

The structure and product categories of Nox Sensor

Continental Nox Sensor 24V

Continental Nox Sensor 12V

Bosch Nox Sensor 24V

Bosch Nox Sensor 12V

福联泰克
VOLKS TECH

Suzhou Volkstech Automotive Electronic Co.,ltd

Reliability | Flexibility | Sustainability

Area:22000M2
Word shop:8000M2

Investment: \$6 Million USD

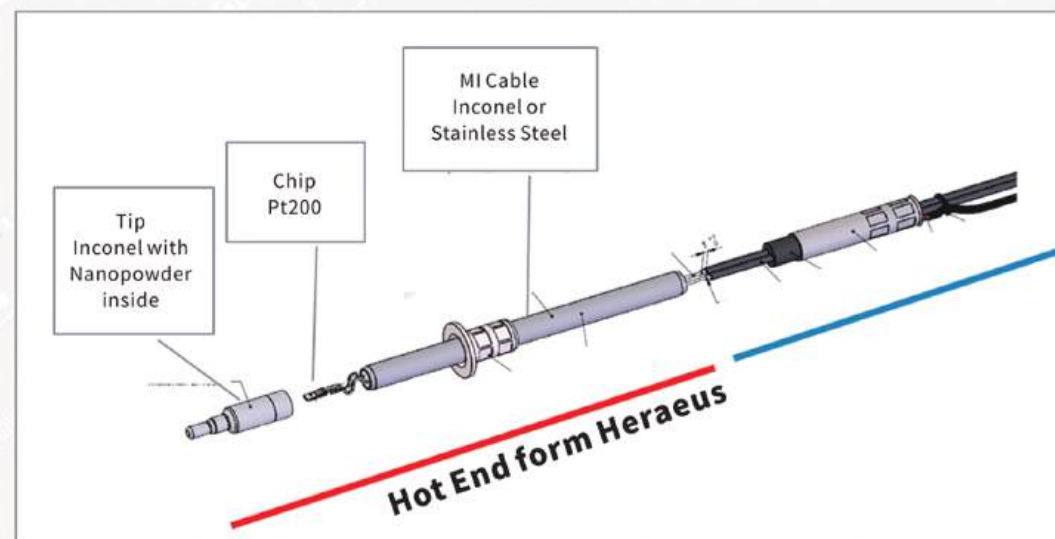

Oxygen Sensor: around 1600 parts
Exhaust Gas Temperture Sensor: around 800parts
Nox Sensor: around 300 parts

Employees: 105people

Suzhou.China

The structure and product categories of Exhaust Temperature Sensor

PTC Exhaust Gas Temperature Sensors

NTC Exhaust Gas Temperature Sensors

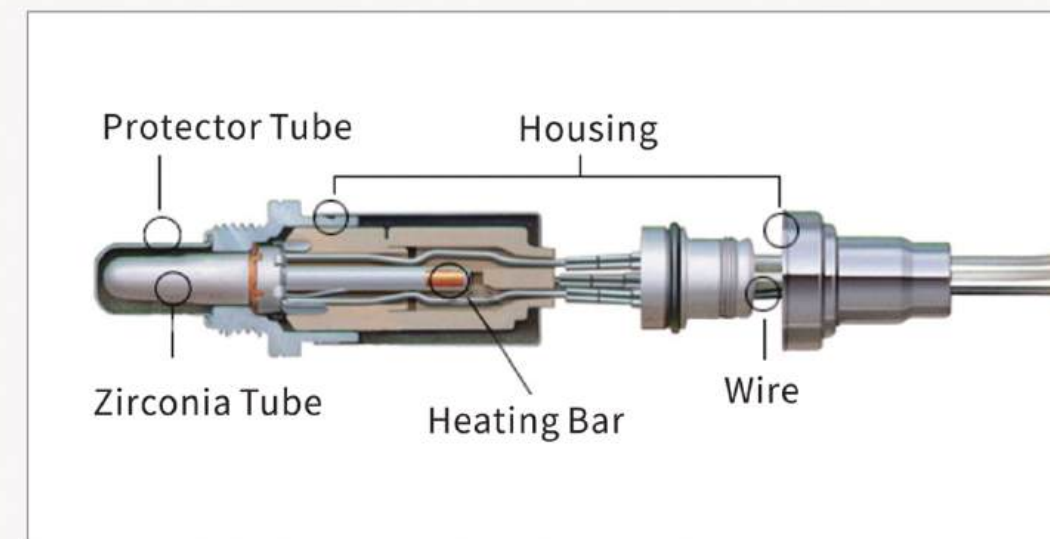

Single Head Digital Thermocouple

Multihead Digital Thermocouple

The structure and product categories of Oxygen Sensor

Conical Oxygen Sensors

1.2.3.4 wires, heated&unheated both included Suitable for cars&motorcycle with gasoline&CNG engine

Planar Oxygen Sensors

2.4 wires, heated&unheated both included Suitable for cars&motorcycle with gasoline&CNG engine

A/F Oxygen Sensors

4 wires, heated type Linear output, mainly for Japanese cars front O2 sensors, be the replacement of Denso&NTK

5 wire wide band oxygen sensors

5 wire parts Wide range linear output, be the replacement of Bosch, Denso&NTK wide band
