盐城海纳汽车零部件有限公司

Hana Industries Company Limited

盐城海纳汽车零部件有限公司，成立于2005年11月，注册资本800万美元。海纳专业研发和生产汽车发动机冷却水泵总成，产品系列覆盖乘用车，重型卡车，工程机械及其他非道路用发动机，与欧美知名汽车配件厂商合作近二十年，为国内汽车水泵行业知名厂家，获得“高新技术企业”和“省级专精特新中小企业”称号。

海纳具有完善的市场开发、产品和制造设计开发、零部件制造和检测试验能力。总成和配件产品的年生产能力超200万台套。通过并长期保持IATF16949、ISO9001、ISO14001、ISO45001等管理体系认证。

HANA
WATER PUMPS

QUALITY
MADE

Hana Industries Company Limited, founded in 2005, registered with a capital of 8 million US dollars. Hana specializes in engineering and production of engine cooling water pumps for passenger cars, heavy duty vehicles, construction machinery and other off-road engines. Hana has cooperated with Europe and the United States well-known auto parts manufacturers for nearly 20 years. Hana also become a domestic auto pump industry well-known manufacturer having won the "High-Tech enterprises" and "provincial specialized special new small and medium-sized enterprises" title.

Hana has perfect market development, product and manufacturing design development, parts manufacturing and testing capabilities. The annual production capacity of assembly and accessories products exceeds 2 million sets, Hana passed and maintained IATF16949, ISO9001, ISO14001, ISO45001 and other management system certifications.

产品特点 and 优势

Product features and advantages

- **设计开发：**全方位对标原厂设计和制造要求，满足并超越全球客户的需求和期望
Design and development: meet OEM design and manufacturing specifications and exceed the expectations of global customers
- **性能参数：**确保符合原厂或客户技术要求，实现完全互换的安装和使用
Performance and parameters: ensure to match the original or customers' technical requirements, and achieve interchangeable installation and application completely
- **制造工艺：**采用先进加工和装配技术自主生产，满足各类客户和订单的定制需求
Manufacturing process: Independently produced using advanced processing and assembly technology, to meet the customized needs of clients
- **质量保证：**通过QES & IATF16949认证和持续改进，保证稳定提供客户满意的产品和服务
Quality assurance: certified by QES & IATF16949, continuous improvements to guarantee the stable supply of high-standard products and services.
- **售后服务：**采用或超越主厂服务保证，提供全方位解决方案
Service: adopt or exceed OEM service guarantee, and provide full range of solutions
