Company introduction /

Company Profile

Guangdong Taiyao Automobile Technology Co., Ltd (former company name is Guangdong Winjet Bright Auto Lighting Co, Ltd), founded in 2003, is located in New Technological Industrial Zone, Xingtian Town, Shunde District, Foshan City, Guangdong Province. It occupied a workplace area of approximate 50000m², more than 500 employees in our company. We are a professional enterprise of auto lamps and auto interior and exterior trim with collection of research, development, production, sales and customer service.

Globalization strategy

Based on core values "Respect for people, Cooperating to win-win", Taiyao business is spread all over the world. The United States and the European market is the most extensive business area. We established the oversea branch in USA, HK, Japan, UAE. At the same time, we dedicated to service for the automobile factory, authorized dealer of automobile and automobile modification company in China. In the past years, we keep a super reputation and customer evaluation with outstanding quality and excellent customer service in the industry.

Innovating and Industry leading

Innovation and originality is our core idea of the company's research and development. Taiyao company has the top-class technology R & D team, with mould processing center and rapid prototyping equipment. We have a strong product development and machining modeling capabilities. Our company has a advanced, accurate and completed lamp test equipment centre, Which can carry out the test project including Photometric Characteristics test, Vibration test, Salt fog spray test, Water proof test, High and low temperature test, variety of lamp test, retro reflector type test and light distribution test. We won the tile of Guangdong provincial engineering technology development center and the national high-tech enterprise in 2010.

Manufacturing and quality assurance

Taiyao company has large-scale injection machine, Vacuum coating machine, PC surface treatment production line, Automatic glue Robot, U type Island assembly line and other series of advanced processing equipment. We also have advanced dust-free workshop to make sure the super quality. Our company passed a variety of certification such as ISO90001, ISO/TS16949. So far Taiyao company's product has DOT/SAE, E-MARK, ROHS, 3C certification, Which make our customers have great confidence in our products.

Purpose and objectives strategy

"Create a world brand and build up a world-class enterprise" is our purpose. We believe that as long as we rely on the power of science and technology, with our service spirit and innovative design, we can provide the high quality automotive lighting products.

Taiyao company will make the great efforts to offer the high quality products and the most satisfied service for our customers, we would like to cooperate with all business partner and creat a good business relationship.

Witness the extraordinary journey
of Taiyao growth over the past 2 decades

Product research & development

● Assembly Line

Mould development

● 1500T Die stamping machine

Taiyao company set up the mould development center, which include mould design, CNC, EDM, WEDM, Milling machine and Grinding machine. It is specifically for the development of mould, in order to control the quality strictly from product design to mould development, to make sure our products are accurate and careful.

● Photometric test center

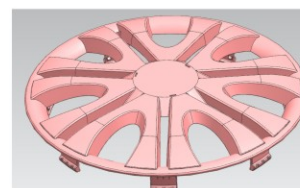

UV ELECTROPLATE

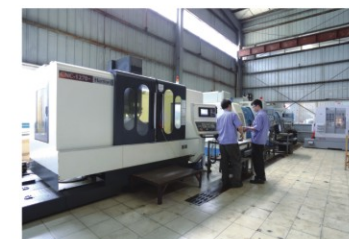

● UV Electroplate

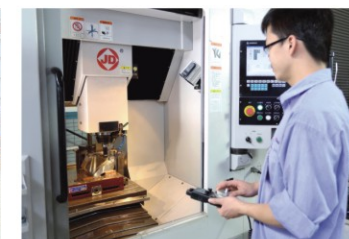

● UV Coating

● 3D Structure design

● CNC center

● Engraving & milling machine

● Oil spray machine

● WEDM center

● OEM

● Polishing

Production guarantee /

Taiyao company has large-scale injection machine, Vacuum coating machine, PC surface treatment production line, Automatic glue Robot, U type Island assembly line and other series of advanced processing equipments. We also have advanced dust-free workshop to be sure the quality can satisfy our customers.

