HAOBANG TECHNOLOGY
PEOPLE-ORIENTED

ABOUT US || HAOBANG

Jiangsu Haobang Technology Co., Ltd. covers an area of more than 40 mu with a construction area of more than 20,000 square meters. The company is located in Changzhou, a beautiful Jiangnan city in the Yangtze River Delta economic circle.

The company is a professional manufacturer of car seats and seat accessories. The company has been rated as a high-tech enterprise by Jiangsu Province since 2008. In 2012, it was recognized as Jiangsu (Haobang) Engineering Research Center for Automobile Seat and the Speed Race Enterprise Technology Center by Jiangsu Department of Science and Technology. The company has a complete production process including development and design, mold production, automated stamping, robot welding, fully automatic electrophoretic surface treatment, sponge foaming, wood trim modeling, sewing, wrapping, packaging, and final assembly. Our company strictly controls quality and follows the IATF16949 international standard in management. We have obtained 3C national mandatory safety certification and international CE certification. The company has also imported complete product testing equipments.

In terms of production, the company adopts imported robot welding and is equipped with automatic assembly lines, large stamping equipment, and so on. The product has been tested by national institutions such as Tianjin, Chongqing, and Shanghai. Fully matched with major engine manufacturers such as Sany Heavy Industry, XCMG, SDLG, Zoomlion, Shandong Heavy Industry, GAC, BAIC, Chery, Geely, etc.

The seat frame is mainly matched by BAIC. The seat kit is mainly matched by Taiwan GSK Group and we are a long-term strategic partner of GSK. The company's products are also exported overseas.

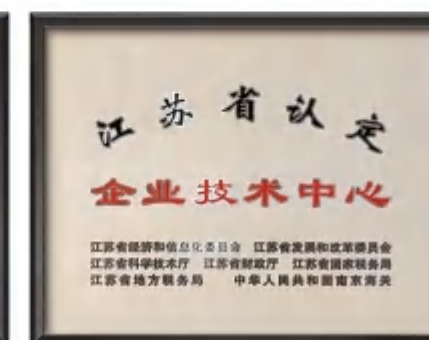

The company focuses on people-oriented and enterprise cultural construction. All employees are committed to providing customers with safe and satisfactory products with innovative technology, rigorous production processes, and serious and responsible after-sales service attitude.

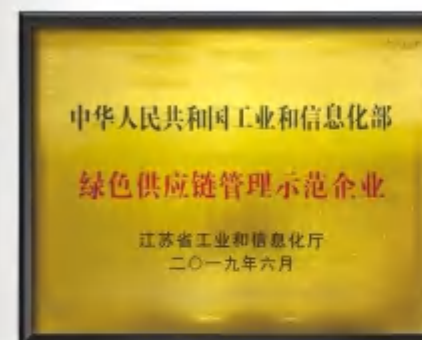

CERTIFICATION || HAOBANG

• Professional and innovative minor enterprises in Jiangsu Province
