

By Delta Filter

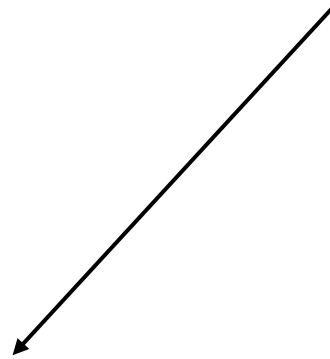

# About us

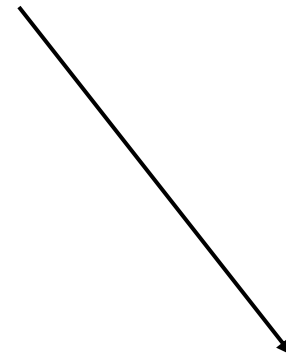

Delta filter is a company founded by two partners Bratislav and Branislav Stefanović in Arilje, city in western Serbia where it remained located until now.

Started as a small bussines in 1999 but rapidly evolved and soon extended its market from Serbia to many countries abroad. In 2008 Delta Filter bought filter manufacturing company named KRON Belgrade and since then they are operating under the brand name KRON.

## Main business activities

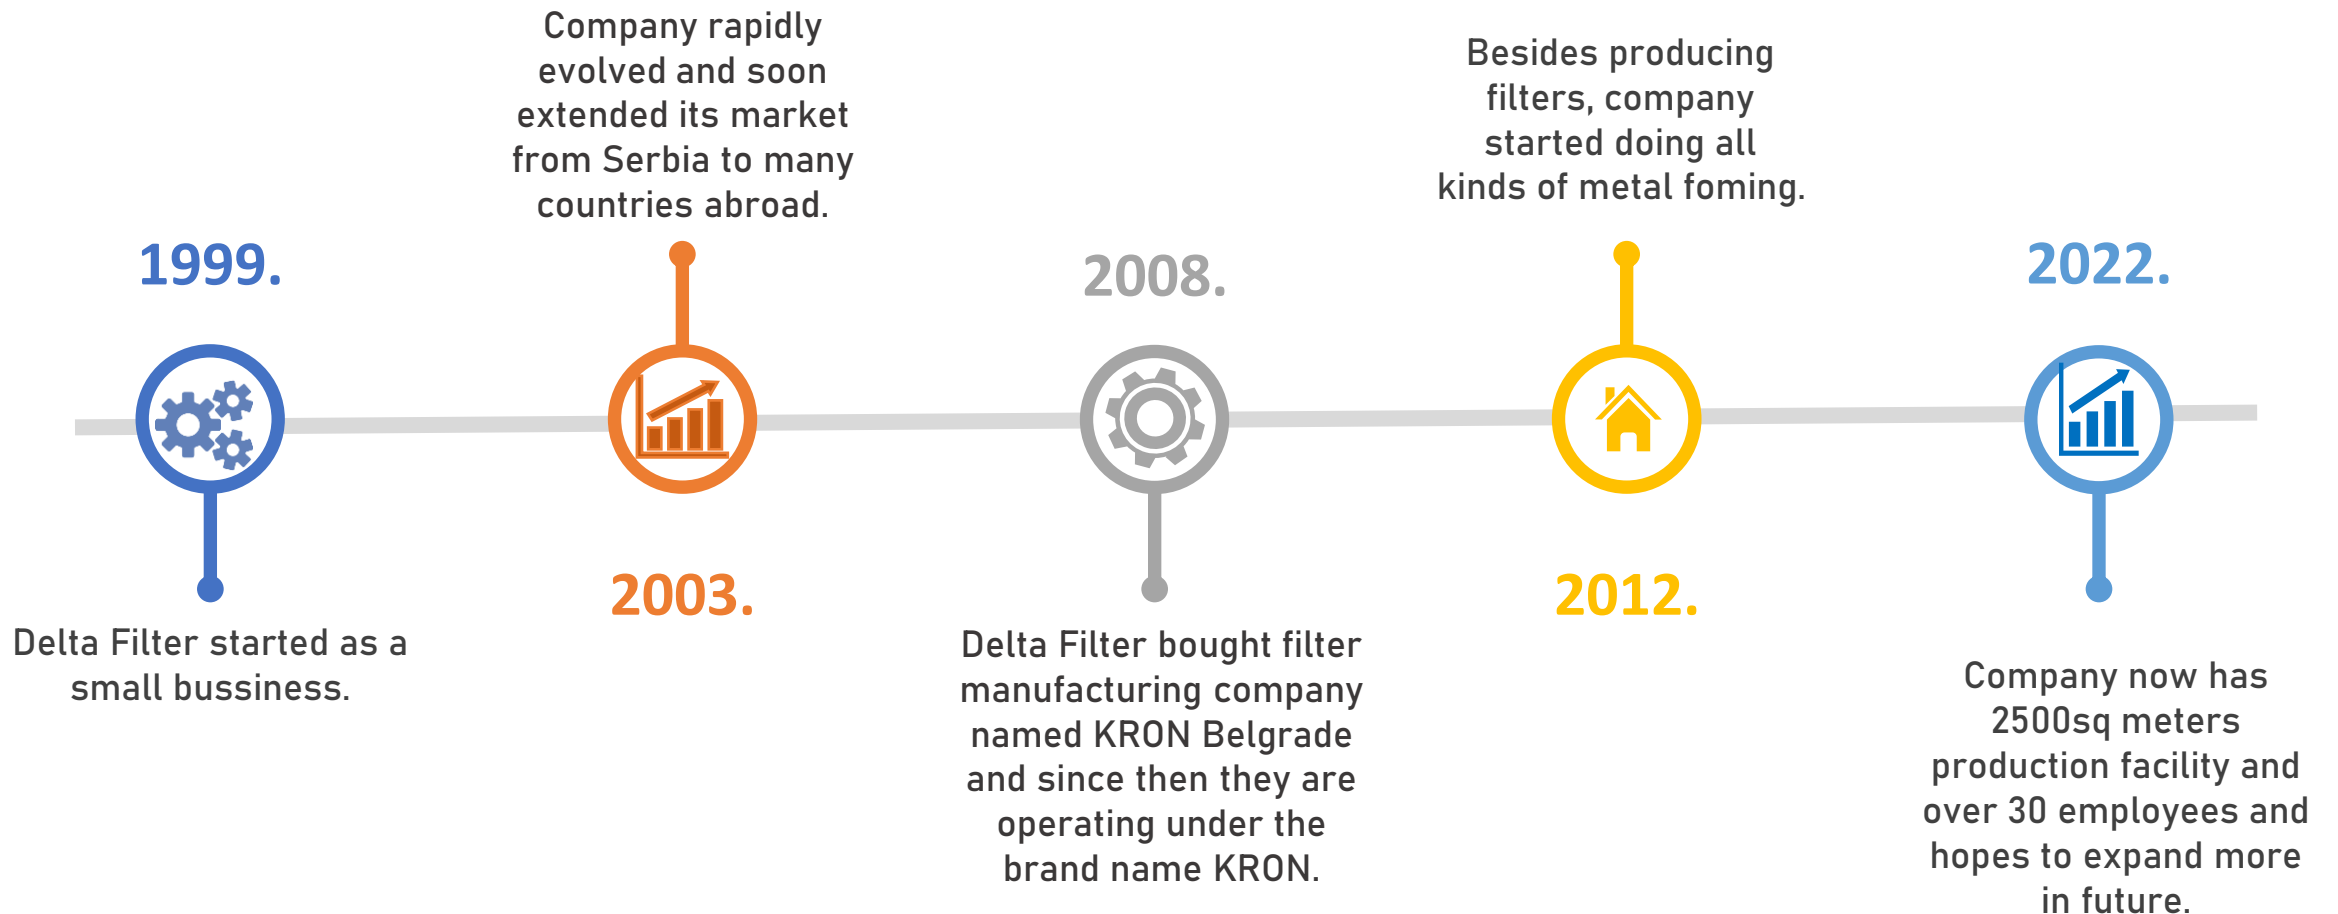

