Unique Service #CATALYST SMART

- ➔ Over the decade Catalyst has been a step forward to provide an upper-hand solution to our clients, hence we have come up with CATALYST SMART.
- ➔ With the increase in demand, the requirement to develop new vendors becomes essential, But maintaining several vendors is a taste! Catalyst resolves it for you, with one source solution profile.
- ➔ Instead of handling multiple vendors; Catalyst will work for you and become your one-window solution.
- ➔ With Catalyst smart even a small team can give excellent output as supply chain persons can get more time to focus on core projects.
- ➔ Timely coordination and completion of the project as per your requirement, with no multiple actions.

-  Excessive hassle with vendor management
-  Supplier selection and Auditing.
-  Challenging supply chain management
-  Rejection due to quality issues & missing stocks

-  Huge workforce deployment
-  Quality controls & failure analysis
-  High inventory carrying costs
-  Hassle of multiple payment terms & incoterms
-  Paying for multiple transactions.

Unique Service #CATALYST SMART

Strategic locations

Our business locations are chosen using a well-defined plan for identifying the exact location for fulfilling its objectives and requirements.

New Delhi
Sourcing Office

Rajkot

Known as the Agriculture equipment export hub.
(Near-Mundra Port)

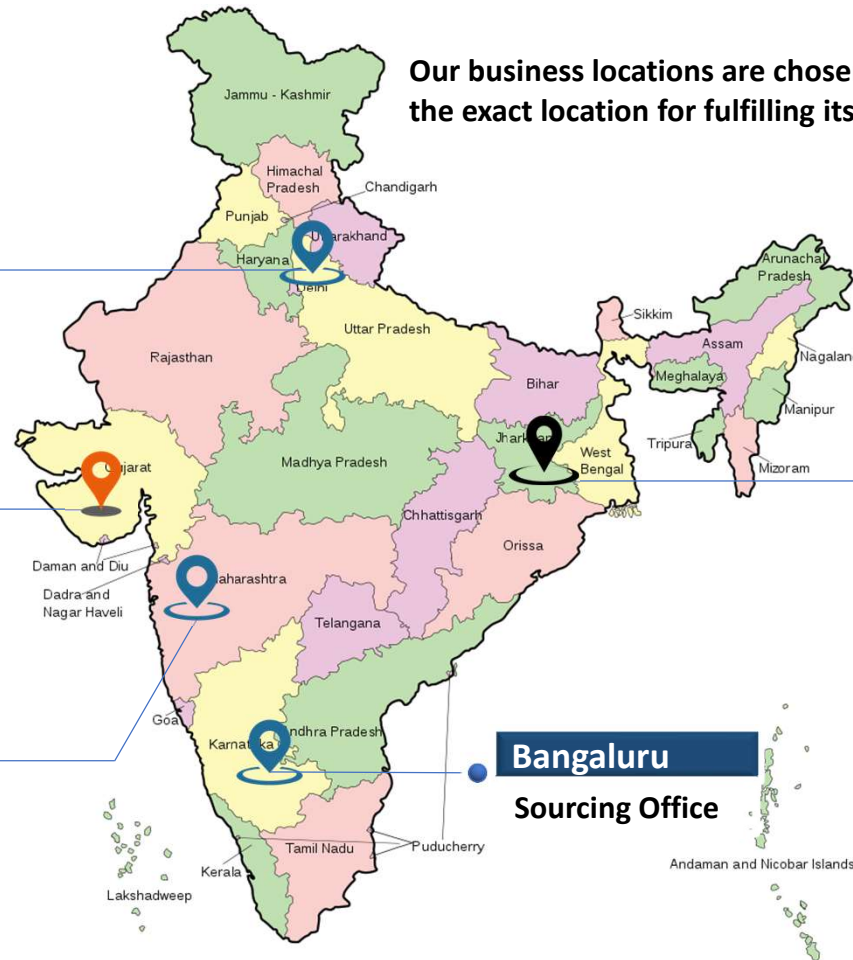

Pune

Known as an Automobile hub.
(Near-Nhava Sheva Port & Bombay Air Cargo)

Bangaluru
Sourcing Office

Jamshedpur

Known as the biggest Iron & Steel producing city..
(Near-Calcutta sea & Airport)

The strategic location of our company gives us an upper hand in sea as well as air transportation because we are very close to the ports.

Manufacturing Set up

Catalyst sourcing has two manufacturing set-up which is located in Rajkot and Pune (A sister concern)

The manufacturing unit in both locations are having expertise in machine components & small sheet metal parts, Catalyst is having all the required machine & infrastructure setup, like- Lathe machine, CNC Turning, VMC, Drilling, Welding Machine, and Press Machines up to 50 Tons.

Components

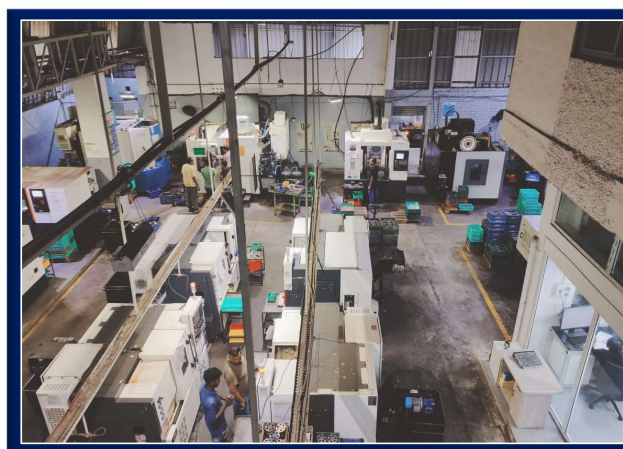

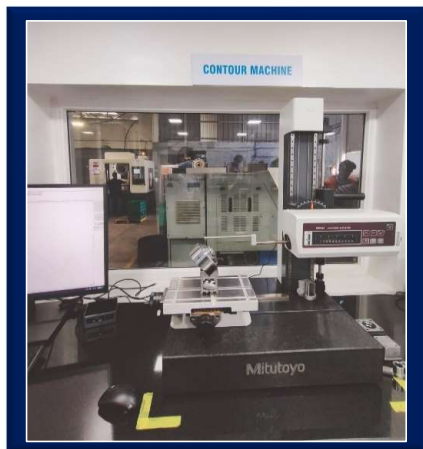

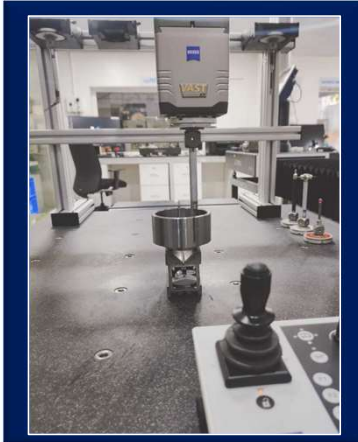

- Casting
- Forging
- Machined parts
- Small sheet metals
- Customized fasteners
