

Introducing Shell® Wiper Blades

Welcome to the future of a clear vision where innovation meets safety. Shell® wiper blades are your partner on the road in bad weather. Our offerings support vehicles of all types and sizes, from entry conventional wiper blades to heavy duty wiper blades for buses and trucks

Shell® Ceramic Silicone Wiper Blade

Our compound provides durable defense against ozone, UV rays, and harsh weather, ensuring long-lasting protection in all weather conditions

Shell® Wiper Blade Beam-Style

Conforming to the shape of the windshield, providing even pressure and streak-free wiping

Shell® Wiper Blade Conventional-Style

Designed for daily use, this blade delivers reliable, streak-free performance in any weather

Shell® Rear Wiper Blade

Ensures dependable performance and a perfect fit for various modern rear wiper arms

Shell **ROTELLA** Heavy Duty Wiper Blades

- Designed for heavy-duty vehicles, they deliver a supreme wiping experience with a range of unique aerodynamic frames.

Shell Rotella® Heavy Duty Hybrid Wiper Blade

Featuring dual-spring steel construction, setting new standard in durability and unmatched wiping capability

Shell Rotella® Heavy Duty Hybrid + RepelMax® Technology

Equipped with durable double-spring steel construction and a water-repellent coating for maximum visibility

Shell Rotella® Heavy Duty Conventional Wiper Blade

Featuring moly-coated rubber for a smoother, quieter wipe, a rust-resistant double-coated metal frame for unbeatable strength

Shell Rotella® Heavy Duty Flat Wiper Blade

This blade's aerodynamically optimized frame efficiently cleans flat windshields on heavy-duty trucks, buses, and RV's

Shell Rotella® Heavy Duty Curved Wiper Blade

Its robust stainless steel support system suits curved windshields on heavy-duty trucks, school buses, step vans, and RV's

Shell Rotella® Heavy Duty Wide Saddle Wiper Blade

Versatile heavy-duty wiper blades for all vehicles! Designed to fit windshields with wide saddle pin and 12x4 hook wiper arms

Shell Rotella® Heavy Duty XL Wiper Blade

Its dual-coated stainless-steel frame is engineered to handle the toughest windshield challenges, making it perfect for commercial buses.
