QUALITY BRAKING PERFORMANCE

AUTORIGIN

A defender and explorer of the automotive parts industry

NEW BRAKE SYSTEM

DISC BRAKE PAD

DRUM BRAKE SHOE

BRAKE DISC

BRAKE LINING & ROLL

DISC BRAKE PAD

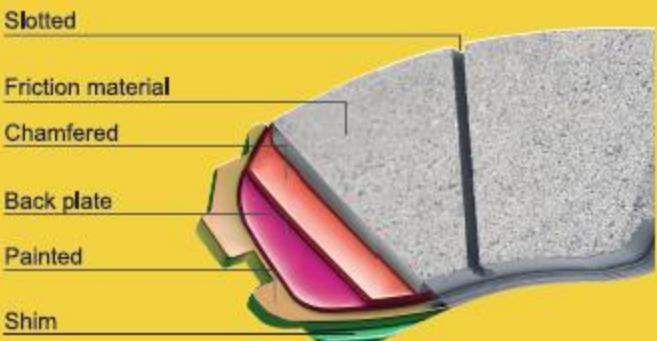

HISTORY 20+ Years
COVERAGE 96%+ Vehicles
CAPACITY 5 Million + Sets/Year
QUALITY ECE R90 Certified

AUTORIGIN FORMULA SERIES

- Semi-Metallic**
- ✓ Positive mold care press technology
 - ✓ Power coated backing plates
 - ✓ High heat transfer and resistance
 - ✓ Durable and Economical
 - ✓ Stable friction coefficient,reasonable wearing rate

- Low-Metallic**
- ✓ Positive mold care press technology
 - ✓ Longer brake rotor life
 - ✓ Enhanced durability
 - ✓ Smooth pedal feel
 - ✓ OE style hardware included

- Ceramic**
- ✓ High Ceramic fiber content
 - ✓ Exceptional anti-dust capability
 - ✓ Chamfered , Slotted and Shimmed
 - ✓ Maximum noise reduction
 - ✓ Shorter stopping distances

- Racing Type**
- ✓ High friction coefficient
 - ✓ The best brake balance,adjustability and friction stability
 - ✓ Excellent braking force output at any temperature
 - ✓ Providing good resistance to high-temperature degradation of brake discs

- Heavy Duty Type**
- ✓ High temperature resistance,suitable for heavy load conditions
 - ✓ Higher friction coefficient
 - ✓ Good heat dissipation performance,suitable for long-term braking
 - ✓ Long service life

DRUM BRAKE SHOE

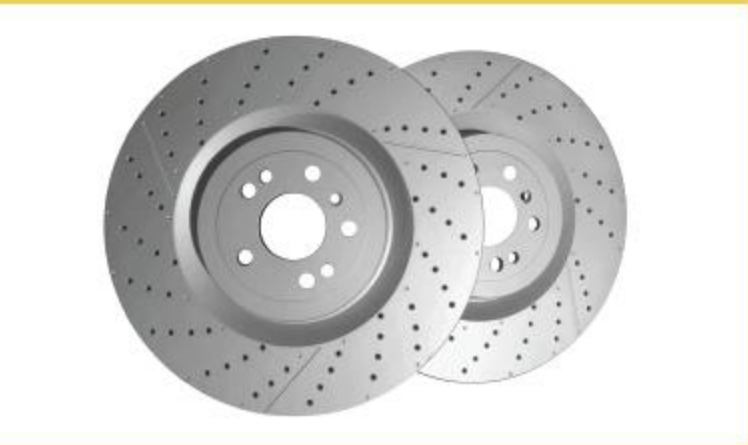

HISTORY 20+ Years
COVERAGE 95%+ Vehicles
CAPACITY 3 Million + Sets/Year
QUALITY ECE R90 Certified

- ✓ Bonded and riveted shoes
- ✓ Low noise,low dust,low wear and long using life
- ✓ Dependable performance and exceptional durability
- ✓ Resistant to fade, rapid Recovery
- ✓ Packing brake shoes available

BRAKE DISC

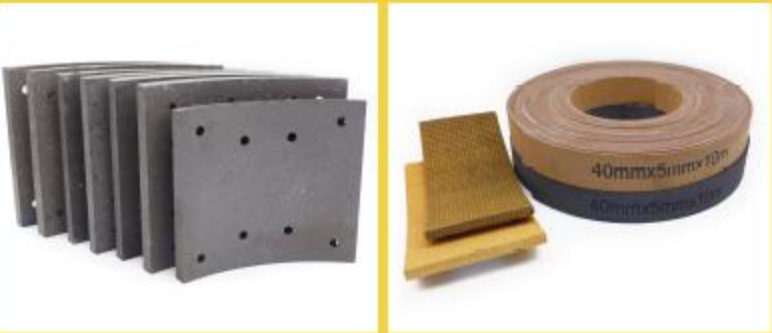

HISTORY 10+ Years
COVERAGE 93%+ Vehicles
CAPACITY 3 Million + Pcs/Year
QUALITY ECE R90 Certified

- ✓ High standards
- ✓ Drilled and counter sunk holes process
- ✓ Corrosion resistance
- ✓ High resistance to thermal
- ✓ The highest proportion of high-carbon discs

BRAKE LINING & ROLL

HISTORY 20+ Years
COVERAGE 96%+ Vehicles
CAPACITY 2 Million + Tons/Month
QUALITY ECE R90 Certified

- ✓ Low wear, low dust, little Harm to brake drum
- ✓ High heat resistance,superior fade recovery
- ✓ Quiet stopping, balanced braking, no pollution
- ✓ No squealing and excellent stopping power
- ✓ Low loss of efficiency on wet surface
- ✓ Offer repair sizes for brake linings: +1mm,+2mm,+3mm
