HUBEI FEILONG FRICTION & SEALING MATERIALS CO.,LTD.

质量飞龙

质量是我们的传家宝

Brief Introduction of Hubei Feilong Friction&Sealing Materials Co.,Ltd

Hubei Feilong Friction&Sealing Materials Co.,Ltd was set up in April 1970. It occupies an area of 1250,000 square meters, with a total assets of 300 million RMB. It has more than 800 workers, among them, more than 300 technical persons in all profession.

The company is the national high-tech enterprise. The main products are more than 2000 series, within four categories: Brake Linings, Brake Pads, Brake Shoes Assembles and Air Disc Brake. The company has formed the annual capacity of 40,000 tons of non-asbestos brake linings, 5million sets of brake pads, 1 million sets of brake shoe assembles and 200,000 pieces of air disc brakes.

The company technical center is the national-recognized enterprise technology center. Its own developed Long Zhong brand products are named as Chinese sold-well products, Chinese quality trusted products. It has got the following designation successively: the consumers prized corporation for good quality in China, one of the top 3 Excellent Synthetic Enterprise in Chinese Friction Material Trade; excellent supplier of Dong Feng Dana company, First Automobile and China Heavy Auto company. It has passed through the international quality certificate IATF 16949:2016, as well as the European ECE-R90 certification.

The products successfully enter into the European market and are fitted with many famous axle companies. The company fits with more than 20 main machine factories in the whole country, such as: Dong Feng Dana, Chinese First Automobile, China Heavy Auto, FuTian, Jianghuai, Liu Auto, Shan Auto and so on, which is the largest OEM supplier for brake linings in the whole country. Its products are sold well to Europe and America, Southeast Asia, Middle-east and others, more than 10 countries and regions. The company becomes the only Chinese manufacture of trailers and trucks in European OE market.

Development history of Hubei Feilong

Hubei Feilong Friction & Sealing Materials Co., Ltd. (hereinafter referred to as "Feilong"), formerly known as Hubei asbestos products factory, is constructed by the former National Ministry of Building Materials.

In January 1970, Guanghua asbestos products factory removed from Laohekou to Zaoyang and renamed the Ministry of Building Materials Industry Dongfeng asbestos products factory. And In April 1970, it started to build the workshops.

In August 1973, the name was changed to be: Hubei Zaoyang asbestos products factory.

In September 1970, it successfully developed the first "clutch double-sided grinding machine" in the national asbestos products industry.

In November 1978, the Hubei Provincial Bureau of Building Materials formally notified in the hubei leather materials(78) No. 367 file, that it renamed "Hubei asbestos products factory."

In November 1978, the Hubei Provincial Bureau of Building Materials formally notified in the hubei leather materials(78) No. 367 file, that it renamed "Hubei asbestos products factory."

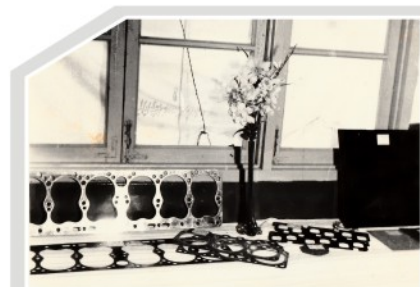

In January 1986, it manufactured the first set of "Efficient dual-mode pressing friction plates" in asbestos products industry.

On January 1, 1993, it changed its name to be: Hubei friction & sealing materials factory.

On February 24, 1998, it changed its name to be: Hubei Feilong Friction & Sealing Materials Co., Ltd.

On April 26, 2004, Hubei Jinlan Group wholly acquired the state-owned enterprise and officially changed its name to be: Hubei Feilong Friction & Sealing Materials Co., Ltd.

On October 24, 2005, the company realized the zero breakthrough of exporting.

On June 14, 2006, LONG ZHONG Brand was named as well-known trademark.

In 2010 the company entered into the European OE market and supplied to many OE customers in Germany, Italy etc.

On September 7, 2011, the company became one of the top 4 excellent enterprise of the 2006-2010 annual Chinese friction material industry top 20 excellent enterprises, which was evaluated by the China Association of friction materials.

In December 2013, the National Development and Reform Commission, the State Science and Technology Ministry, the Ministry of Finance, the State General Administration of Customs and the State Administration of Taxation issued Notice No. 41 of 2013, identified Hubei Feilong Technology Center as the state enterprises Technology Center.