● U type Island assembly line

● Automatic UV coating

● 1200T injection machine

● Production assembly line

● Automatic glue Robot

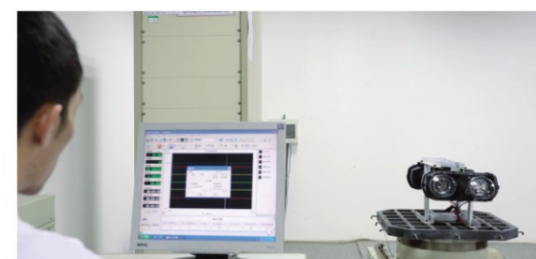

● TESTING CENTER: Photometric Characteristics test, High-low temperature test, Water proof test, Sand test, Salt fog spray test

Quality assurance /

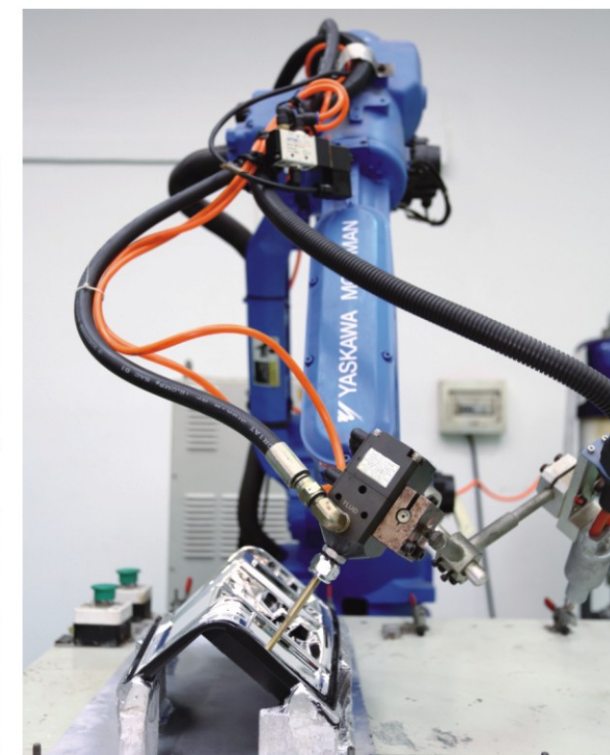

Quality is life, all what we do is to satisfy customers on our products and service. We are keep trying our best to provide super quality auto lamp for the world.

● Impact test for package

● Vibration test

● Automatic glue Robot

Win-win Cooperation

**NETWORK MARKETING-
OUR CUSTOMERS SPREAD THE WORLD**

INSTALLATION

Step 1. Determine the fitting size

Step 2. Put on retention ring

Step 3. Locate proper location

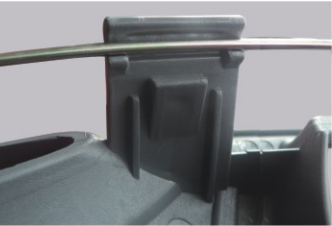

Step 4. Snap into rim

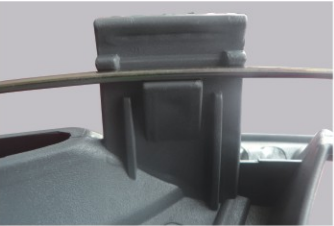

RETENTION RING FEATURE

Retention ring can be placed upper or lower groove at wheel cover tab (See below photo)

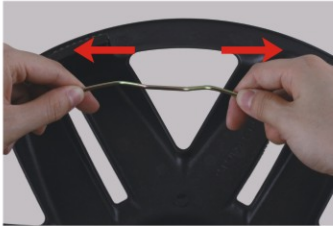

Normal placement

Placement for tighter fit

Adjustment
Adjust the side of ring to fit for the wheelcover

Cautions:

Always use proper tools and wearing eye protections while installing or removing of wheel cover.
