INNOVATION NEVER STOP

Zhejiang Mache Industry Co., Ltd. (With Brand "MACHAGE") was established in 1996 and is headquartered in the city of Wenzhou in Zhejiang province, known as China's auto and motorcycle parts capital. MACHAGE specializes in automotive switches and sensors. Production facilities have a total area of 40,000 square meters .

MACHAGE is professional O.E. Manufacturer passed IATF 16949: 2016. We have been consistently providing High Quality parts & Business Solutions to our clients for years.

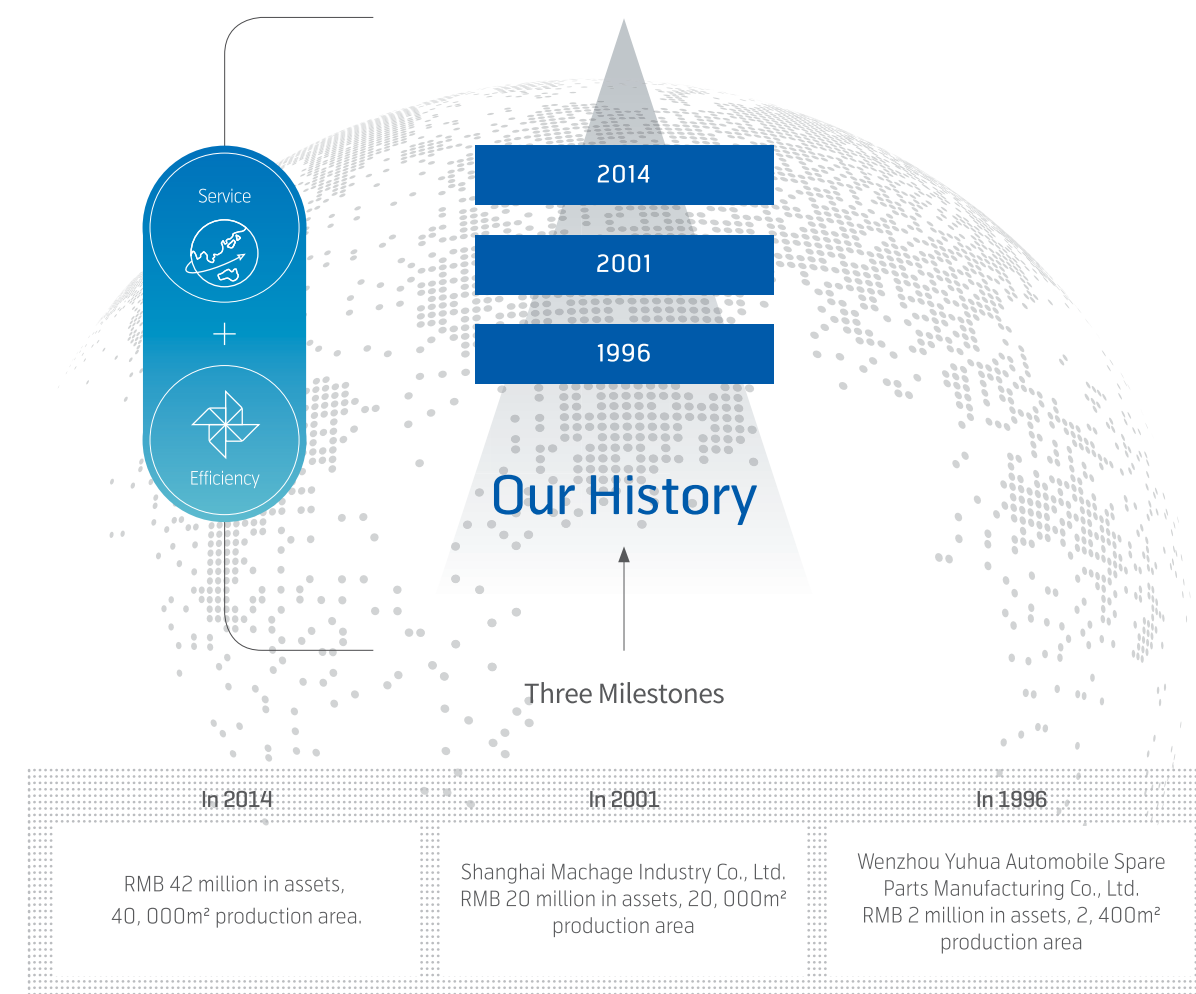

MACHAGE manages the complete product cycle: research and development, product design, tool design and manufacturing, assembly and sale of the whole completed product. Signature products include: Turn Signal Switch(Column Switch), wiper switch, ignition (cable) switch, other switches (window, warning, stoplight, backlight, headlight and etc), various sensors (ABS, vehicle speed, camshaft position & crankshaft position) and other variety of auto parts.

