About Our Creative Company

Top Cover Egypt was founded in 2000 by Omar Makram and Ahmed Makram (to deliver high-quality products that cater to the needs of our customers).

A small company that is a market leader in car accessories and promotional items. We also have a distinguished collection of bags. The company is always keen to adhere to social responsibility by supporting social initiatives and organizations. It is also always keen on preserving the environment, and this is shown through the industrial materials that we use. We always strive to be environmentally friendly.

Our Vision

We strive to be a leading company in our field by meeting the needs of local, regional, and global markets with products that cater to our current and potential customers. This is achieved by providing products that meet the required needs and deliver positive value to both customers and the company.

Our Goals

is to maintain our leadership in the local market and grow to the global market by achieving the needs of our customers as well as exceeding their expectations because we have a strong set of professional ethics, scientific and practical studies, and strong relationships with our customers and suppliers through continuous development.

Our Mission

We believe that success is achieved through building strong and sustainable relationships with our valued customers. We consistently work on developing, designing, and innovating everything that contributes to well-being in order to meet the needs of the largest number of our customers.

Meet Our Leaders

Meet Our Leaders

Ahmed Makram

CEO & founder of Top Cover Egypt

We aim to become one of the leading companies' manufactories of advertising car cover for locally regionally and globally cars companies

We intend to achieve this aim by providing a variety of specialized car cover that fill the needs of each client providing products make customers closely that well allows more satisfaction and also we will provide a high level of awareness and perception of our products through carefully targeted marketing research for car cover in EGYPT and Middle East by surveying about 2000 client

Meet Our Leaders

Omar Makram

Marketing and Sales Manager of Top Cover Egypt

Working in the field of car accessories is characterized

By constant innovation and rapid development cause it is related to the original industry " car industry" which is creative in design and innovation to achieve all the luxury to satisfy the needs of the largest number of customers .

All the make us work to be fast-evolving and more effort in creativity and innovation in order to stay the best

Technology And Innovations

We believe in the important role of technology in all its forms in the field of business management

Therefore, the company supports and promotes this concept in various ways and in different situations and stages, such as using it in analyzing and saving data and communicating between employees within the company.

We also make sure to be present on social media sites to effectively communicate with our customers and showcase our products, such as our Facebook page and our website.

Moreover, we make extensive use of technology in the manufacturing process at different stages, such as printing, sewing, cutting, packaging and labeling. We are always keen to have the latest and best machines that serve our goal of manufacturing high-quality products, as the company adopts the concept of smart manufacturing.

The company supports all intellectual innovations and we have the ability to create new and innovative products that support our customers' needs and solve their problems.