In July 2014, The project "Research of light mineral filler reinforced composite friction material" won the first prize of 2014 Hubei "Zhongxia cup" technical innovation award in building materials industry; the third prize of 2014 national "Keda cup" technical innovation award and technical development award in building materials industry, which was held by China Building Materials Federation and China Metallurgical machine building materials trade union national committee; The project "Automatic powder packaging machine" won the third prize of 2014 Hubei "Zhongxia Cup" technical innovation award in building materials industry.

On April 22, 2015, the company became one of the top 3 of the top 20 excellent enterprises in China friction materials industry; "2010-2014 annual Chinese friction material industry"; "the 2010-2014 annual advanced technical innovation company in China friction sealing materials industry."

国内市场

Domestic Market

公司在北京、上海、广州等地设有三十多个销售办事处，产品与东风德纳、一汽、重汽、福田、江淮、陕汽、柳工等国内二十多个知名装车厂配套。

The company sets up more than 30 sales offices in Beijing, Shanghai, Guangzhou etc. The products are fitted with more than 20 main machine factories in the whole country, such as: Dong Feng Dana, Chinese First Automobile, China Heavy Auto, FuTian, Jianghuai, Liu Auto, Shan Auto and so on.

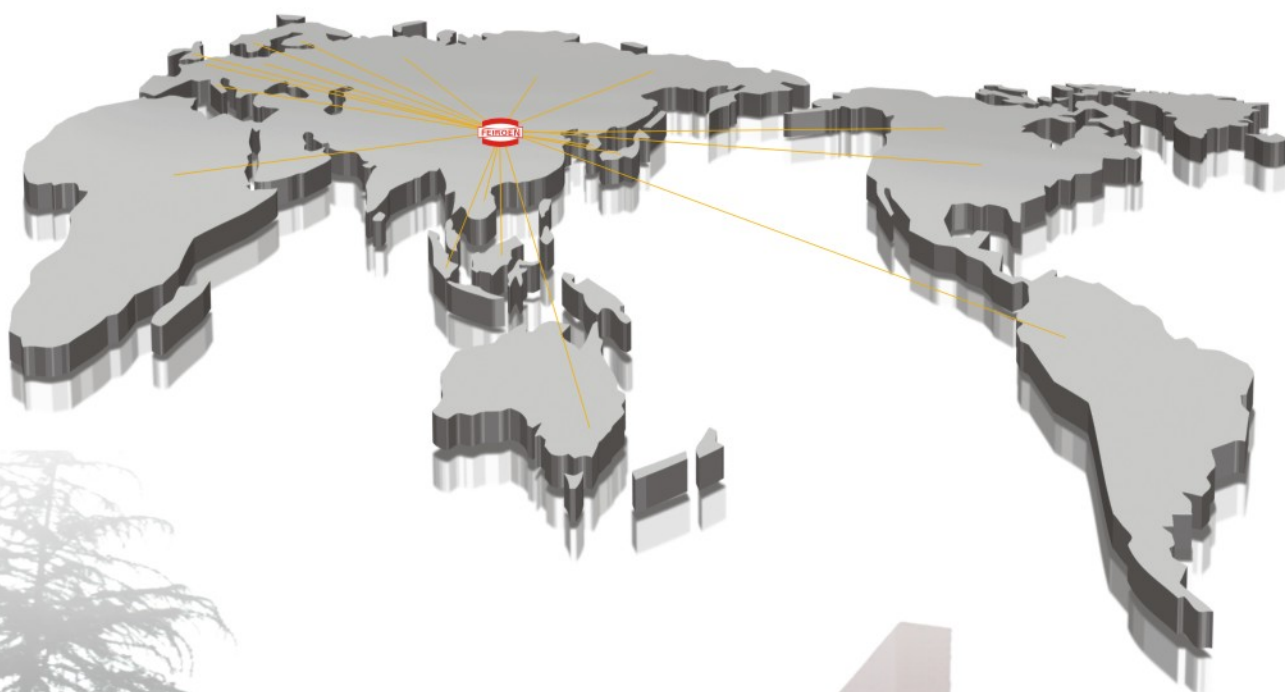

国际市场

International Market

公司产品与欧洲多家公司配套，畅销欧美、中东、东南亚等十几个国家和地区。

The company fits with many European main machine factories. Its products are sold well to Europe and America, Southeast Asia, Middle-east, more than 10 countries and regions.