Since Its Inception,MACHAGE Persist To Pursue Brand Efficiency , Innovation And High Quality.

IATF 16949: 2016 16949: 2016 Certified

We Are Growing Fast...

MOULDING PROCESSING

Pursue High Quality Motivate
Future Power

ENTREPRENEURSHIP AND INNOVATION MAKE MACHAGE MOVE FORWARD

We are working hard on being the best professional solution
provider, technical consultant, and most efficient and profitable
solution of switch supplier.

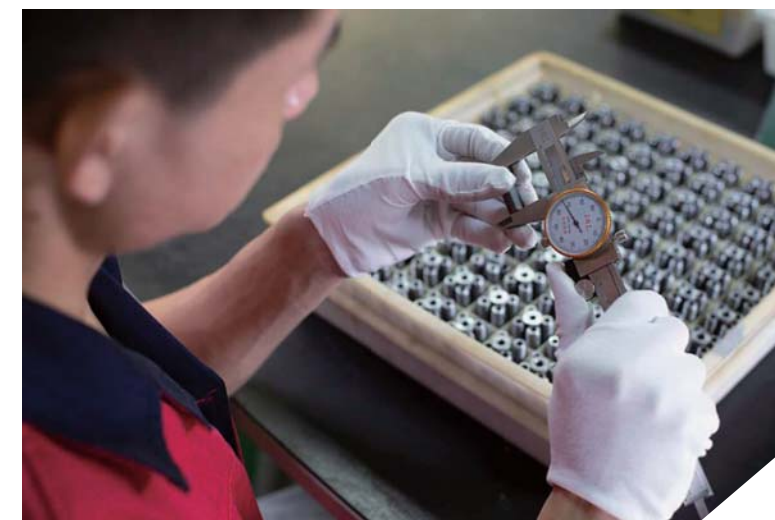

ADVANCED MANUFACTURING EQUIPMENT, STANDARDIZED WORKSHOP MANAGEMENT, INCREASING PRODUCTION CAPACITY

Advanced and efficient production lines ensure the production efficiency of products. We have multiple
efficient automatic production lines and an industrial chain integrating production, development and
sales to better serve customers and market.

Control Quality

FINE QUALITY MANAGEMENT MODE

We always implement the quality policy " integrity team; excellent quality; customer satisfaction; steady development". Stick the principle customer first; quality first. Establish and continuously improve the quality management system according to IATF 16949: 2016 technical specifications and the car makers' standard.

STEREOSCOPIC SHELF INFORMATIZATION STORAGE

BUILD PROFESSIONALLY AND OPTIMIZE LOGISTICS

We have introduced the SAP management system, we can ensure to provide the products with the maximum inventory and the most matching demand in the shortest time. Optimization of logistics system is the need of enterprises to improve, especially in today's increasingly fierce competition, logistics plays an important role in product value-added.

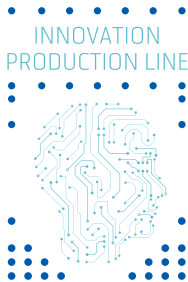

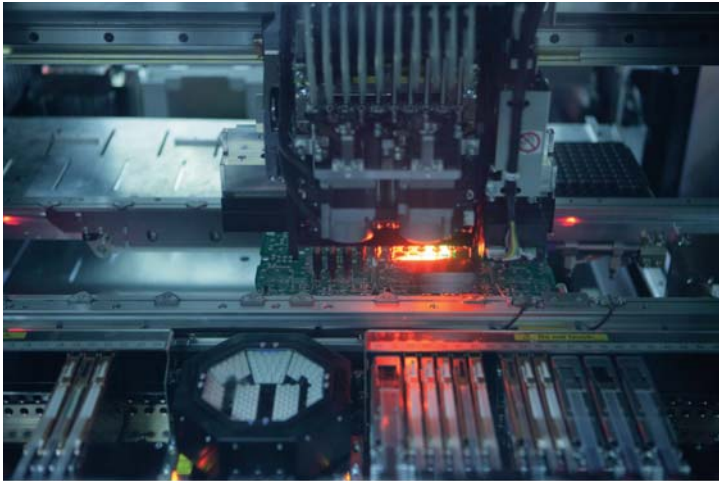

MACHAGE AUTO SPARE PARTS

FUTURISTIC TACTIC

Adding Value For Our Customers

As a prospective strategy, we brought in modernized SMT line to cater for the growing demand for electronic products.