Metal forming

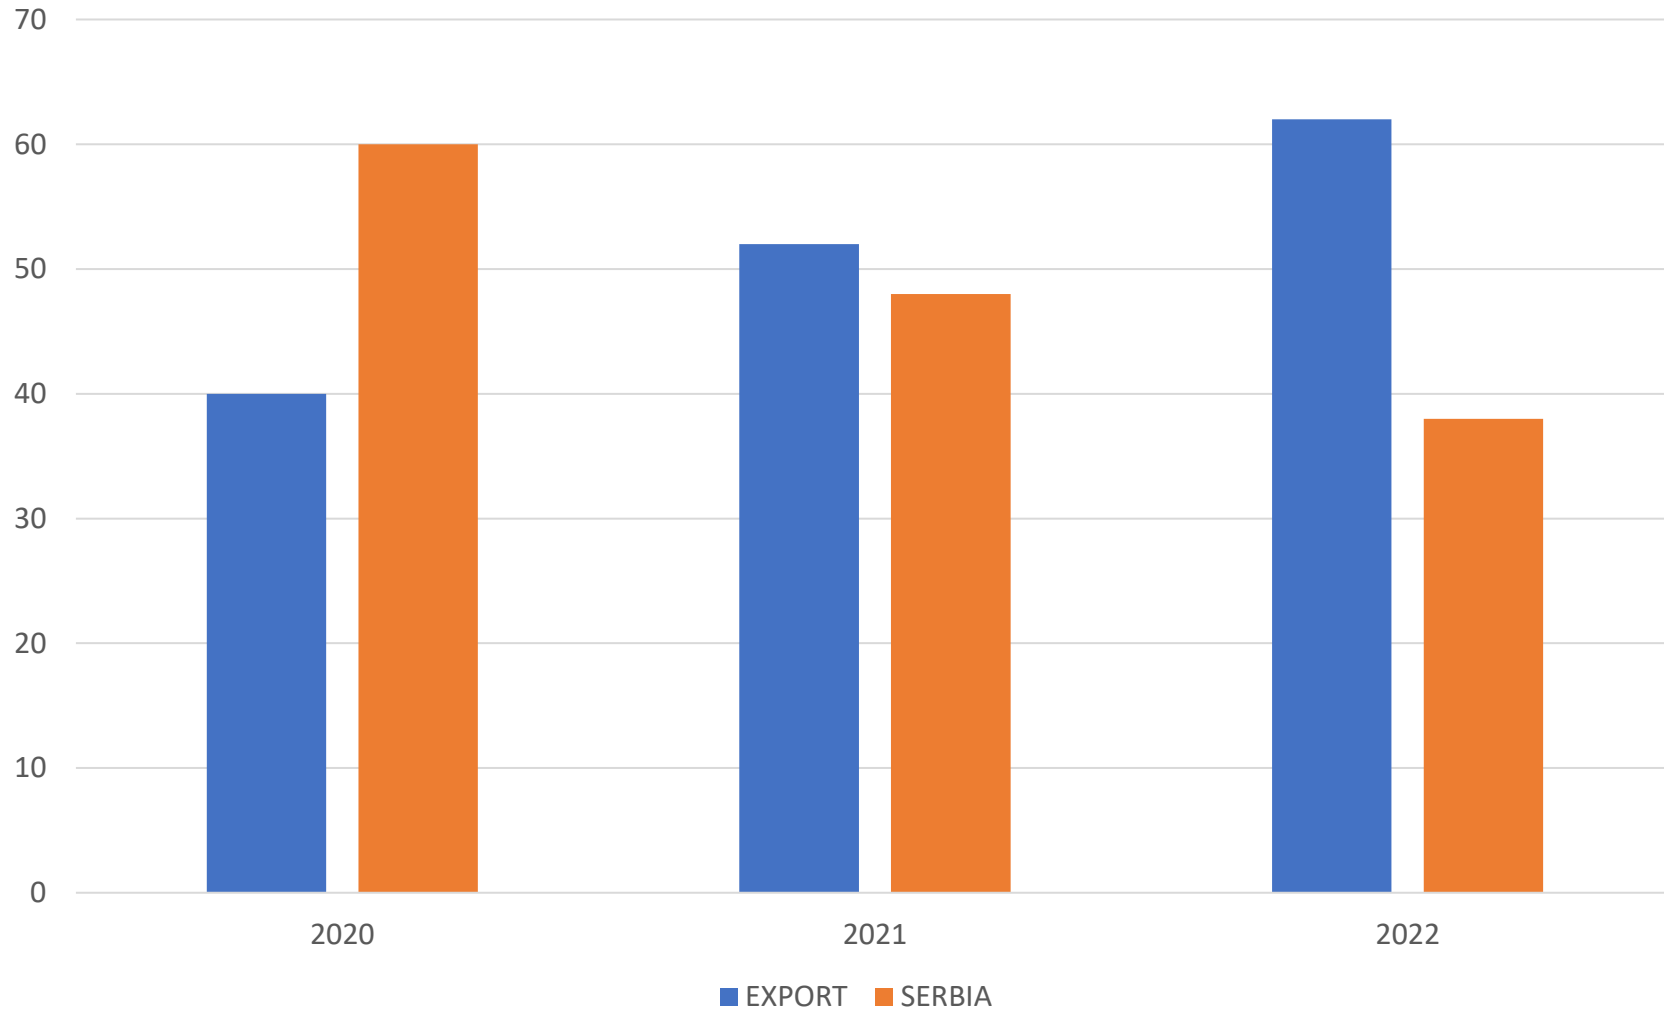

Filter production

# timeline

## Export share

# Metal forming

- deep drawing
- stamping
- bending
- rolling
- perforating
- laser cutting
- punching
- trimming
- spot welding
- assembly of components
- form-in-place gasket

