What is OBDeleven NextGen?

OBDeleven is a compact, Bluetooth-enabled car diagnostics and customization tool for every driver. Licensed by leading car manufacturers, it's the safest and easiest way to keep your vehicle's performance at its best – saving time and money in the long run.

Why drivers love it

- ✓ Intuitive use, no special expertise needed
- ✓ Wireless, pocket-sized device
- ✓ Versatile functionality for every skill level
- ✓ Time and money-saving car maintenance
- ✓ Trusted by drivers globally

Discover powerful features

OBD2 Diagnostics

for all car brands

Diagnose engine and transmission fault codes, identify critical faults and eliminate minor issues.

Advanced Diagnostics

for Volkswagen Group, BMW Group, and Toyota Group models

Scan all available vehicle control units, diagnose, clear, and share fault codes – in minutes.

One-Click Apps

for Volkswagen Group, BMW Group, and Toyota Group models

Use our pre-coded applications to turn on, off, and adjust car features or reset service lights with a single click.

VAG Coding

for Volkswagen Group models

Enjoy dealership-level customizations with coding and adaptations designed for real car enthusiasts.
