WELCOME TO EXCEL ENGINEERS

We the "EXCEL" have been a synonymous name for the quality in all types of parts since 2005. We are one of the pioneers in the field of Engineering Parts with innovative ideas that keep us a head of our competitors.

Manufacturing of :

- Auto Parts
- Machine Tools Parts
- Material Handling Equipments
- Forklift Parts
- Textile Parts
- Gear Box Parts
- Transmission Parts
- Automotive Spares

QUALITY IS OUR TOP PRIORITY

Our product are high in demands due to their premium quality seamless finish, different and affordable prices. The entire business process is structured on a quality system compliant with quality standards. It is a fundamental guarantee of safety and reliability. It means that all products are designed, manufactured, tested and distributed to a consistently high quality, involving every stage and every level. Furthermore, we ensure timely delivery of our products to our clients, through which we have gained a huge clients base in the markets.

EVERY DAY IMPROVEMENTS

In "EXCEL ENGINEERS", every one shares the philosophy that the perfect products dose not exits, thus continuous search for an unattainable goal is the essence that has always distinguished our products and quality.