### **Material we can use:**

- Carbon steel
- Stainless steel
- Aluminum
- Brass

### **Depth of deep drawn parts:**

- Up to 300mm

### **Material thickness for deep drawing and stamping:**

- Up to 10mm

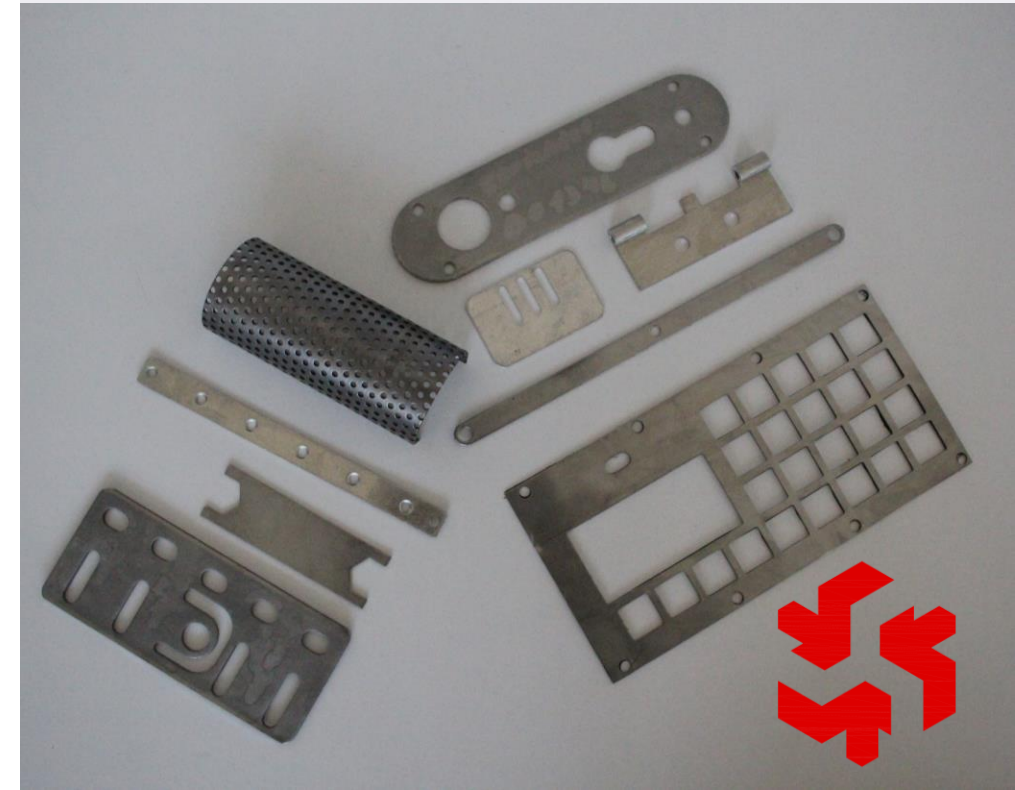

### Perforating and punching:

- Up to 6,35mm thickness
- Max sheet diameter 1250x2500

### Laser cutting:

- Carbon steel- up to 12mm thickness
- Stainless steel- up to 8mm thickness
- Aluminum – up to 6mm thickness
- Max sheet metal diameter 1500x3000

# Filter production

- Air filters
- Fuel filters
- Oil filters
- Special filters
- Hydraulics filters
- Pneumatics filters
- Filters for vacuum cleaners
- Pollinators

