Diesel Turbo Systems, a Spanish company that imports and distributes the **world's leading brands** of **diesel injection systems**, **diesel injectors** and **turbocharger systems**, based in Seville and Madrid.

Since our foundation, in 2009, Diesel Turbo Systems has been in full and constant expansion, increasing the number of references sold, and gaining market share, thanks to the quality of our products, a highly competitive price and the confidence of our customers in our services.

Our headquarters in Seville, located on 3,500m² facilities, our warehouse features more than 15,000 references available in stock, ready to ship anywhere in the world. **Variety, real stock and a highly competitive price.**

With a staff of more than 40 highly qualified employees to satisfy all the needs of our client with personalized treatment.

We have the latest equipment for the reconstruction and repair of turbocharger systems and diesel systems.

We have in stock a wide and varied references of pumps and injectors, of the main brands in the market, strategically distributed in 3 warehouses to guarantee efficient distribution.

BOSCH, DENSO, DELPHI, STANADYNE, CONTINENTAL, are some of them.

We work with the most important turbocharger brands: GARRETT, BORGWARNER, HOLSET, MITSUBISHI... We commercialize complete turbocharger, as well all single parts for reparation of the same.

The DTS logo is rendered in a bold, italicized, red sans-serif font. It is positioned in the upper left quadrant of the page, set against a light gray background with a subtle pattern of small white dots. A solid yellow rectangular block is located directly above the logo.

Turbocharger Systems

As the exclusive distributors of DTS products for Spain, we supply to businesses by importing and distributing the highest quality turbocharger brands, including GARRETT, 3K, SCHWITZER, IHI, HOLSET, MITSUBISHI, and TOYOTA.

We maintain an extensive inventory of both new and reconditioned original turbochargers, ensuring that our clients have access to the highest quality products.

Also, we provide a wide range of parts essential for turbocharger repairs, such as core assemblies with **MFS**, turbochargers, and exhaust turbines. These parts are compliant with the original manufacture specs, guaranteeing their reliability and compatibility with the turbochargers we supply.

In conclusion, at Diesel Turbo Systems, we are dedicated to providing superior products and exceptional service to our business clients, ensuring their operational efficiency and success in the market.

Partner with us for your turbocharger needs and experience unparalleled quality and support.
