AODEHUA CLUTCH

The company has passed **IATF 16949** quality system certification

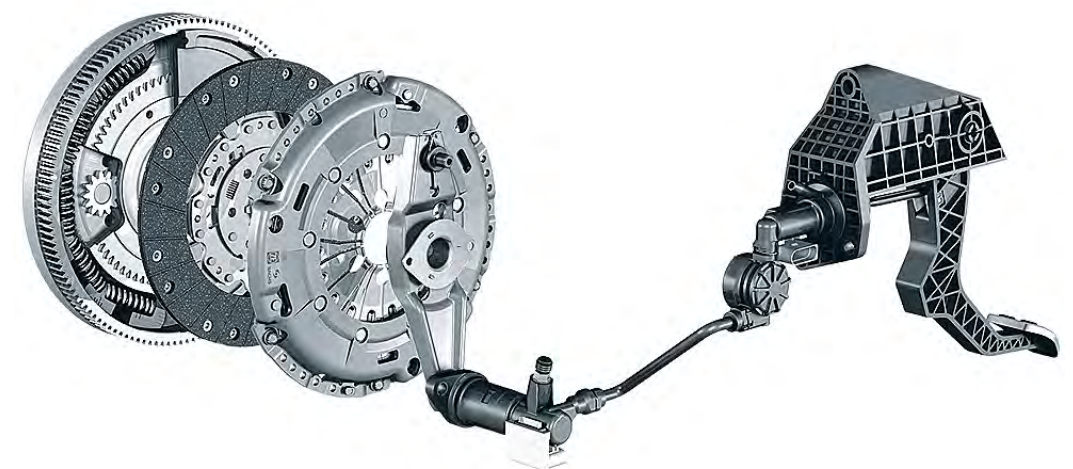

About Us

Our History

Zhejiang AoDeHua Auto Parts Co., Ltd. has developed into a backbone enterprise which can independently develop and specialize in manufacturing clutch series after more than 23 years of unremitting efforts. The company is headed by well-known experts, researchers and senior engineers in the domestic clutch industry. It is responsible for technology and quality management, product development and sales. The management team led by post-technical service and product manufacturing and production management experts in the industry is responsible for production management, logistics and procurement management, and equipment management products, which have formed three series (light, medium and heavy), more than 500 varieties.

Our Factory

Zhejiang Aodehua Auto Parts Co., Ltd. is a auto clutch company specializing in R&D, production and sales of light, medium and heavy trucks. Our products are suitable for European, Japanese, Russian, American and Chinese trucks. Our material from "Shanghai Baosteel's in original company", we manufacture more than 90% auto clutch spare parts by ourselves, passed the test of national authorities. At the same time, we supply high-efficiency timely delivery, our price has a strong competitive advantage compared with other similar suppliers. We passed and execute ISO/IATF16949:2016 quality control system seriously, we sold to many overseas markets and well-known in China market.

Standard Clutch Actuation System

Truck Clutch Kit

Our Product:

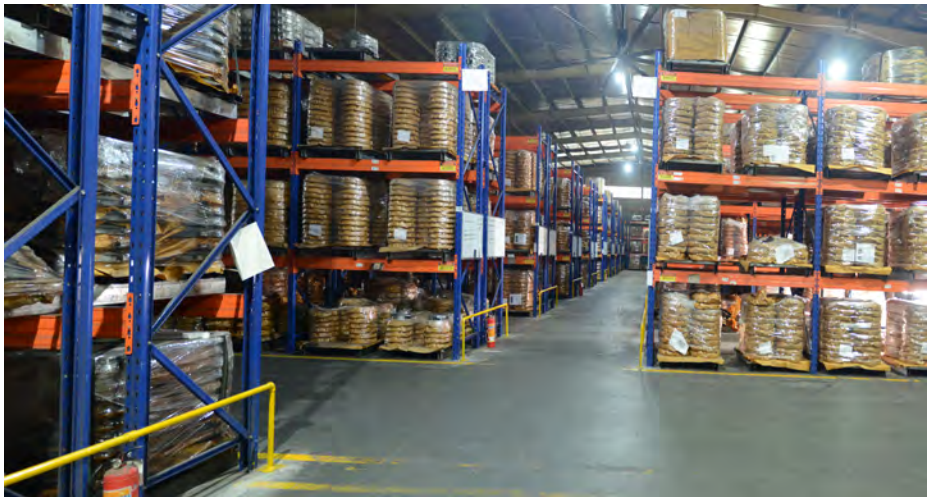

European Series Clutch, such as MAN, MERCEDES-BENZ, IVECO, RENAULT, SCANIA, VOLVO, DAF;
Japanese Series: HINO, ISUZU, MITSUBISHI, NISSAN;
Russia Series and Chinese domestic truck (light, medium, heavy)

Production Equipment

- 1. Has perfect CNC machining workshop.
- 2. 2000 T- 3000T stamping equipment workshop.
- 3. The introduction of advanced imported equipment and the technology of heat treatment workshop.
- 4. Adopt international advanced surface treatment technology of workshop.
- 5. The four automatic clutch disc assembly workshop.
- 6. Has four full function test pressure plate assembly line assembly workshop.
