

LED HEADLIGHT BULB

We provide powerful performance led headlight bulbs for a wide range of models. Each model is available in a choice of color temperature. With high and low beam function led light bulb. High brightness output power is amazing. Pure copper tube chip and super high speed fan plus heat dissipation energy efficiency, life time is guaranteed. Intelligent decoding design ensures perfect matching and excellent performance, matching 90% of the models sold in the market. Plug and play design and ultra-compact inline drivers make installation very easy. We supply H1, H3, H4, H7, H11, 9005, 9006, 9012, D1, D2, D3, D4, D5, D8, etc. to fit all kinds of vehicle light models. All products have EMC R10, CE, RoHS certificates. As a manufacturer of led car lights we have been providing customers great led car bulbs with competitive price and stable quality.

GT-LB-04 Series

Power: 90W
Operating Voltage: 9-28V DC
Operating Temp: -40~+80 Degrees Celsius
LED Chip Size: 7035
Effective Lumens: 7700lm
Housing Colour: Gun+Silver
Colour Temp: 4300K/5000K/5500K/6000K/6500K
