## ABOUT US

Welcome to Automat, a pioneering force in automotive manufacturing since 1978, where precision, quality, and innovation intersect. With a sprawling plant area spanning 175,000 square feet, we stand as a testament to excellence in the industry.

Our commitment to quality is evident through our prestigious certifications including IATF 16949 and ISO 14001, reflecting our unwavering dedication to superior standards, process efficiency, and environmental sustainability.

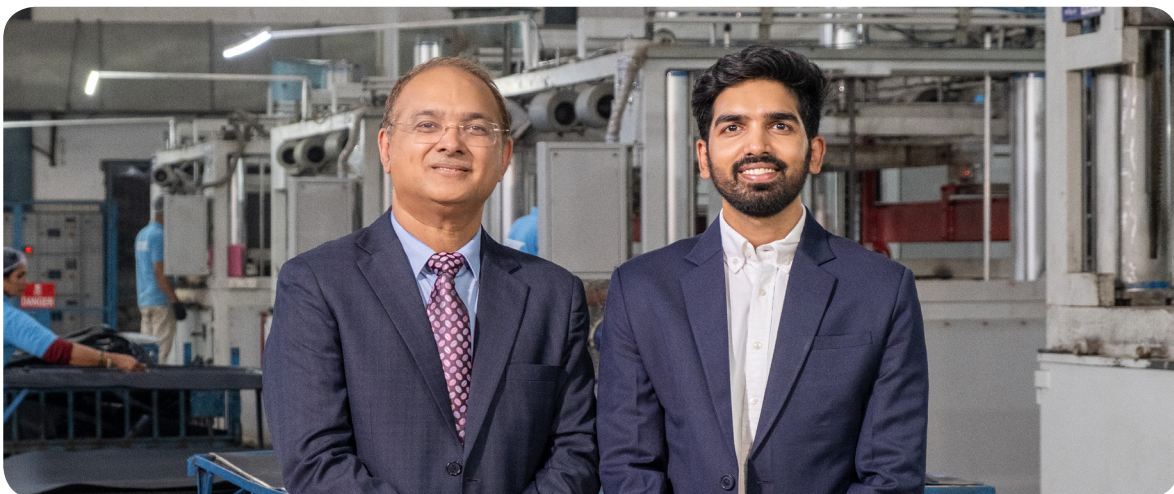

Backed by decades of experience, Automat has been at the forefront of automotive innovation, offering a diverse range of processes including injection molding, vacuum forming, compression molding, liquid pouring, and extrusion. Our state-of-the-art testing capabilities, both in-house and through trusted partners like SGS, ensure that every product meets the highest standards of quality and reliability.

At Automat, our greatest asset is our team of experienced and competent professionals. With extensive training and expertise, they bring precision and dedication to every project, ensuring exceptional results every time.

We take pride in serving renowned OEMs and major customers such as Toyota, Hyundai, Kia, and many others. Our commitment to excellence extends to every aspect of our operations, from in-house tooling and design to the seamless delivery of products to customers worldwide.

With a global footprint that spans across the USA, Europe, and Dubai, Automat continues to set new benchmarks in automotive manufacturing, driven by a passion for innovation and a relentless pursuit of excellence. Join us on our journey as we continue to shape the future of the automotive industry.

## PARTNERS

Dr. Manoj Jain and Mr. Parshv Jain

## OUR CLIENTS

**TATA MOTORS**

**MARUTI SUZUKI**

**HONDA**

**RENAULT**

**HYUNDAI  
MOBIS**

Automat stands as a distinguished name within the automotive accessories industry, continually raising the bar for excellence and innovation. As a Tier 1 vendor, we have solidified our position as a reliable partner for major OEMs in the Indian region, including esteemed names like Toyota, Hyundai Mobis, Honda, Nissan, Morris Garage, Tata, Renault, and numerous others. With our commitment to quality and ingenuity, Automat has revolutionized the automotive accessories sector in India, extending our reach to international markets such as Europe, Dubai, and the United States.

## EXPORT MAP

# RUBBER MAT

## Precision Compression Molding:

Utilizing state-of-the-art compression molding machines, we produce mats up to 1000mm x 2000mm in size, guaranteeing a perfect fit for various applications.

## Natural Rubber Construction:

Crafted from high-quality natural rubber, our mats offer superior resilience and longevity, ensuring long-term durability.

# MULTI COLOR MAT

## Generous Size Options:

Capable of producing parts up to 1200mm x 1500mm, our designer mats offer ample coverage for various vehicle types while maintaining superior quality and craftsmanship.

## Vibrant Color Options:

Choose from 12 stunning color options in a single part, enhancing the visual appeal and personalization according to vehicle's interior.

## Durable PVC Construction:

Constructed from high-quality PVC, our designer mats are not only cost-effective but also highly durable, providing long-lasting protection for your vehicle's floors.

#### Material Excellence:

Our mats undergo rigorous testing in our in-house facility, ensuring durability and performance in diverse driving conditions.

## 3D MAT

#### Large Part Production:

Capable of producing single parts up to 2500mm x 1700mm, our mats offer extensive coverage for various vehicle types.

#### Customizable Textures and Finishes:

Choose from a variety of textures and finishes or collaborate with us to develop custom options, tailored to your preferences.

## LUGGAGE MAT

#### Expanded Coverage:

Our mats boast the ability to produce single parts up to 2500mm x 1700mm, providing comprehensive coverage suitable for various vehicle types.

#### Tailored Textures and Finishes:

Select from a diverse array of textures and finishes, or collaborate with us to develop custom options that cater to your unique preferences.

#### Material Durability:

Subjected to rigorous testing in our in-house facility, our mats guarantee durability and optimal performance in diverse driving conditions.

# MUD GAURD

## Durable Construction:

Crafted from a blend of PP and EPDM materials, our mud guard offers superior strength and resilience, ensuring long-lasting protection for your vehicle.

## Engineered for Optimal Performance:

Designed with careful consideration of landing and departure angles, as well as ground clearance, our mud guard is meticulously crafted using CADG technology to ensure a perfect fit and optimal performance.

# CARPET MAT

## Custom Branding:

Personalize your Carpet Mat with custom branding options, making it a unique reflection of your brand or identity.

## Durable Construction:

Crafted from a blend of PP and EPDM materials, our mud guard offers superior strength and resilience, ensuring long-lasting protection for your vehicle.

## Assorted Textures:

Select from a range of textures including tufted, printed, ribbed, loop pile, cut pile, and non-woven, ensuring both style and functionality.

# ECO-FRIENDLY RANGE

Made from 51% recycled PET (ECO friendly) weaved to resemble the sisal yarn.
