Company Profile

Wenzhou Libang Enterprise Co, Ltd. was established in 1998. We are specialized in developing, manufacturing and marketing the Auto brake, E-motor and Racing caliper, By now our annual Production ability is 2.8 million sets brakes , LBN focus on new brakes development all the time, we have built up the Technical R&D Centre in Shanghai in 2015 and in order to get more talent join with us

LBN Invest more production lines and import the high quality CNC equipments from Germany, Japan, Korea, and Taiwan. We have advanced test equipment, such as CMM, Comprehensive test beach, X-ray inspector, Parking Torsion Fatigue and high & low temperature test, Pressure leaking test etc. And we has passed the certificates of ISO/TS16949:2009, GMC Certificate and CQC Product Certificate .We also have obtained Zhejiang Province Science and Technology Small and Medium-sized Enterprise, Zhejiang Province High and new-tech Enterprise, Zhejiang Province Provincial Level Enterprise Technology Center, and so on.

Wenzhou Libang Enterprise Co., Ltd. has established good business cooperation with more than 30 customers including Southeast Asia, the United States. Germany, Italy. Middle East Dubai and other countries and regions relying on the brand advantage of being engaged in foreign trade in the international market for many years. The future development orientation our company is: technical scheme as a guide, strive for perfection, to make LBN become a well-known domestic and overseas brake system technical scheme and products manufacturing enterprise.

LBN has Wholly own Aluminum Foundry . We apply the automatic high pressure die casting for the bicycle hydraulic brakes .

Stable quality Aluminum cast , High Volume production capacity .

Timely Products supplied X-ray Detector imported from Germany which control the cast inner quality verv well before the shipment .

Precision CNC Machine lines mostly imported from Germany Switzerland ,Korean ectComprehensive Inspection center supplied liability test evidence .

| Front Caliper

Part No. 581102H300 / 581102H500 / 581103K050 / 581802HA00

Application: HYUNDAI Elantra / HYUNDAI Avante

| Rear Caliper

Part No. 43018TA0A51 / 43018TA0A81 **Application:** HONDA Accord iVtec

| Electronic Parking Brake Caliper

Part No. 43018TA0A51 **Application:** Benz GLC

Application : Passenger cars **Piston Diameter :** $\phi 42\text{mm}$

| Racing Caliper

Reference No. G639-C100/200-001

Material Process: Cast Aluminum 4P

Application : Chevrolet Corvette

Reference No. G632-C100/200-001

Material Process: Cast Aluminum 4P

Application : BMW M5

Reference No. G625-C100/200-001

Material Process: Cast Aluminum 4P

Application : Toyota GR GT3

Reference No. G657-C100/200-001

Material Process: Cast Aluminum 4P

Application : Suitable for wheels 17 inches and above

Electric Vacuum Pump System
