About AROMATE

Aromate Industries Co., Ltd. (Aromate) is a leading manufacturer of innovative car air fresheners and Home fragrance products since 1996. Aromate's headquarters and modernized production facilities are in Taiwan. With persistent dedication to create quality products, unceasing technology innovation, and emphasis on sustainable sales and marketing support, Aromate is your trusted air freshener provider and partner.

State of the Art Manufacturing

We source only the global qualified materials and manufacturers. We adopt various automated production procedures, ensuring quality, constancy, and speed. To ensure product quality, Aromate's Lab and Engineering constantly perform scientific research, but also aromatics evaluation, testing, analysis, examination and certification, ensuring all products meet international quality standards.

Why AROMATE ?

At Aromate, we understand that product and production expertise contribute only to part of the success. The key to a successful launch is a solid partnership. With our knowledge and insight, Aromate always endeavours to act in the best interest of our clients. Together with our clients, we could create unlimited potentials in the ever-evolving air care market.

Green Innovation

Aromate leads the way in using eco-friendly materials into its products for sustainability. We prioritize the use of recycled plastics as a substitute for traditional polypropylene (PP), resulting in reduced CO2 emissions. Additionally, our recycled PP materials adhere to international certification standards.

Functional Air Care

Aromate provides various solutions, from fragrance diffusion technology to reducing airborne harmful substances, such as germs, fungi, algae, dust mites, and viruses.
