMF •

MULTI-MATIC FLUID

Takasaki HMMF stands for Ultra Multi Matic Fluid (HMMF), it is fluid for continuously variable transmissions (CVT), oil for variable speed transmission honda cars, provides system CVT (HMM- one of its variants), based on the method of starting the clutch in cars HONDA, and has a longer life.

Packaging: Material - Metal (Tin)

Packaging (L) : 1Lt ; 4Lt ; 60Lt ; 200Lt
