How we stand out

- ✓ Intuitive use, no special expertise needed
- ✓ Wireless, pocket-sized device
- ✓ Versatile functionality for every skill level
- ✓ Time and money-saving car maintenance
- ✓ Trusted by drivers globally

Why become OBDeleven distributor?

- ✓ Healthy margins and a continuous revenue stream post-sale
- ✓ 24/7 technical support for maximum customer satisfaction and loyalty
- ✓ Exceptional quality with an impressively low return rate of 0.1%
- ✓ Best lead times in the market so you meet customers needs without delays
- ✓ Regular updates and new feature releases for fresh and exciting product range
- ✓ Official licenses from leading car manufacturers
- ✓ Constantly growing market presence and thus demand and your potential sales

NextGen device

Supports all car brands

The OBDeleven NextGen is a handy, Bluetooth-enabled scan tool designed for drivers and car enthusiasts of all skill levels. It pairs with the OBDeleven mobile app and fully accesses all car systems through our own cloud-based software.

This device allows drivers to diagnose, customize, and improve a vehicle's performance with just a few clicks on a smartphone.

PRO Pack

Supports Volkswagen Group (VAG) only

The OBDeleven PRO Pack combines the advanced capabilities of the OBDeleven NextGen device with the full-featured PRO VAG Plan, offering a complete solution for professional-level diagnostics and vehicle customization for Volkswagen Group (VAG) vehicles.

PRO Pack allows monitoring real-time car performance data, manually customize and access hidden vehicle features, carry out coding and adaptations.

ULTIMATE Pack

Supports Volkswagen Group (VAG) only

The OBDeleven ULTIMATE Pack combines the OBDeleven NextGen device with the ULTIMATE VAG Plan, offering a complete solution for professional diagnostics and customizations for Volkswagen Group (VAG) vehicles. It includes unlimited access to pre-coded applications called One-Click Apps.

ULTIMATE Pack is designed for the most experienced car lovers and workshops who love to get to the bottom of the car – and customize and control it on their own.

One-Click Apps

One-Click Apps offer a straightforward way for daily drivers to customize car features. These ready-to-use applications let drivers activate, deactivate, and adjust the car's functions quickly and effortlessly.

With One-Click Apps, vehicle owners can integrate retrofitted parts like parking sensors, LED license plate lights or taillights, reset service lights, activate video in motion or needle sweep gauge test, play around with Urban Joke, Scandinavian DRLs, and much more.

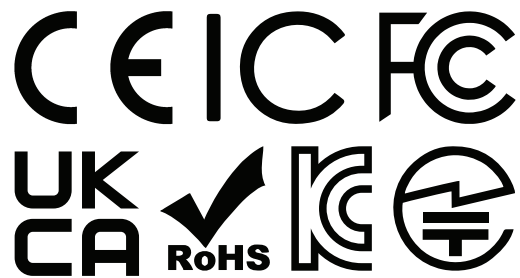

One-Click Apps are available for Volkswagen Group (VAG), BMW Group and Toyota Group models.
