TPU WRAPPING FILM SHOW YOUR PERSONALITY

# Colorful

Introducing ColorPPF, our latest Research and Development production designed for flexible operation. With both water installation and water-free installation methods, we have effectively addressed the technical challenges faced by film shops. Achieving an optimal installation time record of just 2.5 hours for an entire car, ColorPPF streamlines the process. Moreover, our innovative use of masterbatch and toner combined technology enhances the multicolored effect of the paint protection film,

## CAR WRAPPING FILM

ensuring a dynamic and vibrant finish.

## **Company Nonor**

As a leading figure in China's Protection Film Products industry, we proudly serve as the vice chairman of the association. Our commitment to quality is evident through our attainment of ISO9001 quality management system certification and ISO14001 environmental system certification. Our products bear the green environmental product certification mark and come highly recommended for automotive vehicle decoration protection film projects worldwide. Recognized for our innovation in new products and technologies, we have received acclaim from the global automotive vehicle industry association.

We are honored to hold distinctions such as the best-selling brand in the global market, a globally renowned brand, and the most reliable choice for consumers seeking superior quality. Our company takes pride in being recognized as the most trusted brand in the global protection film industry, synonymous with good quality and consumer satisfaction.

#### **FACTORY**

### COMPANYINTRODUCTION

CARLAS, with its impressive 21-year history, stands not just as a factory but as a revolutionary force in the Paint Protection Film (PPF) industry. We specialize in producing highly advanced film technologies dedicated to safeguarding the most cutting-edge vehicles. Our leading Hydrophobic and Self-Healing top-coat technology, coupled with an extreme gloss factor, sets us apart.

Whether you desire a complete color change for your car, wish to add vehicle graphics or branding to your van, or seek protection against chips and scratches, CARLAS has you covered. We go beyond exterior care by offering solutions to protect your car's interior and passengers from harmful sun rays.

With our extensive network of CARLAS trained installers spanning the globe, you can customize your vehicle using innovative car wraps and protection products that adhere to the highest standards. CARLAS proudly offers a range of services, including Car Wrapping and Protection, Customized Car Wrap, Commercial Vehicle Wrap, Window Tint, Paint Protection, and the opportunity to design a fresh look for your vehicle. Trust CARLAS to redefine your driving experience with advanced protection and style.
