

Turbochargers | Manifolds | Intercoolers

CME Turbo Co.,Ltd.

Tel: +86 138 0621 6606

Email: steven@cmeturbo.com

Web: www.cmeturbo.com / www.cmeauto.com

CME Turbo Co.,LTD have first-class production equipment and testing methods. Our products are sold worldwide and are favored by many world-renowned automobile companies.

Main Products:

We focus on the research and development and production of turbo kits , including turbochargers, turbocharger parts, intercoolers and manifolds,etc.

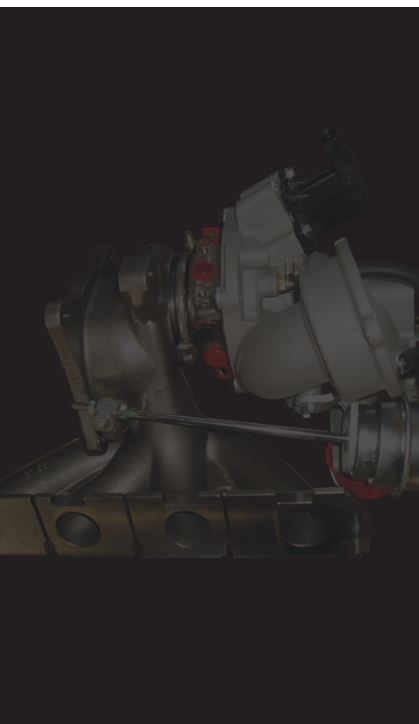

Production and Quality:

We have the first-class turbocharger production line in China to achieve mass production of high-end turbochargers. Precision testing equipment and strict quality management system ensure high performance and ultra-high reliability of products. We have established long-term and stable cooperative relationships with many international giants

R&D and Innovation:

The company has a high-quality R&D and engineering technical talent team. They closely track the development trends of turbocharging technology, continue to innovate, and provide customers with the highest quality boost system solutions. R&D investment accounts for more than 8% of sales revenue. We continue to increase R&D and promotion of new products to adapt to changes in market demand.

We will continue to adhere to the business philosophy of "people-oriented, quality first" to provide the majority of customers with high-performance, environmentally-friendly, energy-efficient and high-quality boost products and services. We sincerely welcome people from all walks of life to come to guide, supervise and cooperate, and jointly open up a more beautiful future!