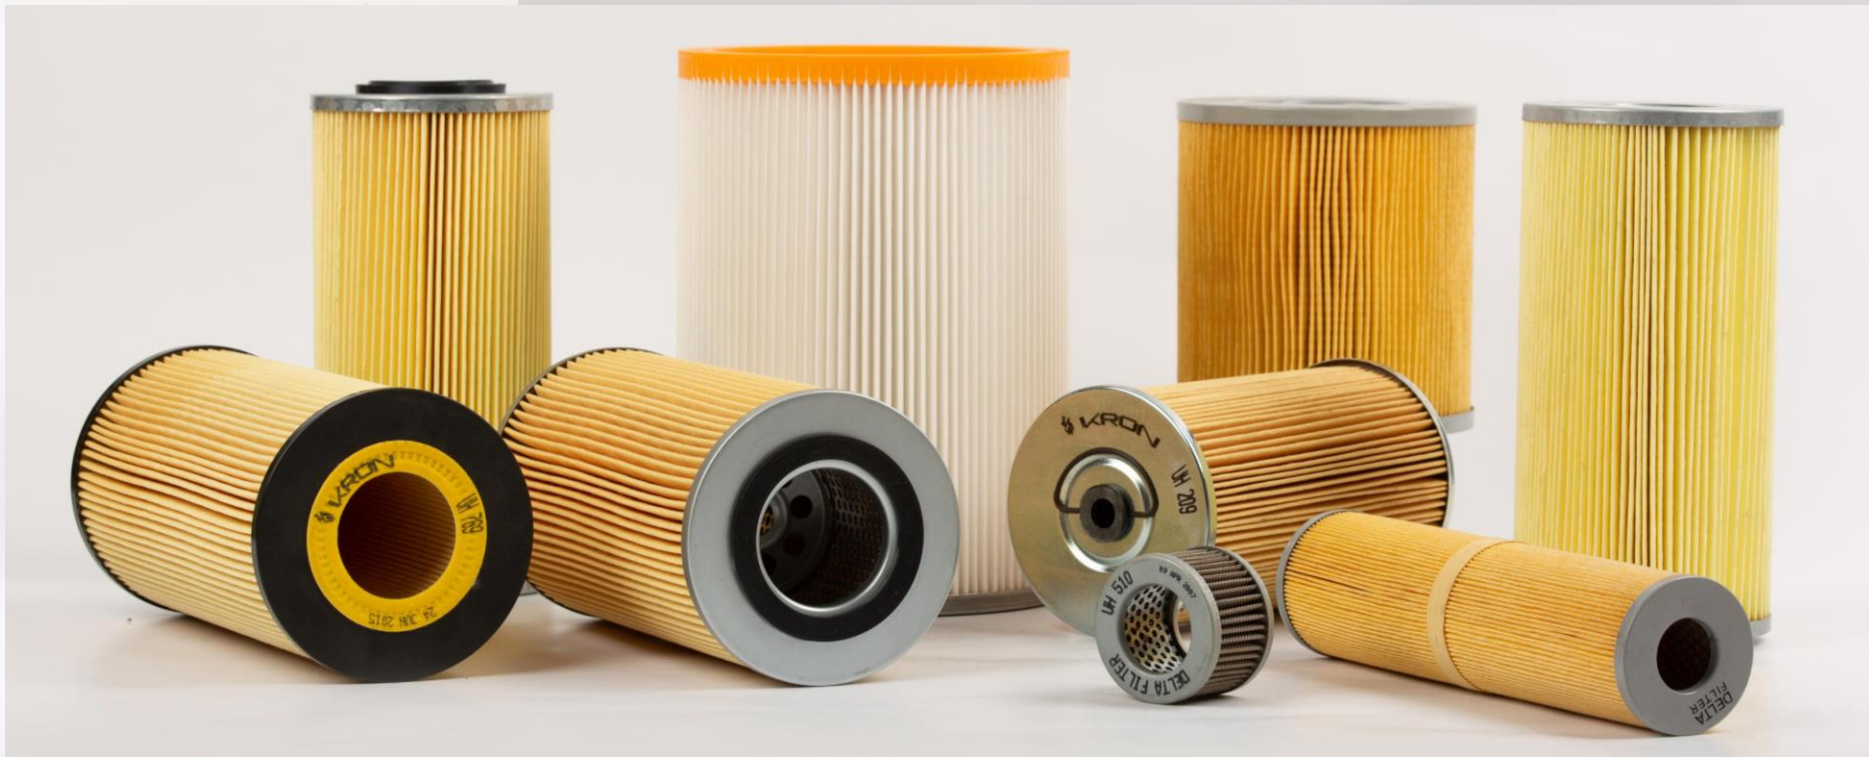

# Vacuum cleaner filters

We are specialized for vacuum cleaner filters shown in these pictures which we produce for one of our biggest customers: Alfer Karcher.

- More than 2500 sq meters
- Over 30 employees

OUR PRODUCTION  
FACILITY

1. Press Muler Weingarten SLUZ 315-16.10.1
2. Press Muler, tip CEZ 4020. 8
3. Press SMG SVD5-2
4. Press SMG VZP 40/500, 670/1892, 40 t
5. Press SMG VZP 40/500, 670/1721, 40 t
6. Press SMG VZP 40-500, 670/1483, 40 t
7. Press SMG VZP 60-400, 60 t
8. Filter device 7 bara Argo Hytos FNA 045-1553512
9. Metal bending machine M26/53
10. Pneumatic metal bending machine WMF/00 4000 2008/Bj
11. Metal cutting machine WMF/m11-46/B/Bj
12. Kompresor Atlas Copco GA 37 VSD 2008.g
13. Ingersol rand, ser.br. 2123264
14. Pneumatech, tip AC-125
15. Atlas Copco GA37VSD, 2005. g
16. Sonderhoff MDG45HZM , 2014
17. Sonderhoff MDG45HZM, 2011
18. Robot STYRAMA, RSV102
19. Dizel agregat
20. Bansek Baker Hughes 374035
21. Machine for KAB PLPQ-120
22. Carousel
23. Machine for washing metal parts Hobart
24. Filter device Filtermust FX6000
25. Kompresor Almig Flex 11
26. Schlif HMS tip 115-40/80
27. Measuring device Mitutoyo
28. Measuring device Societe Genooise
29. Lathe DLZ 355
30. Lathe Boehringer , Prvomajska
31. Drill Alzmetal
32. Packing machine FC 76 A
33. Liquid dosing dispenser Sondrehoff DM70P

