Established in 1997 by Mr. Rajesh Mathuria, Shakti is a key manufacturer of Asbestos Free Automotive and Industrial Friction Material including Clutch Facings and Brake Linings. Incorporated by acquiring technical know-how, from Brake Linings Ltd., a Public Company, a pioneer in manufacturing of Friction products.

It is backed by extremely experienced directors with more than 40 years of expertise in the Friction Industry. The team is a pool of Young, Energetic and Talented Stars who understand the Market Dynamic very well and possess capabilities to adapt to same very quickly.

KEY MILESTONES

Our continued efforts have shown results in form of consistent growth despite the ever challenging geo political scenarios.

We have officially tied up with Indian Institute of Technology, Delhi to further enhance our Research, Development and Validation Capabilities. The Association has now successfully developed a Novel Technology for the manufacturing of Eco Friendly Clutch Facings which is commensurate with our mission of Sustainability by further reducing the Carbon Footprint.

OUR PRODUCTS

We manufacture our friction products by using Special Glass Dreff Yarn knitted with Copper wires

Our product has a stable medium co-efficient of friction with good fade stability, high wear resistance, good comfort performance, and smooth pick-up characteristics with minimum wear.

Our product does not have any judder and capable enough to dissipate maximum heat generated during the operation. It is also noise free while in operation.

Our products are used in diverse applications such as Passenger Cars, Light Commercial Vehicles, Heavy Commercial Vehicles, Buses, Tractors etc.