34. CNC milling machine Deckel Maho
35. Measuring machine Measurment Solution
36. Plasma Plasmadeam
37. Grinding machine Diaform ELB
38. Grinding machine Gallerani
39. Drill Elettromeccanica GEH
40. Kompresor Renner RSF-15
41. Dispenser Kern-Liebers
42. Pleating machine Polymac
43. Printer Domino A100
44. Measuring machine Frank
45. Pleating machine A
46. Pleating machine A2Z
47. EDF dispenser Sonderhoff DM 202
48. Spot welding machine Dalex SM67671.1
49. Lacing machine Lanico
50. Lacing machine Lanico br 2
51. Dispenser Nordson
52. Pleating machine Cosmec
53. Liquid dispenser Nordson Problue 10
54. Liquid dispenser Nordson Problue Serie 3100V
55. Rund Lovati&Conte
56. Apipunkt HCH RAS tip 41.10
57. Punkt Rotor
58. Apipunkt Nosstec tip 41263/07
59. Pleating machine Karl Robofski tip R66
60. Glue overn
61. Spot welding machine Rotor
62. Liquid dispenser Hennecke
63. Tool master 250
64. Pleating machine Karl Rab
65. Mašina Globac SK109
66. Dispenser Canon

## LIST OF MACHINES IN OUR PRODUCTION FACILITY

67. Dispenser V26 Plus
68. Printing machine Hitachi
69. Robot ABB
70. Press Muler CL63.1.4
71. Press Litostroj
72. Press Muler SEP 05.0.93.0
73. Press Muler SEP 05.2.4.0
74. Press Weingarten
75. Press Hans Schonen
76. Press Komatsu mod OBA 150
77. Apipunkt Beyler
78. Press Muler sep 05.0.98.0
79. Press Muler SEP 05.0.9.30
80. Press Weingarten AR 125
81. Syringe machine Battenfeld BA 460 E
82. Guillotine shear LVD HST
83. Kompresor Air master
84. Guillotine shear Eclair ASS
85. Punching machine Trumpf Trumatic 260
86. Punching machine Trumpf Trumatic 500
87. Press Weingarten AV 40
88. Punching machine Trumpf 260 (starija)
89. Kompresor Air Krone KS22 Bottarini
90. Press Nobs and Co Thun C670
91. Trumpf TruLaser 1030

## Notable customers:

- Alfred Kärcher SE & Co
- Filtration Group

We have the capacity, the systems and the equipment necessary to handle all of your metal forming needs. You can trust that your parts will be delivered to you at the highest quality standards, and in strict accordance with your production schedule.

We use cutting-edge technologies and the most advanced equipment available in order to optimize speed, accuracy and repeatability within our manufacturing and production operations.

## SPEED

Our biggest advantage is speed. Having our own tooling facility makes it faster and more efficient in delivering required products.

Delta Filter's mission is to constantly work on improving products and services as well as giving customers best quality products for affordable prices. Company hopes to expand more in future and take the leadership in manufacturing products in this industry in Europe.

Automatic line for washing metal parts

Quality:

ISO 9001: 2015

ISO 14001: 2015

ISO 45001: 2018

TruLaser 1030
